Subject: Denver Analyst - Babel X Training

Good Morning,

Happy Thanksgiving Eve. It appears that one of the analysts that was assigned a pilot account in June 2018 is now completing their online training. The analyst, (b)(6); (b)(7)(C), was originally part of the pilot in June 2018, but did not complete training then. As of yesterday she has now logged in to Babel University and is completing training.

At the moment, I do not believe I have a record of you requesting an account for her. Would you like us to assign her one of the open Babel X accounts once she completes training or would you like me to redirect her to you so that she can be added to the waiting list for an account? I realize you need to prioritize the account distribution and I do not want to assign her an account if it was slated for another user.

Please let me know how you'd like us to proceed.

V/r,

Title: Intel Meeting with CIO, Babel Street Training at SAC Miami	
Dates: January 7, 2020	Time: 9 AM EST
Location: HSI Miami	
Purpose: Babel Street onsite training and Site Visit	

Attendance and Distribution

Name	Office	
(b)(6); (b)(7)(C)	CIO	L
	Group Supervisor	P
	Group Supervisor	P
	Intel/ESD	P
	Intel/TIPMS	P
	Intel/TIPMS	P
	Babel Street	P

P - Present; T - Present via teleconference; A - Absent; L - Limited attendance; D - Distribution only

Agenda Discussions Topics

Item #	Agenda Items/Topics
1	Meet and Greet with CIO (9am)
2	Babel Street Onsite Training (10am)
3	Meet with Analysts.

Topics of Discussion:

Meet and Greet with CIO:

- SIP Snapshot Profile
- FY20 Goals & Initiatives
- Software Requirements

(b)(7)(E)

(b)(7)(E)

- Q&A

Babel Street Onsite Training:

- Babel Street Policies, Procedures, and New Features/Data Sources
- Babel Street Research Tab – Including Locate X
- Babel Street Data Streams and Filters – Tips & Tricks
- Useful Features for Special Events & Command Post
 - Use Case to Discuss: Special Event - Super Bowl

Meeting Notes:

(b)(7)(E) ESD Partner Engagement Team Desk Officer (b)(6), (b)(7)(C) along with TIPMS Program Managers (b)(6), (b)(7)(C) met with HSI SAC Miami Group Supervisors (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C) on January 7, 2020. Group Supervisors (b)(6), (b)(7)(C) stated that SIP Miami currently has (b)(7)(E) Criminal Analysts including the CIO and (b)(7)(E) GSs; plus (b)(7)(E) National Guard Criminal Analysts (b)(7)(E)

We discussed the SIP Profile Snapshot requirements and it's use. Desk Officer explained how it will provide management with an overview of current needs and ops of the SIP before any future outreach efforts.

GS (b)(6), (b)(7)(C) explained that one of the current challenges faced by SIP Miami is that they have lost access to certain CBP tools as they have established certain new limitations. CIO (b)(7)(E) stated the current investigative priorities of the office are Drug Trafficking, Financial and Terrorism. A draft HSI Intel Database Access guide was provided to GS (b)(7)(E) for review and comment.

(b)(5), (b)(7)(E)

[Large redacted area]

Training for Babel X and Locate X was held in the HSI Miami Command Center for approximately (b)(7)(E) analysts. (b)(7)(E)

(b)(7)(E)

Intel leadership in Miami requested additional licenses for SILO, Babel X and Locate X. Specialized cyber tools were also requested for the sole cyber analyst in the office.

Action Items

Item #	Description	Assignee	Due
1.	SILO account request: 1- DW and 2 Standard TB	(b)(6); (b)(7)(C)	1/10/2020
2.	Babel X accounts (b)(7)(E)		1/10/2020
3.	CrossLink license for new Cyber Specialist		TBD
4.	Tools access spreadsheet		1/10/2020
5.	HSI Intel Database Access Guide		1/9/2020
6.	0132 9/11 direct hire vacancies amount		1/17/2020

Subject: FW: Babel X License

Hi (b)(6); (b)(7)(C)

Thank you for reaching out tonight. I am so happy to hear you are jumping in to the platform already. As of right now you have access to Babel X, but not Locate X. Your program managers, (b)(6); (b)(7)(C) and (b)(6); (b)(7)(C) (cc'd above) handle the internal assignments/requests for licenses. I've included them on this email in case you would like to request Locate X access as well.

Please let me know if you have any other questions or if there's anything else I can do to assist.

Subject: Field Office Visits

Hi

It was great seeing all of you last week! As promise, please see below for our tentative plan for our field office visits this year.

- Miami
- El Paso
- Washington, DC
- NYC
- Chicago
- Baltimore
- Boston
- Los Angeles
- San Diego
- San Francisco
- Dallas
- Denver
- New Orleans

I know you mentioned that you already have a list of the offices that you plan to visit this year as well. Are there any offices on our list that you would say are a top priority or that we are missing? Our list is flexible, so we are happy to work with your team to make sure we are visiting the offices that you deem as a priority.

V/r,

(b)(6); (b)(7)(C)

"Too Easy"

**U.S. Immigration
and Customs
Enforcement**

BRAND NAME EXCEPTION TO FAIR OPPORTUNITY

Pursuant to the requirements of Federal Acquisition Regulation (FAR) Subparts 16.505(a)(4). The following facts and rationale provide justification for use of this authority as an exemption to fair opportunity.

