Dear Senate President Russell Pearce:

Our office, along with co-counsel the ACLU Immigrants' Rights Project, the National Immigration Law Center, the Mexican American Legal Defense and Education Fund, Asian Pacific American Legal Center, National Day Labor Organizing Network, National Association for the Advancement of Colored People, Roush McCracken Guerrero Miller & Ortega, and Munger, Tolles & Olson LLP, represents Plaintiffs in a lawsuit challenging the constitutionality of Arizona's Senate Bill 1070. Pursuant to Arizona's Public Records Law, A.R.S. § 39-121 *et seq.*, the ACLU of Arizona ("ACLU-AZ") hereby requests the right to examine and copy, or to be furnished with copies of, certain public records in your possession and the possession of the Arizona State Senate ("the Senate").

The ACLU-AZ is a non-profit civil rights organization, and these records are not sought for any commercial purpose. A.R.S. § 39-121.01(D)(1); *cf. Havania v. City of Tucson*, 128 Ariz. 135, 136 P.2d 332, 333 (Ariz. Ct. App. 1980) (agency may not charge non-commercial requestors for costs associated with searching for records); *cf. A.R.S. § 39-121.03(D)* ("Commercial purpose does not mean the use of a public record as evidence or as research for evidence in an action in any judicial or quasi-judicial body.") Nevertheless, we agree to reimburse you for reasonable costs associated with copying and postage for the requested information. If that amount will exceed \$50, please inform me of the amount requested for reimbursement *before you incur the costs*. We would appreciate CD or DVD copies of any electronic information. We also reserve the right to designate some or all of the records for copying after onsite inspection.

If your agency does not maintain the records requested, please advise us of the proper custodian's name and address.

We seek all records (in written, electronic, audio, video, CD-ROM or other format)

We seek the initial correspondence as well as any response, follow-up, or notation to the correspondence, whether or not it ultimately became the subject of a bill or proposed legislation:

- (a) The negative consequences or perceived negative consequences of immigration, including illegal immigration, from Mexico and/or Latin America to the U.S.;
- (b) The number of undocumented immigrants residing in Arizona or the rate of illegal immigration to Arizona;

- (f) The relationship between immigration, including illegal immigration, and any public health concerns;
- (g) The relationship between immigration from Mexico and/or Latin America and its impact on American culture or way of life, or any discussion of the lack of assimilation of any group of immigrants into American culture, including language assimilation;
- (h) Any correspondence, including e-mails or notes, which contain the terms “profiling,” “wetback,” “Mexican,” “Hispanic,” “Latino” or “1070”;
- (i) Any discussion of how law enforcement can determine if a person is unlawfully present or has committed a public offense that would make the person removable from the U.S.; and
- (j) Any discussion of whether Arizona law enforcement officers may consider the race, ethnicity, color, or descent of a person as a factor in whether or not he or she is unlawfully present in the U.S.

Request No. 2: All correspondence, including e-mails, between you and other elected officials, legislative personnel, law enforcement, or members of the public since January 1, 2006, and any papers and notes in your possession relating to or describing the following:

¹ *Griffis v. Subject: Records Request

As I indicated to you today by phone, your request of July 26, 2011 is by far the most massive records request the State Senate has ever received. The request involves over 4,000 e-mails. Each of these e-mails will require review by legal counsel to determine if they are subject to legislative or other privilege. Our standard copying cost for requested records is 30 cents per page. Please understand that the Senate has a very limited legal staff to review these documents and it will take many hours to do so. Under the circumstances, it would be very helpful if you could narrow or limit your request. If not we will comply as promptly as possible, but I estimate that it will take at least another 30 days to do so. Please call me at 602-926-4731 when you have decided how you wish to proceed.

Per ARS 39.121.03(2), please list any records withheld and the reasons. Of course we will not bear the cost for documents that are not provided. Subject: ENOUGH IS ENOUGH: WHAT DOES IT TAKE. (ALSO BELOW A SHORT LIST OF DEATHS, MAIMINGS, CRIME, AND SOME OF THE COST)

"If it be asked, what is the most sacred duty and the greatest source of our security in a Republic? The answer would be an inviolable respect for the Constitution and Laws" - Alexander Hamilton.

I ASK FOR YOUR SUPPORT TO ONCE AND FOR ALL ALLOW OUR POLICE OFFICERS TO ENFORCE OUR LAWS. I have an intro set in my office, come by and sign it Please.

WHY DO WE STRUGGLE WITH WHAT IS RIGHT? MY HEART IS BROKEN. Officer Shane Figueroa's Parents in-law live in my son's area and go to church with him (I have two boys in law enforcement, one with the Sheriff's Office and one son is a Gilbert Police Officer) We must work on legislation that I have introduced 4 years in a row to allow Police Officers to enforce our laws

(HCR2039 in 2008). Remove all sanctuary polices and allow officer to arrest those in this state in violation of federal law. Our citizens deserve no less, our law enforcement have the authority, and must allow them to do their job.

ENDORSEMENTS: Phoenix Law Enforcement Association (P.L.E.A.), Border Patrol, Arizona FOP, Arizona Highway Patrol Association, Maricopa County Deputies Maricopa County Republican Party, Arizona State Republican Party (both passed Resolutions unanimously to support this legislation), Sheriff Joe, Pinal Co. Sheriff Babeu, County Attorney Andrew Thomas, and according to the polls over 75% if Arizona Citizens.

My personal background in law enforcement has given me a unique and in-touch perspective with the needs and hazards experienced by rank-and-file police officers. I'm delighted to have PLEA's support and the Border Patrols support in eliminating all policies the restrict law enforcement from enforcing the law. Like me, PLEA understands the danger of ignoring illegal immigration. The burden of blind-eye police department policies and open-border philosophies were paid for with the lives of not only PLEA members, but other law enforcement personnel throughout our state. The danger clearly spread beyond law enforcement into our communities with more lives being lost. The quality of life in our state is being sacrificed for political correctness. PLEA, Border Patrol and I stand side by side for the rule of law.

MARK SPENCER President of P.L.E.A., "Mark my words another police officer will be killed as a result of Mayor Gordon's pretended revision of their policy on when you can ask and when you cannot ask on one's immigration status. ANOTHER POLICE OFFICER, HUSBAND, FATHER, AMERICAN KILLED BY AN ILLEGAL ALIEN. GOVERNMENT IS COMPLICIT IN THE DEATHS, MAIMINGS AND BILLIONS IN COST TO OUR CITIZENS.

Simply enforce our laws and you will see less crime, lower taxes, smaller class sizes, shorter lines in our emergency rooms and reduce deaths, murders, maimings, drugs, home invasions, car jackings, kidnappings, jobs taken from Americans, reduced wages, an ultimately save the taxpayer billions of dollars. We cannot afford to "NOT" enforce our laws. Attrition by Enforcement.

9/19/2011

THE "ONLY" LAW WE PUT CONDITIONS ON BEFORE A POLICE OFFICER CAN ENFORCE, THE ONLY CRIMINALS WE PROTECT BY POLICIES!!!!!!! NO OTHER CRIME OR CRIMINAL GETS THIS PROTECTION BY RESTRICTIVE POLICIES BY OUR ELECTED OFFICIALS.

Citizens have a constitutional right to expect the protection of federal laws which prohibit unauthorized activities by non-citizens and are denied equal protection law enforcement, police department or magistrate fails to enforce those laws.

I PLEDGE; TO WORK TO ELIMINATE ALL SANCTUARY POLICIES IN THIS STATE, THE RESULT WILL BE LESS CRIME, LOWER TAXES.

A misunderstanding of the relationship between federal criminal and immigration law causes one to believe being present in the U.S. in violation of immigration law is civil and "not a crime" and is clearly wrong. The enforcement role given to local government by the Constitution and the Congress is clear. Unsanctioned entry into the United States is a crime.

Assistant Attorney General Kobach explained that the inherent arrest authority of states arises from their pre-constitutional status as sovereign entities. The powers retained by the states at the time of ratification proceeded "not from the people of the United States, but from the people of the several states," and remain unchanged, except as they have been "abridged" by the Constitution. The authority of a state to arrest for violations of federal law is thus not delegated; but "inheres in the ability of one sovereign to accommodate the interests of another sovereign." This federalism-based analysis has a strong judicial pedigree.

Arizona is #1 in crime; we have become the home-invasion, car-jacking, identity-theft capitol of the world. Enough is enough. Just enforce our laws. Attrition by enforcement, it will work.

Law enforcement can no longer sit on the sidelines while our neighborhoods are invaded, our healthcare systems are over-run with illegals that have no means to pay and receive their healthcare at the expense of the taxpayers, our education system is imploded (over \$1 billion a year in just k-12 alone, jobs taken from Americans, wages suppressed, and the destruction of the rule of law.

In 2000 there were an estimated 600,000 illegal aliens in Arizona alone and that's a conservative estimate. Arizona voters are paying hundreds of millions of dollars each year for illegal aliens, providing medical care for them and subsidizing their living expenses and much more, then the crime that comes with the illegal alien invasion.

Gangs follow illegal aliens By Jon Ward THE WASHINGTON TIMES May 5, 2005.

Zogby poll: Americans fed up on illegal aliens 81% think local police should help feds.

The TIME report exposed a growing crime network. Now operating in 33 cities,

MS-13 gangs rob, kill, distribute drugs and run prostitution rings while being protected by sanctuary policies. Our Governor supports those "Hands Off" policies by our law enforcement. She vetoed a bill that made it clear they could and should assist in the enforcement of our immigration laws as

1996 federal law intended.

These cities with their sanctuary laws and the federal government are co-conspirators in that they won't

enforce the law. There are over 4,000 murder warrants out, just in the Border States, for people who've committed murder and fled to Mexico. You wonder how many more people have to die...

A landmark Supreme Court decision: In *Muehler v. Mena* the Court reinforced the clear intent of Congress in this matter, inquiring about an individual's immigration status can and should be a routine part of ascertaining information, no different than asking questions about one's name, or date and place of birth.

Aggrieved residents may sue in state or federal court to block unlawful municipal passive resistance policies (so called Sanctuary Policies), and may sue officials and employees in their official or private capacities for violations of their rights. Local government officials do not possess Eleventh Amendment immunity or qualified immunity when sued in their official for prospective injunctive or declaratory relief to end statutory and constitutional violations.

"Harboring" includes any conduct that tends to substantially help an alien to remain in the United States unlawfully. Criminal liability for harboring or sheltering could arise from acceptance of a Mexican *Matricula Consular* - which, presented without proper immigration documents, is prima facie evidence of illegal alien status - by a local government agency that, for example, provide housing or utility assistance, made referrals to a public or private job assistance program or detained *Matricula* presenters for violation of city ordinances and release them without verifying their immigration status with the U.S. Immigration and Customs Enforcement.

Sheriff Arpaio and the Maricopa County Sheriff's Office have a proven track record of enforcing our immigration laws and not caving in to political correctness.

I PERSONALLY WANT TO THANK SHERIFF JOE AND COUNTY ATTORNEY ANDREW THOMAS FOR HONORING THEIR OATH'S OF OFFICE, PUTTING AMERICA FIRST AND GOING AFTER ILLEGAL EMPLOYERS (HB2745 IT'S THE LAW) AND ARRESTING THOSE WHO ARE HERE ILLEGALLY; POLICE HAVE INHERENT AUTHORITY AS IF IT WERE WRITTEN INTO STATE STATUTE. ARIZONA WILL NO LONGER BE A SANCTUARY STATE FOR ILLEGAL ALIENS OR FOR ILLEGAL EMPLOYERS.

NO JOBS!! NO FREE STUFF!! NO SANCTUARY POLICIES!! NO MORE IGNORING THE DAMAGE, THE COST, THE CRIME, THE DEATHS, THE JOBS TAKEN, THE WAGES LOWERED, THE HEALTHCARE CRISIS, THE EDUCATIONAL IMPACT OF OVER 20% OF K - 12 ARE NON-ENGLISH SPEAKERS, AND MOST WILL LEAVE ON THEIR OWN. ENOUGH IS ENOUGH.

INSTEAD OF BLAMING THE FEDS CLEAN UP OUR ACT AND TAKE THE HANDCUFFS OFF FROM LAW ENFORCEMENT. WHEN ARE WE GOING TO DO OUR JOB????net

"This country has lost control of its borders. And no country can sustain that kind of position." - President Ronald Reagan

We are a nation of laws. We must have the courage - the fortitude - to enforce, with compassion but without apology, those laws that protect the integrity of our borders and the rights of our lawful citizens.

Another Police Officer killed a Sanctuary City. We must eliminate ALL sanctuary policies in this state and support our Law Enforcement and eliminate these illegal policies that prohibit a police officer from asking about one's legal status and allow them the discretion to arrest and book into Sheriff Joe's hotel

and hold for ICE.

8 USC Sec. 1644: ("No local ordinance, rule, or measure shall stop law enforcement officers from enforcement of this section") Referring to immigration violations.

. Citizens have a constitutional right to expect the protection of federal laws which prohibit unauthorized activities by non-citizens.

. A misunderstanding of the relationship between federal criminal and immigration law causes one to believe being present in the U.S. in violation of immigration law is civil and "not a crime" and is clearly wrong. The enforcement role given to local government by the Constitution and the Congress is clear. Unsanctioned entry into the United States is a crime.

. Inherent arrest authority of states arises from their pre-constitutional status as sovereign entities. The powers retained by the states at the time of ratification proceeded "not from the people of the United States, but from the people of the several states," and remain unchanged, except as they have been "abridged" by the Constitution. The authority of a state to arrest for violations of federal law is thus not delegated; but "inheres in the ability of one sovereign to accommodate the interests of another sovereign."

Theodore Roosevelt's: AMERICAN in 1907... " this is predicated upon the person's becoming in every facet an American, and nothing but an American...There can be no divided allegiance here. Any man who says he is an American, but something else also, isn't an American at all. We have room for but one flag, the American flag... We have room for but one language here, and that is the English language... and we have room for but one sole loyalty and that is a loyalty to the American people."

. 9,000 are killed "each" year at the hands of illegal aliens. 25 each day,

12 by stabbings and shootings and 13 by DUI and related crimes. This is from Congressional Homeland Security Report. (4 to 10 million illegals crossed into the U.S. last year alone) Investigations-Border-Report.pdf

Study: 1 million sex crimes by illegals; More than 100 sex offenders crossing border daily Deborah Schurman-Kauflin: Based on a one-year in-depth study, a researcher estimates there are about 240,000 illegal immigrant sex offenders in the United States who have had an average of four victims each.

Deborah Schurman-Kauflin of the Violent Crimes Institute in Atlanta analyzed 1,500 cases from January 1999 through April 2006 that included serial rapes, serial murders, sexual homicides and child molestation committed by illegal immigrants.

Most offenders were in states with the highest numbers of illegal immigrants. California had the most offenders, followed by Texas, Arizona, New Jersey, New York and Florida.

Sheriff Babeu, Az FOP, Phoenix Law Enforcement Association, Maricopa County Deputies Association, Border Patrol Officers Association, Arizona Highway Patrol Association, two large Hispanic groups, Arizona African American Republican Club, Arizona Republican Assembly, The Pachyderms, American Citizens United, NumbersUSA, F.A.I.R., and many more.

The spin stops here, Below is a rebuttal to the: 'good review'(a 'canned' article for everyone to use?) of why you and others took the action you did on this bill:

We are a Nation of laws:

“If it be asked, what is the most sacred duty and the greatest source of our security in a Republic? The answer would be an inviolable respect for the Constitution and Laws” — Alexander Hamilton.

We, as elected officials, must have the courage and the fortitude to enforce, with compassion but without apology, those laws that protect the integrity of our borders and our rights of our lawful citizens.