1. Agency and Contracting Activity

Department of Homeland Security (DHS)
Immigration and Customs Enforcement (ICE)
Office of Acquisition Management (OAQ)
7701 N. Stemmons Freeway, (b)(6); (b)(7)(C)
Dallas, TX 75247

2. Nature and/or Description of the Action Being Approved

The DHS/ICE, Homeland Security Investigations (HIS), Office of Intelligence (INTEL) has a requirement on a brand name basis to purchase Babel Street X. Due to the rapid changes in technology and the need to remain diligent, ICE seeks to provide a new and improved means of combatting the challenges that face our Law Enforcers and Intelligence Analysts. In order to identify, track, investigate and apprehend criminal entities, the ICE Office of Intelligence must actively remain engaged with innovated technical and systematic approached for protecting our Homeland and advancing ICE's mission.

(b)(7)(E)

3. Description of Supplies / Services

The Babel Street web-based application, Babel X, is a multi-lingual, geo-enabled, text-analytics software as a service (SaaS) solution. The Babel X platform facilitates real-time decision making by persistently collecting and analyzing publicly and commercially available, web-based data sources through advanced statistical, linguistic, and crowd sourcing techniques.

Babel Street, Inc. is the sole provider of updates and maintenance to the web-based application. The service is completely web based and does not require ICE/CIO

installation or hardware purchases. It has been approved by the CIO ITSR Board and the HSI IT Portfolio Board for acquisition.

This requirement is to provide ICE with a twelve (12) month base year and one (1) twelve (12) month option year of Babel Street X service.

Item	U/I	Base	Option	Total
Babel X Subscription	(b)(4); (b)(7)(E)			
Active Filters				
Option CLIN Babel X				
Option CLIN Active Filters				
Grand Total				

All pricing is firm fixed priced.

4. Identification and Supporting Rationale for Exception to Fair Opportunity

The statutory authority permitting other than full and open competition is 41 U.S.C. §3304 as implemented by:

- FAR Subsection 6.302-1: Only one responsible source and no other supplies or services will satisfy agency requirements.
- 6.302-2: Unusual and compelling urgency.
- 6.302-3: Industrial mobilization; engineering, development, or research capability; or expert services.
- 6.302-4: International agreement.
- 6.302-5: Authorized or required by statute.
- 6.302-6: National security.
- 6.302-7: Public interest.
- 16.505(a)(4): Brand Name.

5. Demonstration that the nature of the acquisition requires use of the authority cited

This procurement is being conducted under the authority of FAR Subpart 16.505(a)(4). The circumstances restricting competition for this procurement is that only an item particular to one manufacturer is capable of providing the required supplies and services.

The complexity of ICE's mission requires INTEL (b)(7)(E) (b)(7)(E) in doing so, INTEL has a responsibility to the public, capitalizing on those tools found to yield positive results in furtherance of ICE's mission.

(b)(7)(E)

(b)(7)(E)

(b)(7)(E)

(b)(7)(E)

Babel Street does not require hardware or middleware. Babel Street operates entirely on the host server via access to the proprietary site through the ICE firewall. No installation of software is needed. Babel Street is web-based, and no data will reside within IRMnet.

Existing Enterprise Licensing for this software is not available to ICE through DHS. Market research shows this basic software license is only available from the vendor and authorized resellers.

6. Description of efforts made to ensure that offers are solicited from as many potential sources as is practicable

In accordance with The Freedom of Information Act (FOIA) 5 U.S.C. § 552, there are nine exemptions to the public release of information. This requirement is considered law enforcement sensitive and is covered under exemption number 7, records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information (F) could reasonably be expected to endanger the life or physical safety of any individual.

OAQ intends to publicize this requirement, **prior to award**, as required by subpart 5.2 by posting a notice on FedBizOpps on _____ (*insert month/day/year*).

OAQ does not intend to publicize this requirement, **prior to award**, based on the following 5.202(a) exception: [See FAR 5.202(a) and select one of the 14 exceptions allowed for not publicizing on www.fbo.gov].

IAW FAR part 5.202(a)(1) The synopsis cannot be worded to preclude disclosure of an agency's needs and such disclosure would compromise the national security; and FAR part 5.202(a)(6) The proposed contract action is an order placed under subpart 16.5. When the order contains brand-name specifications.

7. Determination by the contracting officer that the anticipated cost to the Government will be fair and reasonable.

The Contracting Officer anticipates the cost to procure Babel X licenses from Babel Street or one of its authorized First Source II distributors will be considered fair and reasonable. ICE has previously procured Babel X licenses and has an extensive acquisition history, including historical pricing data for the required licenses.

8. Description of market research.

To never limit competition, ICE INTEL regularly seeks out, test and procure new and improved technologies that has the capability of advancing ICE's mission. As a result, ICE INTEL conducts extensive market research to identify vendors that can provide services in support of ICE's mission. ICE INTEL priorities as it relates to systems (b)(7)(E) remain vigilant in support of ICE's analyst and agents in their pursuit of fulfilling ICE's mission and to eliminate duplication of efforts between systems by ensuring no two systems produce the same exact data. Babel Street's unique feature (b)(7)(E) (b)(7)(E) (b)(7)(E) makes this proprietary system and extremely valuable asset in support of ICE's mission.

Babel Street	Go360	CLEAR	D&B	Traffic Jam	Venntel Analytics	Adaptive Semantics	Heliod
(b)(7)(E)							

The research listed below breaks down the different types of systems that ICE INTEL has tested, in an attempt to achieve and gain leverage over the vast amount of data available and in

circulation to identify threats against the United States, to include weeding out duplication of efforts between system:

(b)(7)(E)

(b)(7)(E)

(b)(7)(E)

9. Any other facts supporting the use of other than full and open competition.

Not applicable.

10. A listing of the sources, if any that expressed, in writing, an interest in the acquisition.

Not applicable.

11. A statement of the actions, if any, the agency may take to remove or overcome any barriers to competition before any subsequent acquisition for supplies or services required.

Not applicable

After award of this action, DHS does intend /does not intend to post the approved/signed justification pursuant to 6.305.

12. Contracting Officer's Certification.

I certify that the data supporting the recommended use of other than full and open competition is accurate and complete to the best of my knowledge and belief.

Contracting Officer

Date

13. Technical/Requirements Personnel Certification.

I certify this requirement meets the Government's minimum need and that the supporting data, which forms a basis for this justification, is complete and accurate.

Law Enforcement Sensitive Memo
BABEL STREET
Subscription Service

In accordance with The Freedom of Information Act (FOIA) 5 U.S.C. § 552, there are nine exemptions to the public release of information. This requirement is considered law enforcement sensitive and is covered under exemption number 7, records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information (F) could reasonably be expected to endanger the life or physical safety of any individual.

The HSI Office of Intelligence has a mission critical & Law Enforcement Sensitive requirement to procure subscription service from Babel Street Inc. The proposed contract will be for 1, 12-month base period and 1, 12-month option period to which Babel Street Inc. will provide access to their proprietary software.

The data obtained through Babel Street Inc. proprietary records database is necessary for ICE INTEL to fulfill its mission of conducting criminal investigations that protect the United States against terrorists and criminal organizations that threaten our safety and national security; to combat transnational criminal enterprises that seek to exploit America's legitimate trade, travel, and financial systems; and to uphold and enforce U.S. customs and immigration laws at and beyond our nation's borders.

The Babel Street's program enables ICE INTEL to effectively (b)(7)(E)

(b)(7)(E)

(b)(7)(E)

By nature; this procurement is **Law Enforcement Sensitive**.

Hi (b)(6); (b)(7)(C) and thank you both so much for facilitating this training.

I think our office is a great location (b)(6); (b)(7)(C) I just want to work out a couple of details with our staff and then I'll be able to narrow down the time of day, a little bit better in the next coming days.

We are so appreciative of your willingness to assist and look forward to meeting with you.

Have a great Holiday!!!😊

Hi (b)(6); (b)(7)(C)

Thank you so much for your help with this. We will definitely keep you in the loop.

(b)(6); (b)(7)(C)

It is great to speak with you again. I am looking forward to meeting with your team. As I mentioned in my email below, as far as logistics go do you have a preferred time and address for me to meet with the team? I am available in the morning or afternoon to meet. I know the office is extremely busy so I want to be cognizant of not taking up too much of their time. Please let me know what works best for you.

Good Morning,

That is wonderful news – I look forward to meeting with the users on January 7, 2020. As far as logistics go do you have a preferred time and address for me to meet with the team? I am available in the morning or afternoon to meet. I know the office is extremely busy so I want to be cognizant of not taking up too much of their time. If you prefer I can coordinate directly with (b)(6); (b)(7)(C) as well.

Looking forward to the training.

Best,

(b)(6); (b)(7)(C)

Hi (b)(6); (b)(7)(C)

I just tried to give you a call and left a voicemail. As I mentioned in the voicemail, I have the agenda items available to share with the Miami office. The training plans have slightly changed that week, but I will still be in the area and would love to offer to visit the analyst in the Miami office on Tuesday, January 6, 2020, to share some of these topics. I was thinking this might actually work better for the team, me coming to them, (b)(7)(E)

Please see below for some of the agenda items we have to share:

- Babel Street Policies, Procedures, and New Features/Data Sources
- Babel Street Research Tab – Including LX
- Babel Street Data Streams and Filters – Tips & Tricks
- Useful Features for Special Events & Command Post
 - (b)(7)(E)

If the team has anything specific they'd like me to discuss I am happy to do that as well. Ultimately, I'd love to be able to meet with some of the users, share some useful tips & tricks, and answer any questions they might have. Also, would you like me to send this directly to (b)(6); (b)(7)(C) to coordinate further/discuss? Please let me know your thoughts.

I apologize for my delay in getting this over to you. Thank you so much for your patience.

On Mon, 25 Nov, 2019 at 8:44 AM , Babel Street Help Desk <helpdesk@babelstreet.com> wrote:

Hello,

Welcome to Babel University®!

In order to receive your personal login credentials for Babel Street's platform, Babel X®, users need to attend the Babel Basics training.

Babel Basics consists of seven self-paced modules which give you an overview of Babel X and its core concepts. The modules include instructional videos, demonstrations, hands-on exercises, and quizzes to check your understanding. The Babel Basics course in full takes approximately 6-7 hours to complete and is available inside of Babel University.

To complete Babel Basics you will need your Babel University login, credentials to the Training Environment for exercises, and the course workbook (download from within Babel U, instructions within the course).

1. Please begin by logging into Babel University with the link and username provided below. The Babel Basics training will simply appear on the home screen of Babel University and will be ready for you to begin upon your first login!

Babel University Login

Link: <https://babelstreet.litmos.com>

Username: (b)(6); (b)(7)(C)

Password: (b)(6); (b)(7)(C)

2. During the course, each module will explain how and when to use the workbook (which can be downloaded from within Babel U, there are instructions in the course) and the training exercise user listed below.

Training Environment Exercise User:

Link: <https://training.babelstreet.com>

Username: (b)(6); (b)(7)(C)

Password: (b)(6); (b)(7)(C)

If you have any questions, please reach out to training@babelstreet.com.