The Federal Government’s failure is malfeasance. States and local governments also have a Constitutional responsibility to protect their citizens and taxpayers. Inaction has had devastating economic and social consequences.

Why are so many afraid to stand up for the Rule of Law and America. Does their Oath of Office mean nothing? As stated Rep. Boone's bill was not one to stop these illegal sanctuary city policies. HB2331

was unenforceable. I am tired of the spin. My bill SB1175 had been held in House Judiciary Committee by Rep. Driggs an immigration attorney who is not a fan of tough immigration legislation. I had to amend SB1175 onto HB2280 to make sure it got a hearing **in the House**. Then more games were played and it was not heard until 5am on Sine Die morning after the budget was done so the weak on immigration members could sneak off the floor and not vote. It went within minutes after the budget and they should have and could have voted but chose not to. HB2331 was supported by open border Democrats on the House floor. It is obvious they knew it had no teeth at all or would not have voted for as well as the 5 or 6 cheap labor Republicans that support the cheap labor crowd of Profits over Patriotism.

These same arguments were used against Prop. 200 and Employer Sanctions **that they** violated federal law, it is pre-empted by federal law, it won't make it in the courts, and **the spin** continues and is not honest or true. I have a history of winning in the courts because I write them with the Constitutional guidelines and **within** federal law.

Congress has firmly established that there is a significant public interest in the effective enforcement of immigration law. Congress could have chosen to limit local enforcement pursuant to its plenary power over immigration, but it has not done so. In the absence of a limitation on local enforcement powers, the states are bound by the Supremacy Clause of the United States Constitution to enforce violations of the federal immigration laws. "The statutory law of the United States is part of the law of each state just as if it were written into state statutory law." States do not need a 287g, IGA, MOU or a permission slip to arrest illegal aliens. The 287g goes beyond the arrest powers as states already have inherent authority to make arrests. Any failure to enforce these laws is a political decision and not one of lack of authority. (read the rest below, under (States Inherent Authority))

They will get another chance to vote on this critical issue. The courts have ruled time and time again local law enforcement has inherent authority to enforce immigration law. In fact 8 USC 1644 and 8 USC 1373 makes these sanctuary policies illegal under federal law.

I have worked to get this bill passed for 5 years. I continue to have problems from the same folks. HB2331 was watered down by an Amendment from the Police Chief's the same folks who held a Press Conference last year say they would not enforce immigration laws (included at that press conference was Phoenix, and Mesa Chief Gascon, who have been in front of the parade as sanctuary cities). So does anyone really think that bill did anything to hold them accountable and demand our laws be enforced?

Rep. Nancy Barto is a good woman, however she has been against local enforcement and we have had many discussions. She has family involved in the Interfaith Movement an open border group that protest on a regular basis against me, against Sheriff Joe and advocates for open borders, for Amnesty and they work with ACORN and other extreme left wing groups. I have a hard time to understand anyone not standing firmly for the Rule of Law and especially if one looks around at the Deaths, Maimings, and billions in cost to the taxpayer. It is in complete violation of their Oath of Office in my opinion.

- Barto merely voted "present" on a number bills. This is unacceptable.
- Last Feb. 6, Barto voted "present" on House Bill 2577 (illegal aliens; employment; verification). She did not vote on third reading, March 9th.
- Also on March 9th, Barto refused to vote on HB2580 (illegal aliens; serious felonies; bail).
- When HB 2582 came up Feb. 6th for a vote, Barto voted "preseat." On March 9th, she refused to vote, then finally voted "yea" a few days later.
- HB 2837 dealt with the highly offensive sanctuary policy that undermines the rule of law. On Feb. 13th, Barto voted "present," refusing to oppose this liberal policy. Later, she voted against it.
- Senate Bill 1157 dealt with illegal aliens and trespassing; Barto voted "present" at first and later opposed it.
- Arizona has a shameful history of legislators -- gutless wonders -- hiding in bathrooms, hiding under desks and refusing to cast votes. It will be a shame if Barto, or any other elected official, is selected to serve the voters and refuses to vote on bills again. We do not elect people to office to sit on their hands. Lead, follow or get out of the way.

Rep. Adam Driggs refused to hear SB1175 the same bill as HB2280 when it was assigned to his committee. I spoke with him and he simply refused stating he had concerns about law enforcement and how the law would be enforce. No other law do we put these kind of restrictions on or make those kinds of silly excuses. So I had to amend the language onto another bill to get it heard. It passed out of the Senate "TWICE", with only one Republican voting against it.

Rep. John McComish is also a good man, but we differ on this issue.

Rep. Konopnicki was the lead in a Press Conference against Prop. 200 in '04 that was **intended** to stop voter fraud and welfare fraud by illegals and fought me on the employer sanctions bill, but finally voted for it and then publicly stated he wished he had not voted for it. Long time opponent to enforcement of immigration laws. He also is the Republican in '04 the lead the coup on the Republican caucus to support Governor Napolitano's and the Democrat's budget and run over his own party, costing us hundreds of millions more in spending.

Last January I put forth a Resolution on the removal of Sanctuary Cities/policies in this state and it passed "unanimously" at the State Republican Party Meeting and Maricopa County Republican Party Meeting. There were over 800 elected precinct committeemen and women at each of these meetings that represent the grassroots Republicans all across this state, these are our core Republicans and they made it loud and clear how they stand.

This is the most critical issue facing our nation, that is the enforcement by local law enforcement of immigration laws, and employing the most effective tool we have to stop this invasion by illegal aliens, and the cost in lives, maimings, and billions to the taxpayers. What they are trying to say, simply is not true. My good friend Representative Boone's bill was watered down at the request of the Police Chief's Association, that have fought against me for years on the enforcement of our immigration laws. It was watered down to include an "intent" clause that would allow them to put conditions on them on when and where they can ask, which is being done now and allow them to only check when illegal aliens are arrested for another crime, which in Maricopa County Sheriff Joe does on every single person arrested and booked into jail; (another crime and another victim before anything would be done). It was

unenforceable. All the Republicans mentioned as no votes or not voting at all have struggled with enforcement and have worked against it for years. Rep. Mason the exception perhaps. She told me she would have been a yes vote on the bill. I am not demeaning the character of these folks, but I must set the record straight.

In red is the House comments and then in blue is a Rebuttal:

- There was a Tom Boone HB2331, supported by all of us, and opposed by most democrats, that was simple, clear and effective to prohibit Sanctuary cities. This bill passed the House with 38-21, and was killed by Russell Pearce in the Senate.

It stated:

A CITY OR TOWN OR A LAW ENFORCEMENT AGENCY OF A CITY OR TOWN SHALL NOT ENACT AN ORDINANCE OR RESOLUTION OR ADOPT AN IMMIGRATION POLICY THAT IS INTENDED TO PROHIBIT OR EFFECTIVELY PROHIBITS THE LAWFUL ENFORCEMENT OF THE UNITED STATES IMMIGRATION LAWS.

That sure beats a four page clumsily written bill.

Rebuttal: Sen. Pearce did not kill HB 2331. It was not even sent to his committee. The Senate sponsor (Boone) of that bill withdrew it. Perhaps that's because he was a co-sponsor of Sen. Pearce's HB 2280 and preferred it to HB 2331.

HB 2331 was watered down to include an "intent" clause that would allow sanctuary-minded politicians to put conditions on when and where police can ask about status. It also limited checks to instances when illegal aliens were arrested for another crime. If you consider voting for the status quo in sanctuary cities a good vote, I completely disagree.

Sen. Pearce's bill was longer because it sought to put some real teeth in immigration enforcement, such as creating a prosecutable offense for "trespass." Do you remember how Arizona's human-smuggling law has been so powerful in jailing both the smuggler AND the illegal alien. That is what HB 2280 would have given prosecutors, and what HB 2331 lacked.

You only need to look at Sen. Pearce's track record to know his bill wasn't "clumsily written." No one has a better track record than he in having the courts uphold legislation. Don't you remember? Sen. Pearce won seven out of seven court challenges on Prop. 200 and won five out of five challenges - in the 9th Circuit - on his employer sanctions legislation.

- The Pearce bill says that no policy can be adopted that **LIMITS** the enforcement of immigration laws "to the full extent permitted by federal law."

The Chiefs of Police are worried that they will not be able to prioritize investigations among their officers because that could be interpreted to "limit" immigration law. For example, if they say they are keying on organized crime first, then car theft second, drug dealing third, and then immigration fourth, that could be viewed as "limiting" immigration law.

Rebuttal: Police Chiefs are "worried" because they desperately want to continue refusing to engage in ANY immigration enforcement, just like the city council members, mayors and city managers who appoint them to office. These political animals have long pandered to open-borders groups and the cheap labor lobby. That they opposed HB 2280 is not surprising at all. On the other hand, the bill was endorsed by the Phoenix Police Law Enforcement Association, Maricopa County Deputies Association, Arizona Fraternal Order of Police and Arizona Highway Patrol Association. That's the rank-and-file. Their testimony was clear and convincing they wanted to enforce the laws and remove these restrictive policies that pose the greatest threats to our communities.

Your argument is a red herring meant to scare people into believing that police would no longer be able to focus first on serious criminal activity. The bill does not skew their priorities. "Worries" also were raised by others about the use of E-Verify in the state - that it would take too much time and money or that it would be ineffective - but those worries are gone now that it's being used without problem by businesses.

- **Mandate Galore! Bill states that for "ANY LEGITIMATE CONTACT" made by a law enforcement officer, where "A REASONABLE SUSPICION" exist regarding the status of the person, a "REASONABLE ATTEMPT" SHALL be made to determine the status of the person.**

Then the person apparently needs to be arrested and their status verified with ICE.

Remember the data base only has information of legal permanent residence and others who have been previously detained by ICE. There is no database for American citizens, so it is very possible that American citizens without ID will regularly be detained because they are not in ICE's database.

What is "a reasonable suspicion" that someone is illegal, which is required to trigger the mandate? Will officers suspect based on race? Speaking with an accent? Clothes being worn? Who they are hanging out with? This is a lawsuit waiting to happen against the state.

NO DISCRETION for officers, THEY HAVE TO ENFORCE. If there is a bank robbery in progress, they can't go. There is no statute that mandates bank robbery cases.

Rebuttal: Every Border Patrol agent carries around a list of what constitutes "probable cause" for a "reasonable suspicion" that a person is an illegal alien. This list has already passed judicial review. Maricopa County deputies carry the same list. The prudent way to implement this provision would have been for all police to use the Border Patrol's criteria, so that no guess work is involved. Why reinvent the wheel when those criteria are readily available and used by 287(g) participants around the country?

The fact that you are dragging out "racial profiling" arguments here confirms for me that you are a certified member of the open-borders crowd who wants to paint a draconian picture of how ANY immigration enforcement would occur. It is ludicrous to think the intent here was to make police ignore a bank robbery just to arrest an illegal alien. And there is no reason to think that officers would have no discretion or that citizens will be caught up in this net if they do not happen to have their ID when first questioned. Who write this interpretation of HB 2280 for you? It sounds like something the state Chamber of Commerce would say.

- No possible exceptions to aid public safety, i.e., victims of crimes and witnesses of crimes. If there is a woman who is raped, she will not call officers if she thinks she will be deported. So this bill prioritizes that deporting aliens is more important than catching at-large rapists. This is a big issue for Police Chiefs and Prosecutors.

Rebuttal: This is another red herring often used by those who oppose local enforcement under the Federal 287(g) program. There are no statistics on how many illegal aliens report crimes, and no reason to think that a failure to report crimes has materialized. If this is truly a problem, a hotline can be set up to report crimes. If need be, the police can request a federal U visa for victims, which allows them to avoid deportation and obtain lawful status as a condition of cooperation. In the end, however, HB 2280 does it preclude cooperation with police. They will still have discretion to work with witnesses.

- There is a private right of action. Page 2, line 8. It is likely assumed as the bill states that the person may bring action in Superior Court to challenge "ANY OFFICIAL" or agency . that implements a policy that limits enforcement. There is no reason to have this language in this statute.

Rebuttal: The primary reason this is necessary is to hold elected officials personally accountable for their continued refusal to cooperate with federal immigration laws. Elected officials, not law officers, have been abusing the public trust by only enforcing the laws they want to enforce. Federal law already forbids sanctuary policies, only to have state and local officials ignore the law. Americans

who have been injured or lost family members because of local sanctuary policies will appreciate another tool against politicians who ignore immigration law and pander to cheap labor business and/or illegal alien lobbies. Would Sheriff Joe Arpaio object to this provision? Not likely, because he DOES enforce immigration laws under the 287(g).

Under the law, I believe these cases will move to Federal Court, because there will be a Federal Question. So the cases won't be in Superior Cases, as specified by the bill's language.

Where is the legal analysis by a qualified expert that makes you believe a Federal question is involved? If it's just your personal belief, what legal experience makes you qualified to reach this conclusion? The help in drafting this language came from Kris Kobach a former Assistant Attorney General and prosecutor who helped pass related legislation in recent years and assisted in the court challenges my other legislation that has passed many federal and state court challenges. He should know if this bill is on sound constitutional ground. **To those passing this myth, the courts have held in several land mark decisions that states have inherent authority to enforce immigration laws. No 287g required, no permission slip required, just the courage to do it.**

Besides, doesn't legal precedent require that a challenge to a state law be first brought in a state court? If a challenge was brought in Federal court, wouldn't it just be remanded to a state court for consideration?

- The bill has not had a hearing in the House or been COWed. This is a perfect example of what is wrong with our using Strike Everything Amendments to avoid hearings in one of the legislative chambers.

Rebuttal: This is not the first time the House Judiciary Committee has seen anti-sanctuary or criminal trespass legislation. We have had several immigration bills heard and passed in the House. HB2577, and many other, day labor bills, for example, were considered and passed only to die under former Gov. Janet Napolitano's poison pen.

Rep. Driggs, the chair of that committee, opposed SB 1175 so he refused to hold a hearing on it. In reality, he was afraid to have to go on record as opposing it. Sen. Pearce chose the route of placing the language of SB 1175 on HB 2280 so Driggs could not kill his bill. It is interesting to note that Driggs was one of the legislators who left the Capitol so he did not have to vote on HB 2280.

- For effective immigration enforcement, we need local and federal law enforcement to work together. This is already happening under the 287(g) program which we all support.

What if a city law enforcement agency turns over an illegal to ICE and ICE

doesn't accept them?

Rebuttal: State law can't obligate Federal law enforcement. HB 2280 seeks to codify the obligation ICE has under Section 287(g) to cooperate with participating localities and remove the barriers erected by state and local agencies to cooperation with federal immigration authorities. Instead of making excuses, maybe we ought to allow them to do their job and take away these artificial and illegal restrictions and honor our citizens Constitutional rights to have our laws enforced. Even "one" victim as a result of this sanctuary polices is wrong and to much.

Remember that localities got involved in enforcement because the feds were NOT doing their job. Now, ICE is showing a willingness to try harder. If for whatever reason ICE cannot accept, or chooses to release, the illegal alien, then at least the locality has done its job. Continued pressure on Congress is needed to ensure ICE has the resources to follow through.

- Courts will likely find this violates Federal Preemption. This isn't an area I am attacking too much because it seems that our people don't like to hear about how the Federal Government has jurisdiction over all immigration issues like this. It is true, but they don't like to hear it.

Rebuttal: Where is the legal analysis by a qualified expert that says a Federal court will find that this provision is preempted? If the provision is challenged, so be it. Actually the courts have ruled many times on the Preemption issue and consistently have ruled on the side of states inherent authority. Remember that no one has a better track record in having courts uphold legislation than Sen. Pearce. Don't you remember, Sen. Pearce won seven out of seven court challenges on Prop. 200 and won five out of five challenges - in the 9th Circuit - on his employer sanctions legislation? All using the same old arguments and proving not to be true. The courts have never ruled that the states were preempted from enforcing immigration laws.

Some people constantly say we need to take the handcuffs off law enforcement. The irony is that this bill actually goes to the opposite extremes. This bill handcuffs them by forcing them to perform certain duties. This bill takes officer discretion away. It says SHALL.

Rebuttal: The bill is not "extreme." It simply stops "illegal Sanctuary Policies" and allows law enforcement to do their job. It simply carves out a legitimate area of enforcement. It may set a higher standard but it is still leaves discretion in the handling of such cases. Recent *Arizona Republic* news stories say that the Phoenix PD's new policy of giving officers discretion on holding illegal aliens has failed because officers know that swift retaliation by superiors will follow and they must still ask a supervisor if they can ask or call ICE, unless their is "another crime and

another victim". It's not "officer discretion" that HB 2280 seeks to remove but rather "police management discretion" influenced by open-borders politicians. That's now, and has always been, the root of the problem.

One more thing, this is very big government, as far as the Trespass charge is concerned. Not only will this take up prosecutor and Court time, but it will also make the state pay for a public defender for the defendant. Huge cost, but also unnecessary. We don't need state criminal charges, what a waste.

Rebuttal: A waste? On the contrary, prosecution and imprisonment under Arizona's human smuggling laws has eliminated the illegal aliens' ability to hide or adopt new identities. A criminal record is a powerful deterrent - future arrests mean prosecution as a repeat offender and exclusion from future legal entry. HB 2280 would have provided a similar deterrent. Besides, prosecutors would have discretion to turn the person over to DHS for deportation rather than prosecute, so HB 2280 doesn't necessitate more "big government." In fact several of the Sheriff's have asked for the trespass provision which would give them a state law to hold an illegal alien being investigated for a serious crime so the would not be taken and deported before the investigation is completed. That is why it is permissive, not mandatory.

We want to deport them.

We've learned that deportation alone is no deterrent, but the prosecution + imprisonment + deportation is a strong one.

That is what the Feds do. Just turn them over to the Feds and let them do their thing.

That's exactly the idea-after state and local law enforcement has done their job. Whenever I hear a politician say "Just turn them over to the feds," he is really saying "Pass the buck." It's what state and local elected officials have been doing for years, and it's what Americans are sick of hearing.

Blast State Reps. That Helped Derail Anti-Sanctuary Bill

This is a special message for NumbersUSA members in Arizona.

Dear Arizona friends,

Before adjourning for the year on July 1, the Arizona House defeated a bill (HB 2280) authored by Sen. Russell Pearce that would have cracked down on pro-illegal alien "sanctuary" laws and aided in immigration enforcement by expanding the state's trespassing law. The House voted 26-15 for the bill, five votes short of the 31 needed for passage. The Senate had approved the bill 16-11 earlier that day.

Although most Democrats were expected to oppose the bill, they were joined by three Republicans – Reps. McComish, Tobin and Jones. However, an incredible 19 members of the House did not vote on the bill at all. On the Republican side, these included six members - Reps. Driggs, Barto, Konopnicki, Crandall, Mason, and Queland. They were said to have physically left the Capitol building so they didn't have to go on record as opposing HB 2280.

This legislation, in its original form as passed by the Senate a few days prior, was SB 1175. Rep. Driggs, a long-time opponent of immigration enforcement, derailed that bill's chances by refusing to hear it in his committee. In order to keep the measure alive, Sen. Pearce placed the bill's language on HB 2280, which had already passed the House and only needed a "concurrency" vote to clear the measure. The Senate passed HB 2289 on July 1, but when the House voted on the bill a few hours later, Republican opponents left the Capitol so they would not have to vote.

For years now, certain Republicans have fought good enforcement legislation, while at the same time denying their anti-enforcement nature. In fact, some even purported to be concerned about enforcement as they carried water for open-border groups and cheap-labor groups. Well, it's time to hold those Republicans accountable for their actions.

Please call and email the nine Republican State Representatives

below and blast them for either not voting or voting no on HB 2280.

Majority Whip Andrew Tobin 602-926-5172 atobin@azleg.gov

Rep. Russell Jones 602-926-3002 rjones@azleg.gov

Republicans Not Voting

Rep. Nancy Barto 602-926-5766 nbarto@azleg.gov

Rep. Bill Konopnicki 602-926-5409 bkonopnicki@azleg.gov

Rep. Rich Crandall 602-926-3020 rcrandall@azleg.gov

Talking Points

- I can't believe you voted no/didn't vote on HB 2280, Sen. Pearce's anti-sanctuary bill. How dare you! You were elected to help Americans, not illegal aliens.
- Your opposition to the bill will result in a continuation of sanctuary policies that protect criminals, displace benefits for needy Arizonians, and make it easier for unauthorized workers to compete for jobs with citizens and legal immigrants.
- Sanctuary policies directly violate Federal law and should have been made unlawful in Arizona. You chose not to do that. When were you, as an elected official, authorized to choose which laws the state will obey?
- The safe havens created by sanctuary policies make it easier for illegal aliens, including criminal aliens, to live undetected in Arizona. How

many citizens, including officers of the law, have to die or be maimed before you will stand up and fight back?

- When public assistance agencies are prevented from inquiring about an applicant's immigration status, benefits are distributed to ineligible illegal aliens. Don't you understand? Sanctuary policies are displacing benefits for needy Arizonians in this terrible recession. And taxpayers are being forced to foot the bill.
- With skyrocketing unemployment, we need to employ every measure that makes it harder for illegal aliens to remain in the state and compete for jobs with citizens and legal immigrants. You, however, chose another course – protecting illegal-alien jobs.
- As a Republican, you obviously don't care that the State Republican Party unanimously passed a resolution supporting Sen. Pearce's bill. I guess you also don't care that it was endorsed by numerous law enforcement organizations – at least those who haven't had long-standing ties with open-borders groups and cheap-labor business lobbies. I guess you only care about getting re-elected. Do you really think that will be easy to do after your vote/failure to vote on a bill so critical to the people that elected you?

We have included below a listing of how Democrats voted on the bill in case you are interested in weighing with them as well. [Click here](#) to get contact information for any of the Democrats you wish to call or email.

Subject: Fw: SB1070 RESPONSE

I am State Senator Russell Pearce the author of SB1070 and almost every other bill in this state to deal with "illegal" immigration and am a national leader in this issue. Here are some of the legislation I have written and has become law. Over 25 states are writing legislation modeled after SB1070. Between 73% and 66% of Americans support SB1070 from coast to coast.

• **We must stay vigilant in the defense of our Constitutional liberties, freedom and the rule of law.**

- 1996 wrote legislation to stop Driver License from being issued until one could prove legal presence in the U.S.
- 2004: Proposition 200, in '04; I wrote The Citizen's Initiative known as Protect Arizona NOW (Arizona's Citizens and Taxpayers Protection Act), to require:
 1. Proof of citizenship to register to vote. The only state in the Union to require proof of citizenship to register to vote. Requires states to strengthen the integrity of their voter rolls
 2. Photo I.D. When voting. One needs ID to rent a block buster movie, you should have one to vote
 3. Proof of eligibility to receive non-federal mandated public benefits. Requires everyone to provide proof of eligibility equally. Such costs vary in the tens of millions of dollars
- In '06 I Authored Proposition 100, a Constitutional Amendment to refuse bond to any illegal alien who commits a serious crime in Arizona (passed by 78%)
- In '06 I Authored Proposition 102 to require that any illegal alien who sues an American Citizen cannot receive ANY punitive damages (passed by 75%)
- In '06 I Authored Prop. 103 making English the Official Language of Arizona (passed by 72%)
- 2007: I Authored: Arizona's Fair and Legal Employment Act; Arizona's Employer Sanctions legislation, the toughest worksite enforcement bill in the nation to stop illegal employers and to protect jobs for legal citizens of Arizona
- 2010: SB1070 ... I was the author of "Support Our Law Enforcement and Safe Neighborhood Act" Removes all Sanctuary Policies in Arizona and allows law

enforcement to enforce our laws. "We are a nation of laws. We must have the courage - the fortitude - to enforce, with compassion but without apology, those laws that protect the integrity of our borders and the rights of our lawful citizens." - Senator Russell Pearce

- 2010: SB1108 ... Arizona's Freedom to Carry Act: The strongest 2nd Amendment legislation in the nation allowing lawful citizens their Constitutional right to carry open or concealed. Still allows for a CCW as it has benefit to many i.e. for restaurant carry or reciprocity with other states
- Helped create a statewide task force GIITEM (Gang and Immigration Task Force), 250 officers, going after human smugglers, drug smugglers, drop houses, and criminal aliens in addition to enforcing all of our immigration laws

Why do our elected leaders so easily relinquish liberty and have such little respect for the Constitution and the law?

Arizona is ground zero for stopping this "illegal" invasion. Yes they are illegal and they are invading this nation. Illegal is not a race, it is a crime. The media would have you believe I made "illegal, illegal". Arizona did not make illegal, illegal, illegal was already illegal. It is a crime to enter or remain in the U.S. in violation of federal law 8USC 1324 and 1325. States have inherent authority to enforce immigration laws and yet has failed or refused to do so. Sanctuary policies are illegal under federal law (8 USC 1644 & 1373) yet we have them all over the United States.

SB1070 simply codifies federal law into state law and removes excuses and concerns about states inherent authority to enforce these laws and removes all so called "sanctuary" policies.

I for one refuse to apologize for standing up for America and the rule of law.

When do we stand up for Americans and the rule of law, if not now, when? We are a nation of laws, a Constitutional Republic.

Well here in Arizona we are going to enforce our laws, protect our citizens and stand firmly behind the rule of law.

DID YOU KNOW: Had law enforcement enforced our immigration laws and, we would have averted 9/11. The terrorist attacks of September 11, 2001 underscored for all Americans the link between immigration law enforcement and Terrorism. 4 of the 5 leaders of the 9-11 attack were in violation of our immigration laws and had contact with law enforcement but were not arrested.

Nineteen alien terrorists had been able violate our immigration laws, overstay their visas or violate their Immigration statuses with impunity, and move freely within the Country without significant interference from federal or local law Enforcement. The abuse of U.S. Immigration laws was Instrumental in the deaths of nearly 3,000 people.

How long do we ignore the damage to America, in murders, maimings, kidnappings, car jackings, gangs, Identity theft, \$2.7 billion annually here in Arizona just to Educate, Medicate and Incarcerate illegal aliens. And what about the 17 to 30 million Americans out of work ... and we still allow employers to higher "illegal" workers.

THIS IS THE TRUE COST OF ILLEGAL IMMIGRATION

Here is the true cost of illegal immigration, the death and maiming of police officers and citizens in Arizona by illegal aliens

- Rob Krentz murdered on the border during the debate of SB1070.
- Agent Brian Terry murdered on the border by illegal alien smugglers
- Beheadings in Chandler
- Contract killings in Casa Grande
- Trained and Armed assassians sent into Arizona
 2. Phoenix Officer Shane Figueroa (killed)
 3. Phoenix Officer Nick Erfle (Murdered)
 4. Phoenix Office Glidewell (shot in chest)
 5. Phoenix Officer Marc Atkinson (murdered)
 6. Phoenix Police Officer Ignacio Conchos and his partner, Officer John Davis
 7. Phoenix Police Officer Ken Collins was murdered
 8. Officers Jim Kliewer and Officer Jerry Kilgore were gunned down
 9. Police Officer Brian Wilbur was seriously injured
 10. .
 11. Officers Jim Kliewer and Officer Jerry Kilgore were gunned down
 12. Phoenix Police Officer Brian Wilbur was seriously injured
 13. Phoenix Police Officer Mark Atkinson was
 14. Phoenix Police Officer Jason Schecterle was severely burned
 15. Phoenix Police Officer Robert Sitek was shot and seriously injured
 16. Child serial rapist in Chandler
 17. 15 year old raped in Scottsdale by school janitor
 18. 15 year old kidnapped and raped in Guadalupe
 19. Kris Eggle-park ranger in southern Arizona (murdered)
 20. Border Patrol Agent James Epling (murdered)
 21. Deputy Sean Pearce (shot by homicide suspects)

22. Deputy Lew Argetsinger (shot by homicide suspects)
23. Sgt. Manuel H. Tapia was shot by a drug suspect
24. DPS Officer Robert K. Martin, 57, was shot to death – his assailant, Ernesto Salgado Martinez, a 19-year-old ex-convict
25. Agent Richard Fass, 37, of the United States Drug Enforcement Agency, murdered
26. Agent Alexander Kirpnick, 27, Border Patrol, murdered
27. Gilbert mother killed by illegal alien fleeing from police in Mesa
28. Jason, decorated Iraq war veteran stabbed in his own front yard by illegal alien
29. Mother "legal immigrant" killed by illegal alien trying to ram Sheriff's Deputy's car in Phoenix
30. Tracy "17 year old" killed by drunk illegal alien

The burden of blind-eye police department policies forced upon them by local politicians and police chiefs and open-border philosophies were paid for with the lives of not only our police officers throughout our state, but also our citizens; it could happen to you. THIS IS THE HIGH COST OF ILLEGAL IMMIGRATION.

LET ME SEE IF I GOT THIS RIGHT:

IF YOU CROSS THE NORTH KOREAN BORDER ILLEGALLY YOU GET 12 YEARS HARD LABOR.

IF YOU CROSS THE IRANIAN BORDER ILLEGALLY YOU ARE DETAINED INDEFINITELY .

IF YOU CROSS THE AFGHAN BORDER ILLEGALLY, YOU GET SHOT.

IF YOU CROSS THE SAUDI ARABIAN BORDER ILLEGALLY YOU WILL BE JAILED.

IF YOU CROSS THE CHINESE BORDER ILLEGALLY YOU MAY NEVER BE HEARD FROM AGAIN.

IF YOU CROSS THE VENEZUELAN BORDER ILLEGALLY YOU WILL BE BRANDED A SPY AND YOUR FATE WILL BE SEALED.

IF YOU CROSS THE CUBAN BORDER ILLEGALLY YOU WILL BE THROWN INTO POLITICAL PRISON TO ROT.

IF YOU CROSS THE U.S. BORDER ILLEGALLY YOU GET:
IT'S TIME TO WAKE UP AMERICA !!!!!!!!!!!!!

Just in Phoenix:

· On Thursday July 1, 1982, Phoenix Police Officer Ignacio Conchos and his partner, Officer John Davis, entered a Phoenix bar in search of a bank robbery suspect. Both officers were mortally wounded when the suspect began shooting inside the bar. Officer Conchos died a short time later. Officer Davis died one month later on Friday August 6, 1982. Efran Contreras Lopez was a multiple crosser.

· On Friday May 27, 1988 Phoenix Police Officer Ken Collins was murdered by an illegal alien carrying out a bank robbery. Rudolfo Romero, one of the killers, remained at large for 12 years in Mexico and was extradited under the assurance that the death penalty would not be pursued.

· On Monday September 15, 1997 Officers Jim Kliewer and Officer Jerry Kilgore were gunned down by an illegal alien who had violated the terms of his probation – the illegal alien had shot his ex-girlfriend's new boyfriend. Officer Kliewer was shot in the neck; Officer Kilgore was shot in the head. It should be noted, the first stipulation for a person on probation in the state of Arizona is to be a law abiding citizen. For a judge to place an illegal alien on probation is to create an automatic violation – illegal means "not law abiding" and alien means "not a citizen."

· On Sunday December 21, 1997 Phoenix Police Officer Brian Wilbur was seriously injured when he was struck by a car driven by an intoxicated illegal alien.