Kind Regards,

(b)(6); (b)(7)(C)

Hi (b)(6);
(b)(7)(C)

It was great talking to you on the phone. As promised, I am sending the account credentials for your admin account. This will allow you to login and view the user stats/usage as well.

Login credentials:

Username: (b)(6); (b)(7)(C)
PW: (b)(6); (b)(7)(C)

Additionally, I was talking to one of our other Babel program managers who works with a large account similar to yours. If you are interested, we'd be happy to sit down with you and work through best practices moving forward to ensure the best approach to manage/allocate accounts as you continue to grow. Please let me know your thoughts. We are happy to come meet in your office if you'd like.

As always, please let me know if you have any questions.

Thank you,

(b)(6); (b)(7)(C)
Good morning,

It was great meeting with you and (b)(6); (b)(7)(C) this week. I wanted to let you know that I was able to get an admin account set up for you in Babel X. I am more than happy to continue to run the monthly usage reports for you at the end of each month, but if you'd like access you now have that option as well. Here are the login credentials:

Username: (b)(6); (b)(7)(C)
PW: (b)(6); (b)(7)(C)

Please let me know if you have any questions or would like to hop on a quick call for me to walk you through the admin tab in Babel X.

Additionally, I was wondering if you'd like to schedule an all user online meeting (WebEx) for the first of the year? I was thinking it would be a good opportunity to get all of the users together and do a mini demo, training, refresher, Q & A etc. I am happy to arrange it any way you think would be best. Please let me know your thoughts.

As always, I am here if you need anything else.

Hope the rest of your week is going well!

Talk soon,

(b)(6); (b)(7)(C)

Hi (b)(6); (b)(7)(C)

Have you had a chance to get the usage report from Venntel ? This is something that is needed in order to address the account request and allocations. If you could please have a usage report to us by COB.

Thanks in advance,

Subject: Re: [External] Account usage report
Attachments: Full Usernames and Account Usage_Jan2020.xls

Good Morning (b)(6); (b)(7)(C)

Thank you again for reaching out. I double checked our stats and the spreadsheet and believe I can explain most of the discrepancies.

In the past, as accounts were transferred and new users were assigned online training, I attempted to assign that specific username to the new user. However, a new user is not actually assigned the username (or receive the Babel X login credentials) until they complete the training. This is why some of the users below have a tentative username assigned to them, but they have yet to complete training, which is why they don't appear in the usage report. They do, however, appear in the training report. I apologize for the confusion. I was trying to keep it organized by proactively assigning their usernames in our list. Yet as we continuously transferred accounts I found it was more simple to track the open accounts and assign the usernames as the users complete their training.

Please see below for an explanation for the users you highlighted.

Users mentioned who are listed as having accounts:

- (b)(6); (b)(7)(C) yet to complete training
- (b)(6); (b)(7)(C) yet to start training
- (b)(6); (b)(7)(C) – yet to complete training
- (b)(6); (b)(7)(C) – yet to complete training
- (b)(6); (b)(7)(C) – yet to start training
- (b)(6); (b)(7)(C) – yet to complete training
- (b)(6); (b)(7)(C) – yet to start training
- (b)(6); (b)(7)(C) – yet to start training
- (b)(6); (b)(7)(C) yet to complete training

Additional users mentioned:

- (b)(6); (b)(7)(C) – completed training on 11/8/19, but has yet to log in to Babel X
- (b)(6); (b)(7)(C) – yet to complete training
- (b)(6); (b)(7)(C) – yet to complete training

Users that I need to review further:

- (b)(6); (b)(7)(C) – At the moment I don't have a record of this user or see her in our system. I will dig further into this to see if it's something I have missed.
- (b)(6); (b)(7)(C) – Based on my records this user is still in training, but was not recorded in the spreadsheet. I will look into why this was missing on our end when we pulled the training stats.

I've attached an updated version of the spreadsheet. In this version I've highlighted the users who are still working through training. This list of users can be found in the "Training Stats" tab. Of note, per my

discussions with our training team, they explained that the training list is a master list of all users in your organization who were assigned training. This includes some of the users that were part of the pilot in 2018, yet are no longer users.

Please let me know if you have any questions or if you'd like to talk through this further. I am happy to hop on a phone call to discuss as well. In the meantime I will continue to look into the two abovementioned users that require further review.

Good morning (b)(6); (b)(7)(C)

I had a chance to review the Babel X usage report and I found a few discrepancies, I wanted to make sure our numbers are accurate on both sides.

These users we have listed as having accounts, but did not show up on your usage report:

Babel X

AOR Office	First Name	Last Name	Email	Training Completion	Username	Username	Last Login	Requested on:
Tampa	(b)(6); (b)(7)(C)			IN PROGRESS	training not complete	(b)(6); (b)(7)(C)		
PCN/ERO				NOT STARTED	training not complete			
Chicago				NOT STARTED	training not complete			
Nashville				IN PROGRESS	training not complete			11/15/2019
Buffalo								12/19/2019
Las Vegas					training not complete			
PCN/CIU								11/22/2019
Charlotte				IN PROGRESS	training not complete			
PCN				NOT STARTED	training not complete			
Tampa				NOT STARTED	training not complete			
PCN/Collections				IN PROGRESS	training not complete			

Users below had no update on training completed or last login

San Antonio	(b)(6); (b)(7)(C)	COMPLETED	current user	(b)(6); (b)(7)(C)	
Crystal City		IN PROGRESS	training not complete	(b)(7)(C)	
New Orleans			training not complete		

Thank you for taking the time to review the above,

(b)(6);

Subject: Re: [External] Account usage report

Hi (b)(6); (b)(7)(C)

Please see attached for the updated user and training stats. The spreadsheet is divided in to two tabs: the master list of users/usernames and training stats. The offices are updated to the best of my knowledge. I cleaned up the report in hopes to make it easier to highlight which accounts are still open/unassigned. Keeping in mind we still have several users in training, there are currently (b)(6); (b)(7)(C) unassigned usernames (Babel X accounts). (b)(7)(E)

Of note for the training stats, some of the LX users are still marked as "IN PROGRESS" in the training system although they completed the required LX training. This is because they have access to the same Babel University training that all Babel X users receive, however, they are not required to complete all of the training modules before receiving access to their LX accounts.