· On Friday March 26, 1999 Phoenix Police Officer Mark Atkinson was murdered in an ambush by illegal aliens.

· On Monday March 26, 2001 Phoenix Police Officer Jason Schecterle was severely burned when an illegal alien driving a taxi cab collided into the rear of his police car.

· On Saturday April 12, 2003 Phoenix Police Officer Robert Sitek was shot and seriously injured by an illegal alien involved in an armed car-jacking. The illegal alien was a multiple crosser.

· On Tuesday September 18, 2007 Phoenix Police Officer Nick Erfle was murdered by an illegal alien during contact reference a civil traffic infraction.

On Sunday October 16, 2007 Phoenix Police Officer Brett Glidewell was shot in the chest by an armed illegal alien who had been stopped for a civil traffic violation.

- o Jose Abel Cabrera-Somosa, who was prosecuted by Andrew Thomas of the Maricopa County Attorney's office and sentenced to 36 years on March 27, 2009, claimed to the court that his conviction was based upon mistaken identity, that his 6 year presence in the country wasn't a crime, that he had been stopped by police 4 times prior to the shooting of Glidewell, and that the entire case against him was motivated out of racism.

On Saturday October 25, 2008 Phoenix Police Officer Shane Figueroa was killed by an illegal alien who was driving a vehicle while intoxicated. This illegal alien was a multiple crosser with outstanding arrest warrants.

- o Shane's death was described by Chief Harris as a "tragic accident involving an undocumented worker." In reality, Shane was needlessly killed by a multiple crosser with outstanding warrants who, according to investigators, urinated on the side of the road while Shane's life ebbed away on the street. Police officers on the front line are committed to the rule of law and are quite black and white when it comes to the rules of engagement. Police officers don't call a drug dealer an "unlicensed pharmacist." They don't call a bank robber an "aggressive borrower with bad credit." A softened tone for those committing the crime of illegal immigration (8 U.S.C 1325 (a)) can be highly offensive to those sworn to uphold the law.

At least 6 officers killed and 6 seriously injured by illegal aliens.

While we are at it, how about the billions in cost to educate, medicate and incarcerate illegal aliens? Not to mention the crime victims of Murders, maimings, home invasions, kidnappings, identity theft, drugs, gangs and the list goes on.

Under SB1070 they will be able to ask and to act.

If law enforcement could not stop someone before this law, they cannot stop them now. If you did not have to carry ID before this law, you don't have to carry ID under this new law. We did not expand law enforcement authority or require any "new" requirements or put new conditions on citizens. We simply took the handcuffs off from law enforcement and allow them to enforce our immigration laws, like any other law.

- The new Arizona law mirrors federal law, which already requires aliens (non-citizens) to register and carry their documents with them (8 USC 1304(e) and 8 USC 1306(a)). The new Arizona law simply states that violating federal immigration law is now a state crime as well. Because illegal immigrants are by definition in violation of federal immigration laws, they can now be arrested by local law enforcement in Arizona.

- The law is designed to avoid the legal pitfall of "pre-emption," which means a state can't adopt laws that conflict with federal laws. By making what is a federal violation also a state violation, the Arizona law avoids this problem. Look at the Supreme Court Decision of Muehler vs Mena a 9 – 0 Land Mark Decision by the U.S. Supreme Court on this very issue of pre-emption, 4th and 14th Amendment issue.

Actually we have some safe guards in Arizona law that the federal law does not have. The fear is not about profiling ... the fear is not about concerns over legal contact ... even the liberal press understands those issues. The fear is the law will actually be enforced. AND IT WILL. We have put some teeth in this law to make sure it is enforced.

- The law only allows police to ask about immigration status in the normal course of "lawful contact" with a person, such as a traffic stop or if they have committed a crime.
- Estimates from the federal government indicate that more than 80 percent of illegal immigrants come from Latin America.¹² Thus; there is concern that police may target only Hispanics for enforcement.
- Before asking a person about immigration status, law enforcement officials are required by the law to have a lawful contact/a violation of law and "a reasonable suspicion" that a person is an illegal immigrant. The concept of "reasonable suspicion" is well established by court rulings. Since Arizona does not issue driver's licenses to illegal immigrants, having a valid license creates a presumption of legal status. Examples of reasonable suspicion include:
 - A driver stopped for a traffic violation has no license, or record of a driver's license or other form of federal or state identification.
 - A police officer observes someone buying fraudulent identity documents or crossing the border illegally.
 - A police officer recognizes a gang member back on the street who he knows has been previously deported by the federal government.
 - The law specifically states that police, "may not consider race, color or national origin" when implementing SB 1070.
 - When Arizona's governor signed the new law, she also issued an executive order requiring the Arizona Peace Officer Standards and Training Board to provide local police with additional training on what does and what does not constitute "reasonable suspicion."¹³

Rancher Rob Krentz was murdered by the drug cartel on his ranch a month ago. I held a senate hearing two weeks ago on border violence. One only had to hear the concerns and pleas from these folks to recognize the monumental failure of government to secure our borders and enforce our laws and the cost to our citizens.

Here are just some of the highlights from those who testified.

The people who live within 60 to 80 miles of the Arizona/Mexico Border have for years been terrorized and have pleaded for help to stop the daily invasion of humans who cross their property. One Rancher testified that 300 to 1200 people a DAY come across his ranch, vandalizing his property, stealing his vehicles and property, cutting down his fences, and leaving trash. In the last two years he has found 17 dead bodies and two Qu'ran bibles.

Another rancher testified that on a daily basis drugs are brought across his ranch in a military operation. A point man with a machine gun goes in front, 1/2 mile behind are the guards fully

armed, 1/2 mile behind them are the drugs, behind the drugs 1/2 mile are more guards. These people are violent and they will kill anyone who gets in the way. This was not the only rancher we heard that day that talked about the drug trains.

One man told of two illegal's who came upon his property, one shot in the back and the other in the arm by the drug runners who had forced them to carry the drugs and then shot them. They listen to gun fire during the night; it is not safe to leave his family alone on the ranch and they can't leave the ranch for fear of nothing being left when they come back.

The border patrol is not on the border. They have set up 60 miles away with check points that do nothing to stop the invasion. They are not allowed to use force in stopping anyone who is entering. They run around chasing them, if they get their hands on them, then they can take them back across the border.

Federal prisons have over 35% illegals incarcerated, and 20% of Arizona prisons are filled with illegals who have committed felonies. In the last few years, 80% of our law enforcement personnel who have been killed or wounded were done by an illegal alien.

The majority of people coming now are people we need to be worried about. The ranchers told us that they have seen a change in the people coming they are not just those who are looking for work and a better life.

The Federal Government has refused for years to do anything to help the Border States. We have been overrun and once they are here, Arizonans have the burden of funding state services that they use. Education costs have been over a billion dollars. The healthcare costs for illegal aliens runs into the billions of dollars. Our State is broke; \$3.5 billion deficit and we have many serious decisions to make. One is that we do not have the money to care for any who are not here legally. It has to stop.

The border can be secured. We have the technology; we have the ability to stop this invasion. We must know who is coming and they must come in legally so that we can assimilate them into our population and protect the sovereignty of our country. We are a nation of laws. We have a responsibility to protect our citizens and to protect the integrity of our country and the government which we live under.

It will do no good to forgive them because millions more will come behind them, and we will be over run to the point that there will no longer be a United States of America but, a North American Union of open borders. I ask you what form of government will we live under?

How long will it be before we will be just like Mexico? We have already lost our language; everything must be printed in Spanish. We have already lost our history since it is no longer taught in our schools. And we have lost our borders.

The leftist media has distorted what SB 1070 will do. It is not going to set up a Nazi Germany. Are you kidding? The ACLU and the leftist courts will do everything to protect those who are here illegally, but it was an effort to try and stop illegal's from setting up businesses, and employment, and receiving state services and give the ability to local law enforcement when there is probable cause, such as a traffic stop to determine if they are here legally. Federal law is very clear if you are here on a visa you must have your papers on you at all times. That is the law. In Arizona all you need to show you as a legal citizen is a driver license, MVD identification card, Native American Card, or a Military ID. This is what you

need to vote, get a hunting license, etc... So nothing new has been added to this law. No one is going to be stopped walking down the street. The leftists here and in DC are angry because we dare try and do something. They want the "Transformation" to continue.

Maybe it is too late to save America. Maybe we are not worthy of freedom anymore. But as an elected official I must try to do what I can to protect our Constitutional Republic. Living in America is not a right just because you can walk across the border. Being an American is a responsibility, and it comes through respecting and upholding the Constitution, the law of our land which says what you must do to be a citizen of this country. Freedom is not free.

The Patriot's mission is to inform and arm grassroots Patriots with our forthright message in support of individual liberty, the restoration of constitutional limits on government and the judiciary, and the promotion of free enterprise, national defense and traditional American values -- the information needed to combat the leftist agenda that relentlessly undermines our nation's great Constitution and founding principles.

Throughout history the burden of keeping the flame of liberty bright has fallen on the shoulders of a few men and women. As Founding Patriot Samuel Adams noted, "It does not take a majority to prevail...but rather an irate, tireless minority, keen on setting brushfires of freedom in the minds of men." That describes YOU!

Preamble: We The People of the United States establish and ordain this Constitution of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defense, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.

We are being robbed of our Freedoms, we owe it to our children and great grandchildren to leave them a legacy of freedom.

Subject: INVASION USA

I have a question for you: What do the approximately 50,000 people who live in the Sierra Vista area, AND the approximately 50,000 people who live in the Prescott area, AND the approximately 50,000 people who live in the Flagstaff area all have in common – other than living in Arizona?

Well, if you add up all those people AND IF you add the entire population of Mesa Arizona – that's an additional 400,000-people – if you add them ALL up – you would STILL DO NOT HAVE AS MANY PEOPLE AS THERE ARE ILLEGAL ALIENS LIVING IN ARIZONA RIGHT NOW!

The Pew Center for Hispanic research – and this is a relatively liberal group – estimated more than a two years ago that at least 500,000 illegal immigrants live in Arizona back in 2000.

The number now is certainly in excess of 600,000 people (perhaps 1,000,000).

That's more than one out of every ten people who live in our state!

One out of every ten people you pass on the road. One out of every ten people you see at the store; and MORE THAN one of every ten people you see in our classrooms and probably one out of every two in our emergency rooms.

Why the additional numbers there? Because illegals often use our emergency rooms to obtain free primary care; and because generally, the birth rate among illegal immigrants is substantially higher than the population at large. This results in more hospital visits and more children in the classroom.

When do we put America First?

When do we enforce our laws?

When do we stand up for the law abiding citizen?

When do we stand up for America and the Rule of Law?

I am not willing to let another 20 years go by waiting on the feds. It is our citizens that are injured and our taxpayers that are impacted severely everyday we fail to secure our borders and enforce our laws. Local Law Enforcement has "inherent" authority to enforce our laws and the responsibility and we must demand they do so. Sanctuary policies are illegal.

But until the past 30 years, that meant we were a nation of legal immigrants. Legal entrants who would apply for admission, who had a U.S. sponsor who would support them if necessary,

Exhibit E-8

or skills, or education, or some money of their own – and often they had all of these things.

Only in recent history has America – and now particularly Arizona -- been flooded with illegal international trespassers, most of whom don't have any of the things I just mentioned.

They sneak across the border hoping for a better life, but immediately needing free health care, free education, and free government support if they can get it and usually do get it. A new federal report show only 4 states verify eligibility before you get medicaid (in Arizona it is AHCCCS) a \$5 billion program with more folks enrolled in AHCCCS than K through 12.

But those things aren't free. We pay for them. Right here in Arizona the average LEGAL family pays at least an extra \$2,000 every year to support illegal immigrants and another \$2000 in taxes to make up for the over \$300 billion in unpaid taxes by the underground workforce that don't pay taxes and still use services such as education (\$8500 annually per child) not including ELL. And those are just the direct expenses. They don't include the cost of increased crime, education, increased car insurance, and other direct, but non-governmental expenses.

So don't shoot the messengers today. Just the facts Ma'am, Just the facts.

MYTH VS FACT OF ILLEGAL IMMIGRATION

The United States faces the greatest internal threat to its existence since the Civil War. It faces disintegration of its culture; of its language; of its cohesiveness as a nation of free people. It faces massive infusion of unrelenting poverty; of crime; of diseases; of civil violence; of corruption at all levels; and worst of all, the United States faces balkanization that will destroy the fabric of its ability to function as a peaceful nation.

As we look at the misery of Africa via starvation and Darfur's genocide; as we look at Israel and Palestine blow each other up at any moment 365 days a year; as we look at the seething unrest of Paris, France—we are in the crosshairs of a violent and separated future.

Last week, Denver's illegal aliens sang our national anthem in Spanish and bastardized the words of OUR country's most sacred song. Talk about audacious, arrogant and condescending! Tell me if you think they are becoming Americans. Ladies and gentlemen; this is an invasion by a foreign country.

Why? How? When?

Mexico's Vicente Fox is no longer satisfied with the status quo. Battles commence as Mexican nationalists struggle to infuse their men into American government and strengthen control over their strongholds. One look at Los Angles with its Mexican-American mayor shows you Vicente Fox's general Varigossa commanding an American city.

Mexican Foreign Minister Jorge Castaneda presented a list of demands regarding 70 million Mexicans living in the U.S., about one 40% of them illegals, including the demand that America "respect their human rights." In other words, he demands that we do not enforce our immigration laws. "We are not scared of engaging the U.S. anymore," Castaneda said. He vowed to defend Mexicans, "without legal papers and demanded that America give them the

Exhibit E-8

education and health benefits they deserve."

Castaneda ordered Mexican consulates to provide a free legal defense to Mexicans prosecuted in the U.S. or subjected to deportation proceedings.

Let's examine some of the myths and facts of this invasion:

Myth: President Bush says illegals do the jobs Americans won't do.

Fact: Harvard Professor Borjas reports that illegal aliens displace Middle American workers out of \$200 billion annually in lost wages. Bear-Sterns report shows that illegal aliens work off the books and do not pay over \$301 billion annually in uncollected IRS income taxes. You make up the difference. The illegals no longer work on the farm. They move into every Middle Class job in America and they undercut wages for America's working poor and destroy the living wages of the Middle Class. Additionally, the average illegal causes a net loss of \$55,000.00 to US taxpayers during his work time the USA. Finally, we create cultural and linguistic apartheid by creating a slave class of workers unassimilated while growing in numbers and antagonistic strength. This condition creates a perfect formula for rioting and violence that will tear our nation to pieces! Ask Paris, France!

Myth: This is a nation of immigrants and they all add to America's vitality.

Fact: That was then and this is now. Ninety percent of Americans were born here and thus, natives, not immigrants. In 1900, our population stood at 100 million people. Today, at 300 million, we suffer global warming, acid rain, species extinction, gridlock, air pollution, crowding, \$3.12 a gallon of gas, skyrocketing cost of living, loss of quality of life and enough problems to fill an NFL football stadium. Who in their right mind thinks we need to import 4,000,000 people from the Third World into our country annually? What is the benefit? Do we need to overpopulate ourselves like China, India and Bangladesh? For what reason? Can we maintain our social fabric as a nation with Spanish fighting English for dominance? It's like injecting yourself with cancer cells to see what will happen. It's like importing leper colonies and hope we don't catch leprosy. It's like importing thousands of Islamic jihadists and hope they adapt to the American Dream.

Myth: Bush says a guest worker program will allow willing workers for willing employers.

Fact: What a crock! It's an amnesty pure and simple. Once locked into and imbedded into our system, these guest with anchor babies, homes and ties will never leave our country. They create enclaves of separate groups that shall balkanize our nation into fractured nightmares of social unrest and poverty. This myth perpetrated by Bush is an outright fraud by a fraudulent president.

Myth: Bush respects the sovereignty of the United States.

Fact: Bush violates his oath of office and the U.S. Constitution every day of his presidency. He violates Article IV Section 4 of the Constitution every day for the past five years. The fact is, George Bush works to destroy our borders of our nation on a deadly experiment that will

Exhibit E-8

plummet all of us into chaos, poverty and Third World Momentum.

Myth: You can't deport 12 to 20 million illegal aliens.

Fact: You won't have to deport any of them. It's called "attrition through enforcement". You demand the president and Congress enforce our immigration laws. We prosecute and jail employers of illegal aliens starting in Maine and sweeping slowly and effectively across the nation. We delete social services to illegals, housing, medical and all welfare of any kind. Without jobs and a free ride, they have only one choice and that is to move back home and make a better life in their own country by changing their own country for the better. At that point, gosh, 18 million unemployed American workers will enjoy jobs that must rise to the market value of a First World nation. It means those CEOs at major corporations will not be able to pay for their Lear Jets and fifth \$10 million Aspen home, but Americans will get the job done.

Myth: Illegals have a 'right' to come to the United States.

Fact: No one, according to the U.S. Constitution, has a right to break into your home. It is against the law. No one has a right to break into your country. It is against the law. We legally immigrated 32 million foreign born people into this country, which is two to three times more than all other countries combined. We have the right to invite into our home the persons we choose. No one has the right to break into our home: The United States of America.

Myth: Mexico's people love the USA, respect our language and the laws of our country.

Fact: Corruption is a mechanism by which Mexico operates. Its people spawn more corruption wherever they go because it is their only known way of life. If you watched the Mexican flags flying above the demonstrators and their chants, you understand they have no intention of assimilating into the American way of life. Their goal is to populate themselves into majority numbers until they can run Americans out of our own country. The failed and corrupt government of Mexico will manifest itself in America to create the same kind of misery for all Americans.

Dear American citizen, we fast approach the point where this invasion will be out of our control. We will lose our country at the hands of our president and complicit Congress. If that shamnesty passes the Senate, we're toast. Tough, nasty illegals and their advocates grow in such numbers that law and order will not subdue them. They run us out of our cities and states. They conquer our language and our schools. They render havoc and chaos in our schools. I'm stunned at the speed of this invasion. I'm further stunned that most American don't see it or deny it or ignore it. We are much like the Titanic as we inbreed millions of Mexico's poor, the world's poor and we watch our country sink.

1) Dispatch troops to the Mexican border immediately to stop the human trafficking of illegal aliens.

2) Enforce all existing immigration laws immediately and ask congress for the funding to have them enforced effectively.

Exhibit E-8

3) Through Executive Order outlaw all Sanctuary City policies throughout the United States.

In light of the past weekend's events, take the time to read this; It ought to scare the pants off you!

We know Dick Lamm as the former Governor of Colorado. In that context his thoughts are particularly poignant. Last week there was an immigration overpopulation conference in Washington, DC, filled to capacity by many of American's finest minds and leaders. A brilliant college professor by the name of Victor Hansen Davis talked about his latest book, Mexifornia," explaining how immigration - both legal and illegal was destroying the entire state of California. He said it would march across the country until it destroyed all vestiges of The American Dream.

Moments later, former Colorado Governor Richard D. Lamm stood up and gave a stunning speech on how to destroy America. The audience sat spellbound as he described eight methods for the destruction of the United States. He said, "If you believe that America is too smug, too self-satisfied, too rich, then let's destroy America. It is not that hard to do. No nation in history has survived the ravages of time. Arnold Toynbee observed that all great civilizations rise and fall and that, "An autopsy of history would show that all great nations commit suicide."

Here is how they do it," Lamm said:

"First, to destroy America, turn America into a bilingual or multi-lingual and bicultural country" History shows that no nation can survive the tension, conflict, and antagonism of two or more competing languages and cultures. It is a blessing for an individual to be bilingual; however, it is a curse for a society to be bilingual. The historical scholar, Seymour Lipset, put it this way: "The histories of bilingual and bi-cultural societies that do not assimilate are histories of turmoil, tension, and tragedy." Canada, Belgium, Malaysia, and Lebanon all face crises of national existence in which minorities press for autonomy, if not independence Pakistan and Cyprus have divided. Nigeria suppressed an ethnic rebellion. France faces difficulties with Basques, Bretons, and Corsicans."

Lamm went on: Second, to destroy America, "Invent 'multiculturalism' and encourage immigrants to maintain their culture. I would make it an article of belief that all cultures are equal. That there are no

cultural differences. I would make it an article of faith that the Black and Hispanic dropout rates are due solely to prejudice and discrimination by the majority. Every other explanation is out of bounds.

Third, "We could make the United States an 'Hispanic Quebec' without much effort. The key is to celebrate diversity rather than unity. As Benjamin Schwarz said in the Atlantic Monthly recently: "The apparent success of our own multiethnic and multicultural experiment might have been achieved not by tolerance but by hegemony. Without the dominance that once dictated ethnocentricity and what it meant to be an American, we are left with only tolerance and pluralism to hold us together." Lamm said, "I would encourage all immigrants to keep their own language and culture. I would replace the melting pot metaphor with the salad bowl metaphor. It is important to ensure that we have various cultural subgroups living in America enforcing their differences rather than as Americans, emphasizing their similarities."

"Fourth, I would make our fastest growing demographic group the least educated. I would add a second underclass, unassimilated, undereducated, and antagonistic to our population. I would have this second underclass have a 50% dropout rate from high school."

"My fifth point for destroying America would be to get big foundations and business to give these efforts lots of money. I would invest in ethnic identity, and I would establish the cult of 'Victimology'. I would get all minorities to think that their lack of success was the fault of the majority. I would start a grievance industry blaming all minority failure on the majority population."

"My sixth plan for America's downfall would include dual citizenship, and promote divided loyalties. I would celebrate diversity over unity. I would stress differences rather than similarities. Diverse people worldwide are mostly engaged in hating each other - that is, when they are not killing each other. A diverse, peaceful, or stable society is against most historical precedent. People undervalue the unity it takes to keep a nation together. Look at the ancient Greeks. The Greeks believed that they belonged to the same race; they possessed a common language and literature; and they worshipped the same gods. All Greece took part in the Olympic games. A common enemy, Persia, threatened their liberty. Yet all these bonds were not strong enough to overcome two factors: local patriotism and geographical conditions that nurtured political divisions. Greece fell. "E. Pluribus Unum" -- From many, one. In that historical reality, if we put the emphasis on the 'pluribus'. Instead of the 'Unum,' we will balkanize America as surely as Kosovo."

"Next to last, I would place all subjects off limits; make it taboo to talk about anything against the cult of 'diversity.' I would find a word similar to 'heretic' in the 16th century - that stopped discussion and paralyzed thinking. Words like 'racist' or 'xenophobe'

halt discussion and debate. Having made America a bilingual/bicultural country, having established multi-culturism, having the large foundations fund the doctrine of 'Victimology,' I would next make it impossible to enforce our immigration laws. I would develop a mantra: That because immigration has been good for America, it must always be good. I would make every individual immigrant symmetric and ignore the cumulative impact of millions of them."

In the last minute of his speech, Governor Lamm wiped his brow. Profound silence followed. Finally he said,. "Lastly, I would censor Victor Hanson Davis's book Mexifornia. His book is dangerous. It exposes the plan to destroy America. If you feel America. deserves to be destroyed, don't read that book."

There was no applause. A chilling fear quietly rose like an ominous cloud above every attendee at the conference. Every American in that room knew that everything Lamm enumerated was proceeding methodically, quietly, darkly, yet pervasively across the United States today. Discussion is being suppressed. Over 100 languages are ripping the foundation of our educational system and national cohesiveness. Even barbaric cultures that practice female genital mutilation are growing as we celebrate 'diversity.' American jobs are vanishing into the Third World as corporations create a Third World in. America - take note of California and other states - to date, twenty million illegal aliens plus and growing fast. It is reminiscent of George Orwell's book "1984." In that story, three slogans are engraved in the Ministry of Truth building: "War is peace," "Freedom is slavery," and "Ignorance is strength."

Governor Lamm walked back to his seat. It dawned on everyone at the conference that our nation and the future of this great democracy is deeply in trouble and worsening fast. If we don't get this immigration monster stopped within three years, it will rage like a California wildfire and destroy everything in its path, especially The American Dream.

Subject: Fw: SB 1108 as amended is un-American & must be rejected.

First, it is important that I let you know that I believe that the first amendment, the right to freedom of speech, is a most sacred right and one that I fight everyday to uphold. While I may not understand why someone would want to speak out against this country that I love so much I will always defend you're your right to do so.

Recently there has been a great deal of debate surrounding my introduction of legislation relating to the prohibition of using tax payer dollars to fund an education curriculum in our public schools that promotes the denigration of American culture and American values. While I do not condone this hate based rhetoric I do understand the importance of protecting the rights for those who feel that way. My concerns come from tax dollars from every citizen in this state being used to teach hateful anti American rhetoric in our American publicly funded schools. I do not believe that a public school is the appropriate venue, and I do not believe public dollars are the appropriate funding source.

The intent of my legislation is NOT to prohibit the legitimate teachings of any historical events in our world's history. What I am hoping to do is make sure that our public schools are not being used to facilitate hate and dissention by any group of people for another group of people.

As with any piece of legislation mine is still a work in progress and I am still talking to anyone willing to sit down with me and discuss how we can achieve this goal. In the end I hope we find consensus for protection of the values of a country that has given us all so much.

Paving the way to Aztlán with propaganda, politics, racism

By Linda Bentley

AZTLÁN – What was and where was Aztlán? The Arizona Republic fielded a similar question under their Science Q & A.

Dan Kincaid responded: "Aztlán was the legendary original home of the Aztec Indians ... Aztlán, which means literally 'Place of the Herons' in their Náhuatl language ..." Kincaid goes on to say "... the Aztecs believed their Ancestors migrated in stages from Aztlán, reaching central Mexico about A.D. 1200. An Aztec subgroup, the Tenochas founded their capital, Tenochtitlán, in 1325 on an island in Lake Texcoco after seeing an eagle perched on a cactus and devouring a rattlesnake."

The New York University Press states: "Aztlán was the mythical place of origin in some Aztec traditions, a lake with an island in the middle that was replicated when the wandering Mexica settled at Tenochtitlan. The word Aztec is derived from this mythical place." Another University in Buffalo, New York claims, "Aztlán is the Aztec name for their ancestral place of origin located, according to an old legend, somewhere in the middle of the Atlantic Ocean,"

citing that it corresponds geographically to Atlantis, as described in Plato's works, "Critias" and "Timaeus."

Teachings of MEChA "... the brutal 'gringo' invasion of our territories." However, in a Hispanic Studies textbook, "The Mexican American Heritage" by East Los Angeles high school teacher Carlos Jimenez, Aztlán is depicted on page 84 in a redrawn map of Mexico and the United States, showing Mexico with one third more territory.

On page 107, Jimenez states, "Latinos are now realizing that the powers to control Aztlán may once again be in their hands." The textbook teaches highschool students that Mexico is supposed to regain the states of Colorado, California, Arizona, Texas, Utah, New Mexico, Oregon and parts of Washington and that they rightly belong to the "mythical" homeland of Aztlán.

The book contains no references or footnotes and teaches separatism, victimization and nationalism, while promoting an open border policy.

The myth of Aztlán is heavily promoted through MEChA club meetings at college campuses across the nation, rapidly gaining acceptance at high school campuses as well.

MEChA stands for Movimiento Estudiantil Chicano de Aztlán or Chicano Student Movement of Aztlán. Their logo depicts an eagle holding a stick of dynamite.

The preamble of MEChA's National Constitution states: "Chicano and Chicana students of Aztlán must take upon themselves the responsibilities to promote Chicanismo within the community, politicizing our Raza with an emphasis on indigenous consciousness to continue the struggle for selfdetermination of the Chicano people for the purpose of liberating Aztlán." The University of Arizona MEChA Chapter's website states: "The following documents are essential to the philosophy of MEChA. Every Mechista should be familiar with them. Listed along with their National Constitution is 'El Plan de Santa Barbara' and El Plan Espiritual de Aztlán, which opens with, 'In the spirit of a new people that is conscious not only of its proud historical heritage but also of the brutal "gringo" invasion of our territories, we, the Chicano inhabitants and civilizers of the northern land of Aztlán from whence came our forefathers, reclaiming the land of their birth and consecrating the determination of our people of the sun, declare that the call of our blood power, our responsibility, and our inevitable destiny.

'We are free and sovereign to determine those tasks which are justly called for by our house, our land, the sweat of our brows, and by our hearts.

Aztlán belongs to those who plant the seeds, water the fields, and gather the crops and not to the foreign Europeans.

We do not recognize capricious frontiers on the bronze continents.'

Preaching prejudice, racism, hatred and anti-Semitism La Voz de Aztlán is a bilingual online news service published from Los Angeles (Whittier), "Alta California" that claims to be "focused on news events that are relevant to La Raza in Aztlán, Mexico and beyond." They say that they also publish their own "unique analysis of world events and contemporary issues through editorials, commentary and political cartoons." Publisher Hector Carreon and Editor-in-Chief Ernesto Cienfuegos definitely have a unique spin on events and issues.

It is commonly known as racism and anti-Semitism.

One of Cienfuegos' editorials is titled: "The 'Kosher Nostra Scam' on the American Consumer." Cienfuegos said of their research, "What we found certainly was 'news' to us and it both shocked and angered us." After becoming educated in the various kosher symbols on food packaging, Cienfuegos made the statement, "I learned that major food companies throughout America actually pay a Jewish Tax amounting to hundreds of millions of dollars per year in order to receive protection.

The scam is to coerce the companies to pay up or suffer consequences of a Jewish boycott." He

concludes with, "... I demand my money back for all I had to pay over the years for the hidden and illegal Jewish Tax. Are there any bright attorneys out there that could bring a class action suit against the Union of Orthodox Jewish Congregations on behalf of the citizens of Aztlán and other non-Jewish people?" Carreon wrote an editorial called: "Shattered Identities: 'Malinchismo' as a Dissociative Identity Disorder Caused by Ritual Racial Abuse." He says, "To understand how these personality types may come about, we can refer to recent history involving the Jews during their traumatic 'Nazi Holocaust Period!' The German Jews had their own 'Vendidos' and 'House Niggers' called 'Judenrat' and 'Kapos.'" Carreon says that what they all have in common is that they have all identified with the dominant oppressors. According to Carreon, the beginnings of the micro-traumas and ritual racial abuse start in kindergarten when little Juanita is told by her "gringa" teacher not to speak Spanish. At lunch she becomes the victim of ridicule by her "gringo" peers when she has a burrito for lunch instead of a peanut butter and jelly sandwich.

He claims Juanita grows up with "dismal self-esteem" and "self-hate" that could sentence her to life of gangbanging and drugs. But then, he says Juanita can alternatively take on different personality direction, caused by the micro-traumas and ritual racial abuse, one that causes her to dissociate her identity as Juanita. She might develop such a shame that she changes her name to Jane, bleaches her hair blond and starts to take on characteristics of "Anglos." Carreon says this is "merely a nuisance but can become dangerous to our community when 'Anglos' start using these personality types against us." He then states, "Like the 'Judenrat' in Nazi Germany, these 'Malinchistas' will be utilized against us in political campaigns like the present one against Bilingual Education." La Voz creates anti-Semitic correlations from ordinary news in article upon article.

Their agenda promotes racism against all white people, especially Jews, and portrays all Hispanics as victims.