As I mentioned yesterday, we were having some issues with the system we use to pull training stats. I've included the stats I received this morning. If there are any updates or changes I will be sure to pass those along to you as well.

If you have any questions or would like to dive deeper in to the report I am happy to discuss further via phone call or in person.

Hi (b)(6); (b)(7)(C)

The team met today and were discussing account usage. Will you or your team be able to please pull an updated account usage report for LocateX and BabelX with the following :

Office location

Name

Email address

Training completed

Account usage or last login

We can wait until next week, I know it's the end of the day before a holiday weekend.

Thank you so much and have a great weekend.

Hello Sir,

It is my understanding that Babel Street X replaced Ventel. We are in the process of issuing out the (b)(7)(E) licenses to the CIOs that have requested Babel Street X.

Thank you.

Gents,

Anyone know if we still have a contract with Ventel (or whoever oversees the ventel tool)? Also, forgive my spelling if it's in fact venntel.

Thanks!

Subject: ICE and Venntel in the news

Trump administration has bought cell phone location data that maps the movements of millions of people in America and is using it for immigration and border enforcement

The Wall Street Journal reported on Friday that the government has been buying data from Venntel. Venntel ordinarily sells the information to advertisers, but the government has become one of its biggest clients.

Border patrol agents have used the data to track migrants' movements along the border. They have also used the information to help dismantle drug smuggling and human trafficking operations, according to unnamed officials.

Last year, the Supreme Court ruled that the government could no longer simply access information about people's location from the cell phone companies.

By buying it, they are using a commercial loophole to still gain the information.

The Trump administration has bought cell phone location data that maps the movements of millions of cellphones in America and is using it to monitor the border.

[The Wall Street Journal](#) revealed on Friday that the government has been buying access to information gathered by Venntel, a Virginia-based company.

Venntel buys it first from private marketing companies who buy it from apps which have been granted access to a person's location services on their phone. Then, it sells it on - mostly to advertisers - but also branches of government.

It gets the information from apps which people have allowed to access their locations.

The Journal cited unnamed government officials who said the government was buying the data like any other commercial customer, but was then using it to track migrants along the border.

Specifically, they have looked for patches of desert or land that would ordinarily be deserted to try to hone in on people sneaking into the country.

In some cases, it had led to arrests, the officials warned.

It was also what led federal agents to find a drug smuggling tunnel leading into a KFC in Arizona last year.

Officials claimed at the time that a routine traffic stop led them to make the arrest of the KFC's owner, Ivan Lopez.

The government last year spent \$1.1 million on three subscriptions including to one with Venntel.

Venntel bought the data from marketing companies and ordinarily, it sells it to advertisers.

The government, in essence, is no different to those customers, the officials said.

On its website, it says it 'supports our national interests through technological innovation, data reliability and proven results.

The website also says that Venntel says it offers defense-intelligence and national-security services.

The revelation that the government is buying the data is unsettling for those who celebrated a 2018 Supreme Court ruling that prevents officials from getting the data directly from the cell phone companies without a court ruling.

That ruling was based on the Carpenter vs United States case.

The Supreme Court ruled that the data revealed so much about the way Americans live their lives that it ought to be protected.

Critics say the act of buying the information rather than extracting it from the companies themselves is 'creepy' and encroaching on the privacy of millions.

'This is a classic situation where creeping commercial surveillance in the private sector is now bleeding directly over into government,' said Alan Butler, general counsel of the Electronic Privacy Information Center, said.

Neither the government nor Venntel would comment specifically on the purchasing of the data.

'While CBP is being provided access to location information, it is important to note that such information doesn't include cellular phone tower data, is not ingested in bulk and doesn't include the individual user's identity,' a spokesman said.

Subject: Items for this week
Importance: High

All,

We have a lot of moving parts going on with our section and I want to be sure nothing falls between the cracks. To that end, I will start a weekly check list of the items that I will need an update on prior to the end of each week. If you are planning on going on leave, I will need the updates prior to your departure. Please see the list of items below:

(b)(6);
(b)(7)(C)

- Tulsa BR submittal
- Update on the Long Beach Site visit
- Update on the Long Beach BR submittal
- Update on the El Paso site visit
- Update on the HSI NY projects
- Update on the OSA accreditation for Tech World
- Update on the HSI Tucson SVTC deployment
- Update on the JIOC wall

(b)(6);
(b)(7)(C)

- Update on Venntel
- Update on the VSP Paris COUSE
- Update on HSI Chicago
- Update on HSI Atlanta
- Update on HSI Tampa OSA SCIF conversion
- Update on any developments with the VSP program
- Update on HSI Mobile AI (relocation)

(b)(6);
(b)(7)(C)

- Future plans for MACE
- HSDN PKI training schedule
- HSDN site usage evaluation
- Silo license management and deployment plan

(b)(6);
(b)(7)(C)

- SVTC SOP update for the JIOC
- CMS deployment to HSI Houston
- Update on the VSP Paris COUSE

(b)(6);
(b)(7)(C)

Silo license management and deployment plan
Windows 10 deployment update
Update on HSI Atlanta site visit
Update on ROMs

Thank you.