"... designed to create cultural havoc" Tucson Unified School District (TUSD) Superintendent George F. Garcia's promotion of outcome-based education and special treatment toward Hispanic children did not sit well with a group of TUSD parents.

They formed Arizona Parents for Traditional Education and petitioned Garcia and the governing board to return "back to the basics" education to TUSD, citing, "We do not want to replicate California's eight year mass experimentation and failure with outcomebased education."

One parent, John Stevenson, wrote an open letter to Garcia, responding to a frontpage article in the Tucson Citizen where Garcia called for special classes and special help for Hispanic students.

Stevenson said, "Under the constitution of the United States it is incumbent on all government agencies to treat all citizens equally. It is unconstitutional for any government agency in the US to single out any racial group for special favors, nor should they single out any other racial group to suffer as a result.

This action is blatant racial bigotry." Stevenson continued, "In addition to racial bigotry, Mr.

Garcia, you foster cultural terrorism. When you allow special consideration based on race, it builds lifetime resentment in the others. You, in effect, teach the others to hate those who you make privileged.

"When you teach a selected race that it requires your special help, you also teach them that they are either genetically or culturally inadequate.

You try to modify that by teaching them that the only reason they need this help is because the white community abuses them." Stevenson said Garcia's actions could be "construed as fraudulent and perhaps even traitorous" as his acceptance of the public's money, earmarked "to prepare children for their adult place in society," is, instead, being used by Garcia to bring about ideological change, using children to promote his vision of a socialist society.

"... one must suspect that this is a deliberate process.

One designed to create cultural havoc," Stevenson wrote.

He ended his letter "Please, sir, I beg you, resign from your job immediately and save the community from further damage." That was back in August 1996. Garcia didn't resign. It wasn't until four years later that Garcia left.

Still posted as one of the goals of the TUSD Hispanic Studies curriculum: "Establish and nurture educational and community partnerships by taking an active role in advocating for Hispanic concerns and issues."

Political influencing

State Representative John A. Loreda, Dem. District 22, who was first elected in 1996, then re-elected in 1998 and 2000, attended Phoenix College, where he first became involved in politics.

He was elected president of MEChA and he was the first President-Founding Member of LULAC (League of United Latin American Citizens) Young Adult Council.

He worked with Cesar Chavez organizing marches, rallies and boycotts. His first political campaign was the "NO on 106 (English Only)" committee.

He served on an Ad Hoc Committee on Border Issues and on the Farmworker Affordable Housing Study Committee. He served on the Executive Board for the National Hispanic Caucus of State Legislators and as a board member of Friendly House, one of the four nonprofit organizations that was chosen to run the Palomino Day Worker Center in Phoenix.

Another organization that runs the day laborer center is Tonatierra. Tonatierra Community Development Institute proclaims its location as Nelhuayotl, Aztlán, although they use a Phoenix PO Box for their mail.

Day workers are "forced to stand on street corners and suffer the scorn of a society which utilizes them to clean their houses."

Tonatierra's coordinator, Salvador Reza, was born in Chihuahua, Mexico. His family moved to Ysleta, Texas when his father, a farm worker, was granted a work permit under the bracero program.

Reza sees himself as a victim of racism, stemming back to his days in kindergarten.

After graduating from the University of California, San Diego, Reza began working for immigrant advocacy groups.

He says he came to Phoenix because he believes it is the center of Aztlán, the original land of the Aztecs before they migrated south to Mexico. Of all the stories about where Aztlán might have been, Reza is the only one who believes its center is in Phoenix.

Reza, one of the major lobbyists for the Palomino Day Worker Center in Phoenix, was quoted in an interview as saying that jornaleros, or day workers, are "forced to stand on street corners and suffer the scorn of a society which utilizes them to clean their houses." One of Tonatierra's initiatives was the Macehualli Project, to organize the hundreds of day laborers in Phoenix.

Reza believes the Macehualli Union de Jornaleros (Day Laborers Union) will achieve justice and dignity through the establishment of day labor centers.

Tonatierra and Reza's goals go far beyond the day laborer centers he wishes to create throughout the city. He is pushing for increased Latino political representation and expanding the Xinachtil Program (Xinachtil means "seed" in the Aztec language) in the public school system to teach "traditions, culture, art and science of indigenous people." Immigrant advocacy groups no longer promote legal immigration, citizenship, learning English or any other assimilation into this country. Hispanic rights groups talk of reoccupation and repatriation of the southwestern United States, the land of "indigenous people."

Demographic warfare ... exporting Mexico's surplus poverty In Tucson, Pima County Legal Defender Isabel Garcia, cochair of Derechos Humanos (Human Rights), promotes open borders and illegal

immigration, proclaiming: "No human is illegal." She denounces the same laws she is hired to uphold, and does so on taxpayer's money.

The Pima County Board of Supervisors claim Garcia can do whatever she likes during her own time.

Garcia, along with co-chair Jose Lerma, have recently been selected to serve on a 100-member council created by Mexico's government to represent Mexicans living in the United States. Their main duty is to advise the Mexican government on the needs of the approximately 9-10 million Mexican natives residing in this country ... about half legally and half illegally.

The concept of reoccupation is not new. The term was used in an official study done by the Mexican Government's National Council on Population (Conapo).

Conapo's study predicts that during Mexican President Vicente Fox's six year term, ending in 2006, that two million Mexicans will enter the United States at the approximate rate of 380,000 per year.

The study also indicates that the Mexican government has embraced the concept of "demographic warfare," a reconquering of the southwestern United States through unchecked illegal immigration and by exporting its "surplus poverty" to regain control.

Mexican novelist Elena Poniatowska was quoted in Mexico's EWE news service as having said, "Mexico is at the moment recovering territories it lost in the past to the United States thanks to emigration (sic). The common people - the poor, the dirty, the lice ridden, the cockroaches are advancing on the United States, a country that needs to speak Spanish because it has 33.5 million Hispanics who are imposing their culture." Mexican columnist Carlos Loret de Mola explained Mexico's "demographic warfare" strategy in Mexico's newspaper, the Excelsior, over 20 years ago.

Loret's article, "The Great Invasion: Mexico Recovers on its Own," described the strategy: "A peaceful mass of people ... carries out slowly and patiently an unstoppable invasion, the most important in human history. You cannot give me a similar example of such a large migration wave by an ant-like multitude, stubborn, unarmed, and carried on in the face of the most powerful and best-armed nation on earth ... [Neither] barbed-wire fences, nor aggressive border guards, nor campaigns, nor laws, nor police raids against the undocumented, have stopped this movement of the masses that is unprecedented in any part of the world." Loret describes a migrant invasion that continues and that will return the southwestern states to the jurisdiction of Mexico, "... without the firing of a single shot, nor requiring the least diplomatic action, by means of a steady, spontaneous, and uninterrupted occupation." The effects of what Loret said

then where already apparent in Los Angeles, which he called "the second largest Mexican city in the world." MEChA promotes an ultimate ideology to liberate Aztlán. Four of the main Hispanic pressure groups, LULAC, the Mexican American Legal Defense and Education Fund (MALDEF), the National Council of La Raza (La Raza) and MEChA, are united in their main objectives. They promote an agenda of racial and ethnic consciousness.

They all want more immigration of their own people into the United States. They want to stop deportation of illegal aliens and want to provide American citizen's rights, including the right to vote, to non-citizens. They promote Spanish as the official language in areas dominated by Hispanics. They believe that Americans must assimilate to Hispanic culture and language.

They believe this is already their land and have no need to become citizens, learn English or assimilate in any way. By proclaiming the southwestern United States, Aztlán, they believe all those of Hispanic decent are already citizens.

It appears that anyone who disagrees with that agenda is considered a racist. Author Michelle Malkin, who is of Filipino decent, disagrees ... she too has been branded a racist.

Mexican, white, non-white depends where benefits are

In the 1950s, the LULAC recognized English as the official language of the United States, emphasized the importance of citizenship, supported immigration control and mass deportation of illegal aliens.

They even began all of their meetings reciting the Pledge of Allegiance.

Today, the LULAC supports the theory Hispanics are victimized by white people.

"Mexicans" were counted separately, for the first time, during the 1930 Census. Because Texas was segregated, Mexicans felt they were losing their status as non-white and might face the same conditions as blacks.

The LULAC succeeded a few years later in having Mexicans recognized as "whites" again, and treated that way for segregation purposes.

Then, 40 years later, after affirmative action programs become introduced for blacks, the LULAC and La Raza lobbied successfully to be recognized as "non-whites" so that Mexicans would be recognized for racial preference purposes.

They ebbed and flowed with identity, insisting they were white when there were advantages to being white. When benefits associated with being non-white surfaced, it was time to change color again.

In a letter to the editor (published in the March 12 edition of Sonoran News), LULAC President Samuel Esquivel wrote, "You are what I would characterize as a 'true racist.'" Esquivel also stated, "I hear the complaining about illegal immigrants being the cause of all these bad things, but I don't hear nobody complaining about their lawns not being cut, their houses not being cleaned, dishes not being washed in restaurants, cars not being washed, houses not being built, etc. The bottom line is, if it were not for these so called illegal immigrants, who people like you take advantage of, you would not be living in the lap of luxury, as you are accustomed to living." Esquivel claims that any suggestion about upholding laws of this nation is just a means of hiding racist behavior.

Another letter, printed in the same edition, came from John Garrido, Chairman of the National Hispanic Coalition, in the process of forming. He states, "Long ago salsa replaced ketchup as America's number one condiment. As ketchup went by the wayside, those that attempt to diminish the values Hispanic Americans hold sacred will some day also go by the wayside." Cutbacks in illegal alien benefits "a disgrace to American values" The Ford Foundation alone has poured millions of dollars in funding into organizations like La Raza and MALDEF.

And while MALDEF's Mario Obledo stated, "California is going to be a Hispanic state.

Anyone who doesn't like it should leave," President Clinton awarded Obledo the Presidential Medal of Freedom in 1998.

Immigrant rights organizations continue to lobby for special treatment toward Hispanics - bilingual education, affirmative action, mass immigration and more hate crime laws.

La Raza claims immigration control violates civil rights and that cutbacks in welfare and other benefits for illegal aliens is "a disgrace to American values." The United States Government apparently believes, somehow, that "regularizing" illegal aliens from Mexico will get one party or the other elected, depending on who grants the "regularizing." They are most likely mistaken.

These groups claim to hate Americans and all that is American. However, they keep coming ... coming to reclaim Aztlán.

And, government officials seem to be paving their way with benefits, amnesty and "rights," at citizens' expense.

Subject: SB 1108 as amended is un-American & must be rejected.

Dear Arizona State Representatives:

Multiculturalism is a basic American concept. We value the beliefs, traditions, customs, arts, history and folklore of the diverse cultures reflected throughout our nation.

I am shocked to discover all this is being put at risk due to SB1108, which started out being a routine homeland security bill. I'm asking you to please vote no on this un-American bill that would prohibit students at the state's public universities and community colleges from organizing groups based on race (ie: groups such as MEChA, the Black Business Students Association, Native Americans United, etc.)

I do not understand the rationale behind Rep. John Kavanagh (R-Scottsdale), a supporter of the measure called these campus organizations, "'self-defeating' and 'self-destructive' for students."

Multiculturalism doesn't limit students. It gives them pride in who they are and enhances their being fuller people by fostering the concept of America being the land of opportunity. As Cesar Chavez said, "Preservation of ones' culture doesn't mean contempt for others'."

These student groups are like any other school club or fraternity. They bring students together so they can achieve academic success. They offer a place to meet, make friends and support one another. Their goal is to help students succeed. For example, the members of the University of Arizona's MEChA chapter visit high schools to encourage students to attend college. They hold events and fundraisers to spread the message that education is the key to success.

As for the bill's banning public schools or colleges from including race based classes or school sponsored activities--this action could be a huge set back for our educational system. Studies show that students who learn about their race and culture have a lower drop-out rate. The bill's language is so broad, who knows what could be prohibited? Certainly Chicano studies, African-American studies & other ethnic studies programs would be put at risk.

The eyes of the nation are on Arizona. Please vote "No" on SB 1108.

Sincerely,
Diana Lobeck

Subject: ILLEGAL ALIENS

April 21, 2010

Dear Governor Brewer,

I urge you to sign this bill. Thank you Sen. Pearce for your good work. Thank goodness, Sheriff Arpaio is faithfully carrying out the laws of this great State despite the political climate and liberal newcasts.

What did Hoover, Truman and Eisenhower have in common?

Back during The Great Depression, President Herbert Hoover ordered the deportation of ALL illegal aliens in order to make jobs available to American citizens that desperately needed work...

Harry Truman deported over two million illegal's after WWII to create jobs for returning veterans.

And then again in 1954, President Dwight Eisenhower deported 13 million Mexican Nationals! "Operation Wetback" was done so WWII and Korean veterans would have a better life. It took 2 years, but they deported them!

If you have doubts about the veracity of this information, enter Operation Wetback into your favorite search engine and confirm it for yourself.

Dear Mr. Pearce:

I want to say "Thank you" for expressing so well your view on illegal immigration. You did an excellent job of explaining why the latest immigration bill was so bad and how illegal immigration is a scourge on the American society. I and a majority of Arizonans feel exactly as you do. It is obvious, however that the Washington insiders including the "Beltway Boys" just don't get it. I have been referred to by a Republican Carolina Senator as a racist and a bigot because of my views. I am a graduate of Arizona State University and am a small business owner in Arizona and I am not anti-immigration. I am, however anti ILLEGAL immigration. I am frustrated how people come into this country illegally and demand we give into their needs ,their way of life and refuse to assimilate and to learn English. The federal government and to a lesser degree, the state government has taken a ho hum approach to this problem for years. My son is a police officer in Mesa and he tells me all the time how illegal Mexicans are effecting the crime rate in that city. If I am not mistaken, President Eisenhower, during his administration, sent back 1.5 million illegal aliens back to Mexico in what was called "Operation Wetback" Again, "Thank You" Mr. Pearce for listening to my rambling and for expressing so well the view of the majority of Americans

Sincerely,

Subject: Fw: DRAFT letter

We just held hearings in the Judiciary Committee at the Arizona State Senate regarding: warrants, whose job is it? These hearings were in direct response to public safety concerns and criticism of Sheriff Joe's immigration enforcement in lieu of the thousands of unserved warrants. Of course there is no agency with direct primary responsibility over active warrant service. It is all of law enforcements job. The real focus ought to be on agencies/cities that have policies that handcuff our police officers from enforcing our immigration laws and the impact on the public's safety. The greatest threat to our citizens is the failure to enforce our immigration laws, the cost in lives, crime, billions in public benefits, American's job lose, wages suppressed, and the list goes on. We should be holding hearings on sanctuary cities - again the greatest threat to safe neighborhoods and the billions in costs to the taxpayer, not to mention the violation of federal law!! The media continues to ignore the real issue.

Phoenix, Arizona ranks number two in the world in kidnappings and home invasions, number three as the most violent city in America; and Arizona is the home invasion, car jacking, identity theft capitol of the world as a direct result of our illegal alien invasion. .

It is with great urgency that we address sanctuary policies in light of the fact that President Obama is proposing amnesty to the 20 to 30 million illegals in this country at a cost of over an additional \$3.9 trillions according to the Heritage Foundation. It is my desire to form a panel for the Appropriations Committee to conduct hearings here at the Arizona State Senate that will consist of leaders at the forefront of the illegal immigration issue and victims as a result of our failed policies. Mayors and police chiefs that have policies that restrict the enforcement of immigration laws should be subpoenaed to answer for their refusal to enforce immigration law. Phoenix Mayor Phil Gordon and Mesa Police Chief George Gascon would be at the top of the list to address the panel and explain their sanctuary policies that are in direct violation of federal law. I would appreciate your participation and any suggestions that you might have with regard to others whose experience would contribute to this panel. I do not have a specific date at this time but your attendance would be required for one day only. As Chairman of Appropriations Committee I do have subpoena power and am willing to use it to bring to the panel those we need to hear from.