Because we are 4 months into the contract here is the prorated cost:
locate x would cost about (b)(4) if you would like to purchase additional licenses for this period of performance.
Babel x would cost about (b)(4) for this period of performance.

Keep in mind that this pricing does not include the fix rate that has all of the filters included.

Hi (b)(6); (b)(7)(C)

Please see attached for the updated user and training stats. The spreadsheet is divided in to two tabs: the master list of users/usernames and training stats. The offices are updated to the best of my knowledge. I cleaned up the report in hopes to make it easier to highlight which accounts are still open/unassigned. Keeping in mind we still have several users in training, there are currently 30 unassigned usernames (Babel X accounts).

Of note for the training stats, some of the LX users are still marked as "IN PROGRESS" in the training system although they completed the required LX training. This is because they have access to the same Babel University training that all Babel X users receive, however, they are not required to complete all of the training modules before receiving access to their LX accounts.

As I mentioned yesterday, we were having some issues with the system we use to pull training stats. I've included the stats I received this morning. If there are any updates or changes I will be sure to pass those along to you as well.

If you have any questions or would like to dive deeper in to the report I am happy to discuss further via phone call or in person.

V/r,

Subject: [External] Account usage report

Hi (b)(6); (b)(7)(C)

The team met today and were discussing account usage. Will you or your team be able to please pull an updated account usage report for LocateX and BabelX with the following :

Office location

Name

Email address

Training completed

Account usage or last login

We can wait until next week, I know it's the end of the day before a holiday weekend.

Thank you so much and have a great weekend.

(b)(6); (b)(7)(C)

Hi (b)(6); (b)(7)(C)

We can certainly work on this for you and get it to the team. Some of the stats will need to be pulled manually, but I should be able to get you the data early next week.

Hope you have a wonderful long weekend.

Best,

(b)(6); (b)(7)(C)

Subject: [External] Account usage report

Hi (b)(6); (b)(7)(C)

The team met today and were discussing account usage. Will you or your team be able to please pull an updated account usage report for LocateX and BabelX with the following :

Office location

Name

Email address

Training completed

Account usage or last login

We can wait until next week, I know it's the end of the day before a holiday weekend.

Thank you so much and have a great weekend.

(b)(6);
(b)(7)(C)

To follow-up from yesterday's email, I spoke with our team regarding a quote and they reminded me that since you have a BPA for Locate X that you actually just need to place a call order against the BPA. You can internally go direct to either the Contracting Officer/Procurement with the additional request and they have the already established pricing. Hopefully this can help save you time as well since all of the paperwork is already established.

As you probably already know, the Contracting Officer for this BPA is (b)(6); (b)(7)(C) and our main POC for procurement is (b)(6); (b)(7)(C)

I've also cc'd our Sales Lead if you have any additional questions regarding the contract. Please let us know if there's anything else we can do to assist.

V/r,

Hi (b)(6); (b)(7)(C)

We can certainly resend their training credentials. Are the users simply looking for logins to the training platform? I am working to update the training/usage stats now and based on my records all but one of the below users have completed their Babel University training and have access to Babel X and Locate X. Would you like me to resend the training credentials to all of the users or just to (b)(6); (b)(7)(E)

Babel X:

(b)(6); (b)(7)(C) - username: (b)(6); (b)(7)(C) last login 2019-11-26T16:58:03.000Z
(b)(6); (b)(7)(C) - username: (b)(6); (b)(7)(C) last login 2019-12-20T21:14:39.000Z
(b)(6); (b)(7)(C) - training still in progress – sent training credentials on 11/25/19

Locate X:

(b)(6); (b)(7)(C) - username: (b)(6); (b)(7)(C) last login: 2020-01-13T19:34:36.000Z

Thank you,

Hi (b)(6); (b)(7)(C)

That is a great question. As of right now Locate X is not a standard in the Research tab. There are only a few Locate X licenses and at the moment all of those licenses have been allocated to other users. I am cc'ing your program managers at HQ who can assist if you'd like to inquire about obtaining Locate X as well.

If you have any other questions about the platform or would like to walk through any tips please don't hesitate to reach out.

Best,

Subject: Office of Intelligence Funding Request Guidance

Good Morning Southeast & Islands Region:

I've enclosed the proper format that IS USED TO REQUEST funding, equipment or personnel. Sample Funding Request Memo attached as well. Please reach out if you have any questions regarding the process.. May you all have a nice day!;

At the request of Patricia F. S. Cogswell, Assistant Director for Homeland Security Investigations, Office of Intelligence, the following message is being sent to all HSI-Intel, International Operations, and SAC Intelligence Program personnel. Please ensure this message is provided to all affected employees in your area of responsibility.

Homeland Security Investigations - Office of Intelligence Funding Request Guidance

Several offices have sought funding support from Homeland Security Investigations Office of Intelligence (HSI-Intel) over the last year for intelligence-related surge or other operational activities. This message is intended to provide guidance on the drafting and routing of memoranda to requesting funding from HSI-Intel to ensure: visibility for appropriate leadership and programmatic entities of the requests, ability to provide funding from more than one funding source when appropriate, and timely and effective funding for prioritized intelligence activities.