Efforts to stop the illegal invasion are supported by the Phoenix Law Enforcement Association (P.L.E.A.), the Border Patrol Officers Association, the Maricopa County Republican Party, the Arizona State Republican Party, Sheriff Joe Arpaio, County Attorney Andrew Thomas, the Pachyderm Coalition, the Arizona Republican Assembly, the Minutemen Civil Defense Corporation, Arizona African American Republican Committee, You Don't Speak for Me (a national Hispanic organization for the rule of law), many other patriotic groups and according to the polls, over 75% of Arizona Citizens.

When our laws are enforced we will see less crime, lower taxes, smaller class sizes, shorter lines in our emergency rooms and reduced deaths, murders, maimings, drugs, home invasions, car jackings, kidnappings, jobs for Americans, increased wages, and ultimately save the taxpayer billions of dollars.

Citizens have a constitutional right to expect the protection of federal and state laws which prohibit unauthorized activities by non-citizens and yet they are denied equal protection under the law.

Please advise me as soon as possible if you would like to be a member of the panel or suggestions who ought to be on the panel. Your suggestions for other participants would be greatly appreciated.

Senator Russell Pearce

Subject: ENOUGH IS ENOUGH: WHAT DOES IT TAKE. (ALSO BELOW A SHORT LIST OF DEATHS, MAIMINGS, CRIME, AND SOME OF THE COST)

"If it be asked, what is the most sacred duty and the greatest source of our security in a Republic? The answer would be an inviolable respect for the Constitution and Laws" - Alexander Hamilton.

I ASK FOR YOUR SUPPORT TO ONCE AND FOR ALL ALLOW OUR POLICE OFFICERS TO ENFORCE OUR LAWS. I have an intro set in my office, come by and sign it Please.

WHY DO WE STRUGGLE WITH WHAT IS RIGHT? MY HEART IS BROKEN. Officer Shane Figueroa's Parents in-law live in my son's area and go to church with him (I have two boys in law enforcement, one with the Sheriff's Office and one son is a Gilbert Police Officer) We must work on legislation that I have introduced 4 years in a row to allow Police Officers to enforce our laws

(HCR2039 in 2008). Remove all sanctuary polices and allow officer to arrest those in this state in violation of federal law. Our citizens deserve no less, our law enforcement have the authority, and must allow them to do their job.

ENDORSEMENTS: Phoenix Law Enforcement Association (P.L.E.A.), Border Patrol, Arizona FOP, Arizona Highway Patrol Association, Maricopa County Deputies Maricopa County Republican Party, Arizona State Republican Party (both passed Resolutions unanimously to support this legislation), Sheriff Joe, Pinal Co. Sheriff Babeu, County Attorney Andrew Thomas, and according to the polls over 75% if Arizona Citizens.

My personal background in law enforcement has given me a unique and in-touch perspective with the needs and hazards experienced by rank-and-file police officers. I'm delighted to have PLEA's support and the Border Patrols support in eliminating all policies the restrict law enforcement from enforcing the law. Like me, PLEA understands the danger of ignoring illegal immigration. The burden of blind-eye police department policies and open-border philosophies were paid for with the lives of not only PLEA members, but other law enforcement personnel throughout our state. The danger clearly spread beyond law enforcement into our communities with more lives being lost. The quality of life in our state is being sacrificed for political correctness. PLEA, Border Patrol and I stand side by side for the rule of law.

MARK SPENCER President of P.L.E.A., "Mark my words another police officer will be killed as a result of Mayor Gordon's pretended revision of their policy on when you can ask and when you cannot ask on one's immigration status. ANOTHER POLICE OFFICER, HUSBAND, FATHER, AMERICAN KILLED BY AN ILLEGAL ALIEN. GOVERNMENT IS COMPLICIT IN THE DEATHS, MAIMINGS AND BILLIONS IN COST TO OUR CITIZENS.

Simply enforce our laws and you will see less crime, lower taxes, smaller class sizes, shorter lines in our emergency rooms and reduce deaths, murders, maimings, drugs, home invasions, car jackings, kidnappings, jobs taken from Americans, reduced wages, an ultimately save the taxpayer billions of dollars. We cannot afford to "NOT" enforce our laws. Attrition by Enforcement.

9/19/2011

THE "ONLY" LAW WE PUT CONDITIONS ON BEFORE A POLICE OFFICER CAN ENFORCE, THE ONLY CRIMINALS WE PROTECT BY POLICIES!!!!!!! NO OTHER CRIME OR CRIMINAL GETS THIS PROTECTION BY RESTRICTIVE POLICIES BY OUR ELECTED OFFICIALS.

Citizens have a constitutional right to expect the protection of federal laws which prohibit unauthorized activities by non-citizens and are denied equal protection law enforcement, police department or magistrate fails to enforce those laws.

I PLEDGE; TO WORK TO ELIMINATE ALL SANCTUARY POLICIES IN THIS STATE, THE RESULT WILL BE LESS CRIME, LOWER TAXES.

A misunderstanding of the relationship between federal criminal and immigration law causes one to believe being present in the U.S. in violation of immigration law is civil and "not a crime" and is clearly wrong. The enforcement role given to local government by the Constitution and the Congress is clear. Unsanctioned entry into the United States is a crime.

Assistant Attorney General Kobach explained that the inherent arrest authority of states arises from their pre-constitutional status as sovereign entities. The powers retained by the states at the time of ratification proceeded "not from the people of the United States, but from the people of the several states," and remain unchanged, except as they have been "abridged" by the Constitution. The authority of a state to arrest for violations of federal law is thus not delegated; but "inheres in the ability of one sovereign to accommodate the interests of another sovereign." This federalism-based analysis has a strong judicial pedigree.

Arizona is #1 in crime; we have become the home-invasion, car-jacking, identity-theft capitol of the world. Enough is enough. Just enforce our laws. Attrition by enforcement, it will work.

Law enforcement can no longer sit on the sidelines while our neighborhoods are invaded, our healthcare systems are over-run with illegals that have no means to pay and receive their healthcare at the expense of the taxpayers, our education system is imploded (over \$1 billion a year in just k-12 alone, jobs taken from Americans, wages suppressed, and the destruction of the rule of law.

In 2000 there were an estimated 600,000 illegal aliens in Arizona alone and that's a conservative estimate. Arizona voters are paying hundreds of millions of dollars each year for illegal aliens, providing medical care for them and subsidizing their living expenses and much more, then the crime that comes with the illegal alien invasion.

Gangs follow illegal aliens By Jon Ward THE WASHINGTON TIMES May 5, 2005.

Zogby poll: Americans fed up on illegal aliens 81% think local police should help feds.

The TIME report exposed a growing crime network. Now operating in 33 cities,

MS-13 gangs rob, kill, distribute drugs and run prostitution rings while being protected by sanctuary policies. Our Governor supports those "Hands Off" policies by our law enforcement. She vetoed a bill that made it clear they could and should assist in the enforcement of our immigration laws as

1996 federal law intended.

These cities with their sanctuary laws and the federal government are co-conspirators in that they won't

9/19/2011

enforce the law. There are over 4,000 murder warrants out, just in the Border States, for people who've committed murder and fled to Mexico. You wonder how many more people have to die...

A landmark Supreme Court decision: In *Muehler v. Mena* the Court reinforced the clear intent of Congress in this matter, inquiring about an individual's immigration status can and should be a routine part of ascertaining information, no different than asking questions about one's name, or date and place of birth.

Aggrieved residents may sue in state or federal court to block unlawful municipal passive resistance policies (so called Sanctuary Policies), and may sue officials and employees in their official or private capacities for violations of their rights. Local government officials do not possess Eleventh Amendment immunity or qualified immunity when sued in their official for prospective injunctive or declaratory relief to end statutory and constitutional violations.

"Harboring" includes any conduct that tends to substantially help an alien to remain in the United States unlawfully. Criminal liability for harboring or sheltering could arise from acceptance of a Mexican *Matricula Consular* - which, presented without proper immigration documents, is prima facie evidence of illegal alien status - by a local government agency that, for example, provide housing or utility assistance, made referrals to a public or private job assistance program or detained *Matricula* presenters for violation of city ordinances and release them without verifying their immigration status with the U.S. Immigration and Customs Enforcement.

Sheriff Arpaio and the Maricopa County Sheriff's Office have a proven track record of enforcing our immigration laws and not caving in to political correctness.

I PERSONALLY WANT TO THANK SHERIFF JOE AND COUNTY ATTORNEY ANDREW THOMAS FOR HONORING THEIR OATH'S OF OFFICE, PUTTING AMERICA FIRST AND GOING AFTER ILLEGAL EMPLOYERS (HB2745 IT'S THE LAW) AND ARRESTING THOSE WHO ARE HERE ILLEGALLY; POLICE HAVE INHERENT AUTHORITY AS IF IT WERE WRITTEN INTO STATE STATUTE. ARIZONA WILL NO LONGER BE A SANCTUARY STATE FOR ILLEGAL ALIENS OR FOR ILLEGAL EMPLOYERS.

NO JOBS!! NO FREE STUFF!! NO SANCTUARY POLICIES!! NO MORE IGNORING THE DAMAGE, THE COST, THE CRIME, THE DEATHS, THE JOBS TAKEN, THE WAGES LOWERED, THE HEALTHCARE CRISIS, THE EDUCATIONAL IMPACT OF OVER 20% OF K - 12 ARE NON-ENGLISH SPEAKERS, AND MOST WILL LEAVE ON THEIR OWN. ENOUGH IS ENOUGH.

INSTEAD OF BLAMING THE FEDS CLEAN UP OUR ACT AND TAKE THE HANDCUFFS OFF FROM LAW ENFORCEMENT. WHEN ARE WE GOING TO DO OUR JOB?????net

"This country has lost control of its borders. And no country can sustain that kind of position." - President Ronald Reagan

We are a nation of laws. We must have the courage - the fortitude - to enforce, with compassion but without apology, those laws that protect the integrity of our borders and the rights of our lawful citizens.

Another Police Officer killed a Sanctuary City. We must eliminate ALL sanctuary policies in this state and support our Law Enforcement and eliminate these illegal policies that prohibit a police officer from asking about one's legal status and allow them the discretion to arrest and book into Sheriff Joe's hotel

and hold for ICE.

Study: 1 million sex crimes by illegals; More than 100 sex offenders crossing border daily Deborah Schurman-Kauflin: Based on a one-year in-depth study, a researcher estimates there are about 240,000 illegal immigrant sex offenders in the United States who have had an average of four victims each.

Deborah Schurman-Kauflin of the Violent Crimes Institute in Atlanta analyzed 1,500 cases from January 1999 through April 2006 that included serial rapes, serial murders, sexual homicides and child molestation committed by illegal immigrants.

Most offenders were in states with the highest numbers of illegal immigrants. California had the most offenders, followed by Texas, Arizona, New Jersey, New York and Florida.

I hope the following 14 reasons are forwarded over and over again until they are read so many times that the reader gets sick of reading them. I have included the URL's for verification of the following facts:

11. During the year of 2005 there were 4 to 10 MILLION illegal aliens that crossed our Southern Border also, as many as 19,500 illegal aliens from Terrorist Countries. Conservative Total cost is a whooping... \$338.3 BILLION A YEAR!!! The cost of fence \$2 billion. The cost of enforcement, billions saved, citizens safer, jobs protected, etc.

If this doesn't bother you then just delete the message, but on the other hand, if it does raise the hair on the back of your neck, then forward it.

Subject: RE: Illegal Immigration Letter #2 (blue take out/ Red add to letter)

Brother William Evans
Public Communications
15 E. South Temple
Salt Lake City, Utah 84150

Dear Brother Evans:

I'm writing to you as follow-up to our previous phone conversation in December and also as follow-up to the letter which I and a number of other legislators sent you in January. I'm enclosing a copy of the letter on the off-chance that you didn't receive it.

Many of the signers of that letter have asked in recent weeks if I have heard anything back from Church headquarters. I told them no, and I sincerely hope that we will receive a response. In the meantime, I thought that perhaps I would update you on what has been happening here.

WE are a Nation of Laws and The Rule of Law must be upheld. The very survival of this Great Nation Depends on it. Enough is Enough!!!! We must, Enforce the Law, Secure the Border, Sanction law breaking employers, stop insane policies that reward or encourage "illegal" immigration:

We are a Nation of Laws. We "Our" elected officials, and our appointed officials, must have the courage – the fortitude – to enforce, with compassion but without apology, those laws that protect the integrity of our borders and the rights of our lawful citizens.

The Polls Zogby, Roper, Pew, and A recent CNN poll showed 87 percent of Americans want illegal immigration stopped. It is critical to distinguish the reform that the public seeks from the deceptive package of measures that the immigration lobby is peddling.

5,000 to 10,000 "illegal aliens" enter the U.S. successfully every night, 3 to 4 million cross "illegally" into the United States every year.

Twelve to 23 million "illegal aliens" currently in the U.S.

Today, conditions are probably as bad or worse than they ever have been on the border. What we find is a mass invasion of historic proportions: individuals running through backyards, breaking down fences, slaughtering cattle, cutting their dogs' throats if they bark, and terrifying people. Men and women who live on the border walk around armed. Women accompany their children to the bus stop with a gun in their purse in the heaviest cross-corridors.

Violent gang activity is on the rise. The largest and most violent gangs in America are made up of illegal aliens (MS-13 '50,000' strong, one of the most violent every known) For example, several Virginia suburbs have seen an increase in machete crimes, as foreign gangs seem to use this weapon to cut off fingers of rivals.

Most people now understand that illegal immigration affects the entire nation. Illegal immigrants are showing

Exhibit E-15

up all over the country.

Local governments are being forced to deal with huge impacts of illegal aliens. Neighborhoods turned violent.

Who suffers? The answer is you and I. We are forced to bear the burden of rising taxes to pay for free services for illegal immigrants!

In January, a federal judge imposed a fine on the state of Arizona to force the legislature, against its will and against its better judgment, to teach English to illegal aliens by a proven-to-fail method that we have no hope will truly educate these children. The fine is expected to be \$20 million-plus.

In the last three months, we legislators have discussed and processed numerous bills dealing with the problem and costs of illegal aliens in Arizona, including the following:

- A bill to make it the crime of trespassing if an illegal alien is discovered here without proper documentation.
- \$50 million to purchase, and install radar equipment for monitoring the border.
- \$30 million for the cost of enforcement and incarceration of illegals captured in Arizona.
- \$20 million additional in the Dept. of Public Safety budget for additional gang enforcement due to increased gang activity from illegal aliens.
- Employer sanctions against those who intentionally hire illegals to gain a competitive edge over honest, law-abiding businesses.

A few weeks ago, a huge protest march by 20,000 Hispanics shut down an entire section of Phoenix, blocking streets, forcing businesses to close, and jamming traffic for hours.

On Monday, April 10, we anticipate another march, this time with an expected crowd of 100,000 protesters, organized by radical illegal alien activist, including an ex con. The bus company has already notified us that they will not provide service to the Capitol area that day, as the buses will simply be unable to move with such a huge mass of people in the streets. With no bus service, many government employees will not be able to get to work. Those who travel by car will be unable to go home from work at the usual time and will be forced to stay in their offices until the crowds disperse sometime in the evening. All of our police agencies have been put on alert and are making plans for the event, including state, county, and city law enforcement, and the homeland security departments at these various levels of government. The Governor has announced that the National Guard will be on standby. We are all concerned about protecting our staff in the event that the protestors become unruly or disruptive. This isn't the first demonstration we have to deal with at the Capitol, nor will it be the last and many of the protestors carry vulgar signs and anti American slogans or statements. It is significant, however, that each demonstration is larger than the last, and the demands of the protestors are continuously for rights that are reserved for citizens do not enjoy. Most of the protestors are not legal citizens, legal residents, or even legal visitors in our country. They are illegal. They have no right to request or demand anything.