Guidelines:

- The routing to appear on the memorandum should be from the field office (Special Agent in Charge or Attaché), through their respective Assistant Directors (HSI Domestic Operations or HSI International Operations), for the Assistant Director of HSI-Intel;
- The Subject Line should indicate what type of intelligence activity the funding will support;
- The Background section should detail the intelligence activity, and how it will be utilized to support the HSI intelligence mission;
- The Funding section should specifically detail how the funding will be used, and how the items will assist the HSI intelligence mission;
- Contact information should be provided for the Chief Intelligence Officer or Attaché;
- The Recommendation section should propose requested amount be approved in support of the specified intelligence activity.

All memoranda requesting funding should be routed through existing channels, from SAC/Attaché offices to HSI Domestic Operations Managers and HSI International Desk Officers for processing. Once HSI Domestic Operations Managers received it they must send it to the ESD mailbox (b)(6), (b)(7)(C)

Subject: Re: [External] Locate X question

Hi (b)(6); (b)(7)(C)

That is a great question. I apologize for the confusion. At the moment your account is not permitted for Locate X. There are only a few Locate X accounts throughout your organization and all of them are currently assigned. I am looping in your program managers at HQ in case you'd like to be added to the waiting list for a Locate X account. Please let me know if you have any additional questions.

Hi All,

I apologize for the confusion. Just to clarify, the addendum is the same addendum that (b)(6); (b)(7)(C) has and this is *not* provided to users. The verbiage that the users receive is what is provided in the below email. However, this verbiage is located in the Babel X platform, not emailed to the users, and users will see the notification once they log in.

Again, I apologize for any confusion. Please let me know if you have any other questions.

Hi (b)(6), (b)(7)(C)

This verbiage is made available to the users in Babel X once they have completed their training and first log in to the platform. The users do not receive the addendum as well.

I will work now to get you a copy of the addendum.

Subject: Denver Analyst - Babel X Training

Good Morning,

Happy Thanksgiving Eve. It appears that one of the analysts that was assigned a pilot account in June 2018 is now completing their online training. The analyst, (b)(6); (b)(7)(C) was originally part of the pilot in June 2018, but did not complete training then. As of yesterday she has now logged in to Babel University and is completing training.

At the moment, I do not believe I have a record of you requesting an account for her. Would you like us to assign her one of the open Babel X accounts once she completes training or would you like me to redirect her to you so that she can be added to the waiting list for an account? I realize you need to prioritize the account distribution and I do not want to assign her an account if it was slated for another user.

Please let me know how you'd like us to proceed.

Good Morning,

Please see attached for the current user list. This list has ALL users to include: current users, previous users, users in training, and users that were part of the initial pilot (but not assigned an actual Babel X license). Please note that the account usernames listed for the users who have yet to complete training may change - we officially assign the Babel X credentials after the users complete their online training. I tried to populate the offices to the best of my knowledge as well.

I am cc'ing (b)(6), (b)(7)(C) one of my team members, who will be covering for me while I am out on leave. Please let us know if you have any questions or need any assistance.

Subject: Re: LX Accounts

Hi (b)(6); (b)(7)(C)

I hope all is well! I wanted to check-in and see how things are going. I there anything I can do to assist with on-boarding your new users? I am looking forward to getting all of the users up and active with Babel X and LX. Please let me know how I can help or if you have any questions.

Subject: LX Accounts

Hi (b)(6); (b)(7)(C)

(b)(7)(E)

Great talking with you this morning. To follow up, the (b)(6); (b)(7)(C) locate X users do not need to be current Babel X users. We will assign the new LX users training and then LX credentials once the training is completed. Those users will then have access to LX and the Research Tab within the Babel X platform. I've attached our tier breakdown which might help explain all of the capabilities they will be able to access. The LX accounts fall within what we call Tier 2: Babel Research.

(b)(6); (b)(7)(C)

(b)(6); (b)(7)(C) Please feel free to correct me if any of the above is incorrect.

Please let us know if you have any questions. Looking forward to getting your users on the platform!

V/r,

MARKET RESEARCH MEMORANDUM

TO: Contracting Officer/Specialist (I.E. CONTRACTING OFFICER/SPECIALIST)

FROM: HSI Intelligence, IESD (b)(6), (b)(7)(C)

SUBJECT: Geolocation Service

DATE: 6/11/2019

This memorandum is in accordance with Federal Acquisition Regulation (FAR) Part 10.000, which describes the policies and procedures for conducting market research to reach the most suitable approach to acquiring, distributing, and supporting supplies and services. This Part implements requirements of 41 U.S.C. 253a (a) (1), 41 U.S.C. 264b, and 10 U.S.C. 2377.

I. BACKGROUND

Homeland Security Investigations (HSI) Office of Intelligence (INTEL) has a responsibility for identifying and exploiting emerging data from traditional and non-traditional sources which can significantly enhance its's capability of furthering ICE's mission. (b)(7)(E)

(b)(7)(E)

d

HSI INTEL must remain diligent in seeking new and improved means of combatting the challenges that face our Law Enforcers and Intelligence Analysts for identifying, tracking, investigating and apprehending criminal entities. (b)(7)(E)

(b)(7)(E)

II. REQUIREMENT

This requirement is for access to global mobile location database via the web to support ICE users. The contractor will allow access to their host server through a subscription service which requires no ICE infrastructure changes.

This requirement is for:

Nomenclature	Agency	POP Start	POP End	Number Licenses
Geolocation Data Service	HSI, Office of Intelligence	9/30/2019	9/29/2024	(b)(7)(E)

1. (b)(7)(E)
2. The Government has a requirement that the location data has been analyzed, cleansed and validated.
3. (b)(7)(E)
4. The Government has a requirement for the data to be timestamped with latitude, longitude and horizontal accuracy.
5. (b)(7)(E)
6. The Government has a requirement that the database has the capability to save specified (b)(7)(E) searches for future analysis applications.
7. The Government has a requirement to that the database has the capability to save specified date ranges as a default.
8. (b)(7)(E)
9. The Government has a requirement for a minimum of (b)(7)(E) licenses with the ability to add additional licenses throughout the duration of the contract period to a maximum of (b)(7)(E) licenses.

10. The Government has a requirement to protect Personally Identifiable Information (PII) so the commercial location data sources must not contain PII and is provided with the permission of the individual.
11. The Government's has a requirement for training and technical phone support to maximize user efficiency in understanding and utilization of the database.
12. The Government also has a requirement for account management to include, but not limited to, the ability to transfer accounts upon government request, to ensure maximize usage of licenses.
13. (b)(7)(E)

III. DELIVERY/PERFORMANCE TIME

Need by date: 9/27/2019

Base Period of Performance (POP) dates: From 9/30/2019 To 9/29/2020

The total contract period of performance (POP) for this requirement is for one (1) base year and four (4) option years.

POP Type	POP Start Date	POP End Date
Base Year	9/30/2019	9/29/2020
Option Year1	9/30/2020	9/29/2021
Option Year2	9/30/2021	9/29/2022
Option Year3	9/30/2022	9/29/2023
Option Year4	9/30/2023	9/29/2024

Click the link to see if the need is "Urgent":

(b)(7)(E)

- No
 Yes (Urgent Justification Form Required)

IV. METHODOLOGY OF MARKET RESEARCH

The results of market research have determined that the Government's needs can be met by:

- Items of a type customarily available in the commercial marketplace;
- Items of a type customarily available in the commercial marketplace with modifications; or
- Items used exclusively for governmental purposes.

The following methods were utilized to conduct Market Research:

- FedBizOpps Sources Sought Synopsis (<https://www.fbo.gov/>)
- GSA/FSS (GSA Advantage)
https://www.gsaadvantage.gov/advantage/main/start_page.do
- Unicom (<http://www.unicor.gov/>)
- JWOD/AbilityOne (<http://www.abilityone.gov/>)
- SAM (<https://www.sam.gov/portal/public/SAM/>)
- Previous purchases of similar/identical items
- Internet
- Contacted SBA (<http://www.sba.gov/>)
- Firstsource II
- Other (**Please Explain**): MOD TO
- Other Strategic Source (BPA, IDIQ, etc.)

Ex:

Ex:

V. SUMMARY OF MARKET RESEARCH

ICE INTEL has conducted market research to review companies with the ability to provide commercial digital location data that fits within the parameters of the program’s acquisition requirements.

In August of 2018 ICE INTEL was only able to locate one vendor that possessed the ability to fulfill the program’s requirement. Since then, several other contractors were identified that may be able to support the requirements listed above. Previous market research included the following vendors whereas Venntel Inc. was found to be the sole contractor that provided geolocation services.

Vendor Name	GSA	Data Accessible via Web	PII Data Present	Delivery System	Accuracy	Timeliness	Verified Location
(b)(5)							

As a result of the requirement being Law Enforcement Sensitive (LES), ICE INTEL has been limited in the various types of vendor/contractor searches normally available. The different type of vehicles used to conduct marker research for geolocations service was:

(b)(5); (b)(7)(E)

Vendor Name	Vendor POC	Vendor Info	Estimated Cost	Comments
Venntel Inc	(b)(6); (b)(7)(C)			Incumbent
GeoComply				
Advan Research				

Corp				
Babel Street	(b)(6), (b)(7)(C)			

VI. SUPPORTING DOCUMENTATION

The following supporting documentation is attached:

- G-514
- Market Research Memo
- Privacy Request
- BWS/RRB Review
- Vendor Estimates
- SAM Verifications
- IGCE
- Urgent Justification Form
- ITSR Stamp
- Tech Ops Stamp
- Branding Approval Email
- Facilities Approval Email/GSA Letter
- DHS Form 511 – New Request for MFD (Multifunctional Device)
- JOFOC (Justification for Other than Full and Open Competition)
- Spec Sheet
- Other (***Please Explain***):

Hello (b)(6);
(b)(7)(C)

Please use the software requests link/form on our TIPMS SharePoint site. We will collect your request and provide you with an answer and a way forward. There is a drop down for requesting the software that you are requesting. Please see the link below and let me know if you have issues accessing it.

(b)(7)(E)

Thank you.

Subject: Vendor Questions from Vendor in response to RFQ

(b)(6); (b)(7)(C)

Attached is a list of questions from a vendor in response to the RFQ that was sent out. Please review, answer and return so I can send out to the vendors. Please try to complete this end of day on September 3.

Thanks.

Oh thank you, (b)(6); (b)(7)(C) So much!!

If I'm looking at this right, this is the contract. Could I also get a copy of the SOW?

Hey! Happy Tuesday! Trust your long weekend was splendid!
I was out last week – but am back and ready to roll – LOL!

Yes, looking for the Babel Street Locate X geolocation service contract and SOW!

Thank you, Sir!!

Stay warm out there!
😊

Hey (b)(6); (b)(7)(C) Happy Wednesday!

As requested, attached is a copy of the contract modification and Statement of Work for Forensic Logic COPLINK.

Funny enough, I was asked the reciprocal question for the Babel Street license. Can you return the favor and send me a copy of their contract and Statement of Work, too?

Thanks so much!
Don't work too hard!