We wait hopefully for a response from you or someone else who is authorized to speak for the Church. As we stated in our previous letter, we very much would like to have some counsel and direction on how the Church perceives these issues. We believe in the 12th Article of Faith regarding the importance of honoring and sustaining the law of the land.

Thank you for your kindness in entertaining our correspondence and request in your busy schedule.

Best regards,

Senator Karen S. Johnson

Dozens arrested in crackdown on Latino gang accused of targeting blacks

Authorities place a man in custody. Raids by about 1,400 local, state and federal law enforcement officers targeted members and associates of the Varrío Hawaiian Gardens gang, which has a strong presence in the small city.

Authorities charge 147 members and associates in a massive racketeering case with racially motivated attacks designed to drive African Americans out of Hawaiian Gardens.

By Scott Glover and Richard Winton
May 22, 2009

Federal authorities Thursday accused a south Los Angeles County street gang of a litany of crimes, including the murder of a sheriff's deputy and racially motivated attacks designed to drive African Americans from their town.

The charges, part of a massive racketeering case dubbed Operation Knock Out, were outlined in several indictments charging 147 members and associates of the Varrío Hawaiian Gardens gang with murder, attempted

murder, drug trafficking, weapons trafficking, extortion, kidnapping and witness intimidation.

Federal agent John Torres

Median household income \$46,897

Gang territory

The gang, also known as VHG, is so pervasive in Hawaiian Gardens that one in 15 people living in the square-mile city just north of Long Beach has ties to it, said Sal Hernandez, the FBI's top agent in Los Angeles.

"Imagine living in a community where one in every 15 of your neighbors swears allegiance to an organization committed to the spread of violence," he said. "The good people deserve to live in peace."

The early morning raids Thursday involved approximately 1,400 local, state and federal law enforcement officers who fanned out across the small, densely populated city and surrounding communities. Seventeen SWAT teams helped make the arrests.

The probe into the gang began in 2005 after Los Angeles County Sheriff's Deputy Jerry Ortiz was fatally shot by a Varrio Hawaiian Gardens gang member he was trying to arrest in connection with the shooting of an African American man. The shooter, a veteran gang member with devil's horns tattooed on his forehead, has been convicted of murder and sentenced to death.

U.S. Atty. Thomas P. O'Brien, speaking at a news conference at the Lakewood sheriff's station, where the slain deputy had been assigned, touted the case as the "largest gang takedown in United States history."

"Today we honor Deputy Ortiz by coming together to crush the outlaw gang that took his life and make a positive difference for the law-abiding people who live in Hawaiian Gardens," said O'Brien, who stood in front of a memorial to Ortiz and other officers killed in the line of duty as he spoke.

Authorities said the gang was formed in the 1950s or early '60s and today has more than 1,000 members spanning several generations, many of them with connections to the Mexican Mafia.

The gang started out with street robberies, drug dealing and turf wars with other gangs, but has since escalated its level of violence, authorities allege.

It is accused of taunting law enforcement with particularly brazen acts, including scrawling "187," the

Exhibit E-16

California Penal Code designation for homicide, on a sheriff's patrol car in 2006. Authorities interpreted the vandalism as a reference to Ortiz's killing a year earlier.

Gang members also spray-painted the words "Rest in Piss Ortiz" on a wall, said Assistant U.S. Atty. Michael S. Lowe, the lead prosecutor on the case.

The gang members, with monikers such as Slasher, Shady, Diablo and Menace, boasted about being racist, referring to themselves as "the Hate Gang," according to a 193-page indictment that outlines the racketeering case.

"VHG gang members have expressed a desire to rid the city of Hawaiian Gardens of all African Americans and have engaged in a systematic effort to achieve that result by perpetrating crimes" against them, the document states.

The indictment details 476 "overt acts" that gang members allegedly committed as part of the racketeering conspiracy since 1992. The crimes include the dealing of methamphetamine, heroin and crack, and the killing of a fellow gang member suspected of cooperating with law enforcement.

The document also details more than a dozen incidents in which African Americans were allegedly beaten, shot at or harassed because of their race.

In one incident, a gang member is accused of using a racial epithet against an African American, yelling at him to "get out of town," then attacking him with a garden rake. The indictment states that one gang member was heard bragging about the murder of Ortiz, saying it had put the gang "back on the map."

As a result of the raids Thursday, about 90 suspected gang members and associates were arrested, including some who were not listed in the indictment but taken into custody for other alleged crimes, authorities said.

Thirty-five of those charged were already in custody for other alleged crimes; 49 either remain at large or have yet to be identified.

During the four-year probe, authorities seized 105 guns and more than 30 pounds of methamphetamine, cocaine and heroin. The drugs had an estimated street value "worth well over a million dollars," said Timothy J. Landrum, special agent in charge of the Drug Enforcement Administration in Los Angeles.

Dozens of the defendants made their initial appearances in U.S. District Court in Los Angeles, where most were ordered held without bail.

Thom Mrozek, a spokesman for the U.S. attorney's office, said the number of defendants charged in the case significantly exceeded the 102 defendants charged in a case against the Florencia 13 gang two years ago -- a case prosecutors then said was the biggest of its kind in the nation.

Reaction to Thursday's raids varied.

Hawaiian Gardens Mayor Michael Gomez praised authorities, saying "the city appreciates the help, both in resources and personnel that we have received in today's anti-gang operation.

"Honest residents should not have to live in fear of lawless thugs who act like its high noon at the OK Corral."

Barry Bruce, a community activist who took it upon himself to attend the news conference at which the arrests were announced, accused authorities of overstating the gang problem in Hawaiian Gardens and of mistreating

Exhibit E-16

residents he said were falsely labeled as gang members.

"There are serious violations of civil rights going on in the community," Bruce, who runs an urban outreach program called Way Out Ministries, told reporters. "The police are supposed to follow the law."

Thank heaven for Prop. 200. Over 100,000 (almost all illegal aliens) marched in our streets in Phoenix and their slogan, "Today we March tomorrow we Vote". But, because of Prop. 200 we actually have 'standards' and they could only register 126 of them, because one must be a citizen to vote and actually give some evidence of such. Apparentlyt this offended the pro illegal alien crowd to actually require some evidence or proof and so they took Prop. 200 to court again (the 7th time) and lost again. This effort is a continous effort to gain political control at any cost, even if it means further destruction of any standards or the Rule of Law. Lies and more lies as they attempt to turn this country over to law breakers. They continue to invent arguments, while the whole issue is about 'illegal' aliens and giving them rights they don't deserve and reserved for U.S. Citizens and the trying to give the left political power, it is complete political corruption.

Proof of citizenship to vote affirmed

By Howard Fischer
Arizona Daily Star
June 20, 2006

PHOENIX — A federal judge refused Monday to order counties to accept new voter registrations without the proof of citizenship mandated by Proposition 200.

U.S. District Judge Roslyn Silver rejected arguments by various groups that federal law requires counties to honor a national mail-in voter registration form that does not require applicants to prove they are citizens.

Silver said the requirements of the National Voter Registration Act are simply a starting point. She said states are free to enact measures — including requiring proof of citizenship — to make sure those people who sign up to vote are in fact legally qualified to do so.

Monday's ruling does not end the lawsuit filed by organizations ranging from the Mexican American Legal Defense and Education Fund and the League of Women Voters to the Inter Tribal Council of Arizona. It simply denies them the restraining order they sought for immediate relief.

But Nina Perales, who represents MALDEF, conceded that Silver's view of what the federal law does and does not prohibit will make it difficult for foes of Proposition 200 to win their case. Perales said no decision has been made on whether to seek immediate review by the 9th U.S. Circuit Court of Appeals.

Proposition 200, adopted by voters in 2004, requires proof of citizenship to register and requires

identification to cast a ballot. Rules adopted by the state list specific documents that can be used to show that someone is legally entitled to register to vote, such as a driver's license, passport or birth certificate.

But Perales said the national voter registration form, created under a congressional order, has no such requirement. She told Silver people who use this form must be allowed to register and vote without proof of citizenship.

The groups that sued had the backing of Paul DeGregorio, director of the U.S. Election Assistance Commission, which put together the federal form. He sent a letter to Secretary of State Jan Brewer in March saying federal law requires counties to accept that form without additional identification.

Silver, however, said both the plaintiffs and DeGregorio are wrong. She pointed out that federal law says states may obtain other information necessary to "assess eligibility of the applicant" to vote.

"Determining whether an individual is a United States citizen is of paramount importance when determining his or her eligibility to vote," Silver wrote. She noted that federal law "repeatedly mentions that its purpose and goal is to increase registration of 'eligible citizens.' "

The lawsuits also contend Proposition 200 is illegally discriminatory because minorities are less likely than others to have the kind of identification necessary. Silver has yet to hear any testimony on those claims.

Subject: What's a Racist?

Your comments are welcome. Please write back and tell me your definition of a racist.

I'm a racist because I asked my government to uphold the law and deport illegal aliens.

I'm a racist because I believe law enforcement agents should be empowered to handle all matters concerning illegal aliens. The INS is impudent.

I'm a racist because I asked my city government to uphold city codes and not allow single family dwellings to be occupied by dozens of people.

I'm a racist because I asked my state government not to give drivers licenses and/or driving certificates to illegal aliens.

I'm a racist because I asked fellow Americans to employ fellow Americans.

I'm a racist because I object to paying higher uninsured motorist premiums because of illegal aliens driving while uninsured and killing fellow Americans.

I'm a racist because I strongly object to the criminal element illegal aliens bring with them and inflict on society.

I'm a racist because I don't want to be taxed to pay for a prison population comprised of mainly Hispanics, Latinos, Mexicans or whatever else you wish to call them.

I'm a racist because I demand that my government protect our borders and our sovereignty.

I'm a racist because I believe that the News Media has a duty to tell us the names and race of criminals.

I'm a racist because I object to having to pay higher sales tax and property tax to build more schools for the illegitimate children of illegal aliens.

I'm a racist because I object to paying higher taxes to absorb the loses hospitals all across America are incurring because of illegal aliens.

I'm a racist because I want to deny citizenship to all anchor babies born in this country pre 2006 and here after.

I'm a racist because I object to our welfare system being raped by illegal aliens.

I'm a racist because I object to corporations and municipalities spending billions to write everything in Spanish.

I'm a racist because I object to corporation and municipalities spending billions to translate everything in Spanish.

I'm a racist because I dislike having to push one for English and/or listening to a message in Spanish.

I'm a racist because I object to our immigration policies giving preferential treatment illegal aliens while discriminating against people who wish to immigrate legally.

Factual is not racial. Realism is not racism. The new definition of a racist is anyone winning an argument with a liberal, minority, pacifist, bible banger, or moron.

I forgot to tell you earlier this morning, Karen, that yesterday (Thursday) was the day that the landscapers come into my subdivision to cut the grass and clean up the park. The crew has always been totally Hispanic. Yesterday there were two men who were obviously NOT Hispanic -- very white and very American looking -- like college kids. Hooray! It looks like the illegals are starting to depart.

AMERICA WILL BECOME AMERICA AGAIN

Please forward this column to all of your elected officials, particularly your US Senators. The Saddam Hussein of the western hemisphere lives and breathes in the body of Mexico's President Vicente Fox. Without a doubt, **Fox will prove more dangerous to the United States than the former Iraqi dictator. Fox will prove the master chessman that absorbed the four Border States into the Mexican nation.**

While the sandbox thug from Iraq stands trial for mass killings, Mexico's Fox promotes drug deaths, human misery, corruption, degradation of his own country and worse—he exports millions of **Mexicans illegally** into the United States. Fox makes it SO miserable south of our border that Mexicans flee their own country. Fox makes our country his country by default.

Iraq's Hussein could have used billions of oil dollars to bring education, jobs, infrastructure improvements and betterment to Iraqi society. Instead, he gassed Kurds, built mansions and invaded Kuwait.

With similar opportunities, Mexico is the world's ninth largest economy. It is blessed with massive oil reserves, hard working citizens and access to ocean trade routes. Mexico enjoys some of the greatest resort destinations in the world at Cancun, Cabo San Lucas, Puerto Vallarta and many others. Mexico borders the greatest economic and free society in the world. Mexico enjoys incredible benefits from its neighbor the United States.

Any honest leader with such vast resources would be expected to bring his country advancing successfully into the 21st century. Instead, **President Fox runs one of the most corrupt and failed governments in the western hemisphere.**

Mexico City, flooded and staggering with over 22 million citizens, stands as a benchmark for Third World wretchedness. Filthy air pollution, human misery, disease, crime, lack of education, little medical care, environmental devastation and futility permeate Mexican society.

The last time I traveled from Juarez (near El Paso, Texas) to Mexico City, I saw miles upon miles and

Exhibit E-21

millions of people living in cardboard shacks where they walked outside at daylight to squat for their morning constitutional alongside their chickens. The filth, poverty and human suffering in Mexico City rivals anything seen in Asia. I rode trains through towns where trash started at the city limits and it grew into horrendous piles until I reached the other side of town. People walked around in it like it was a golf course. They showed no sense of pride or responsibility.

How could three to four million people on the outskirts of Mexico City live in such utter degradation and human squalor?

The answer stems from the incredible corruption of Mexico's Fox and his power elites. First of all, Mexico features 22 billionaires. **It shelters a high class** that pays less than 14 percent annual income tax. Education in Mexico does not extend beyond sixth grade for most children. There is a reason for that: it's easier to maintain control of 104 million people when most of them are illiterate. **Thus, the average Mexican makes less than \$5.00 per day.** With little education and no understanding of the consequences of large families, most Mexican couples suffer six to seven kids and more. Their poverty becomes automatic. It's grinding, futile and endless.

Corruption becomes a mechanism by which a Third World country like Mexico operates. It becomes an embedded way of operating by all citizens. It's called 'Third World Momentum'.

In the meantime, President Fox facilitates upper class entrenchment of money and power. **His military facilitates the \$128 billion annual drug trade pouring over the U.S. border with Mexico.** Fox and his cronies make life impossible for millions of poverty stricken, uneducated and desperate Mexicans. Fox watches as his citizens become sick from horrific air pollution, water pollution and degradation of rivers, lakes and land. Rivers run with sewage that runs into the ocean without regard for environmental consequences.

I discovered this aspect of leaders while traveling through Third World countries: as long as they are on top of the pile, they don't care how many suffer beneath them.

So why is Fox more dangerous to America than Saddam Hussein? First of all, Hussein, 10,000 miles away, couldn't get out of his sandbox even if he owned weapons of mass destruction, which he didn't. Hussein was never a threat to the United States. Bush could have declared war on the 'Man in the moon' for all the good it did our country.

However, Fox engineers the greatest invasion of another country ever seen in the 20th and 21st centuries--without firing a shot. He sends his poorest citizens to work in the United States, thus undermining our language, welfare, wage, tax and job structures.

With over 10 million illegal alien Mexicans working and living in America, Fox, commandeers \$20 billion in annual cash transfers into his country. **He dumps tens of thousands of his pregnant women into the U.S. to deliver anchor babies, which then feed off our welfare systems. In excess of a million Mexican children enjoy our education systems on our tax dollars even as our jobs are stolen or wages depressed by Mexicans.** Bilingual education for Mexican children costs U.S. taxpayers \$8 billion annually added to the \$7,000.00 it takes to educate one Mexican illegal student for one year. Do the math! Added to that consequence is the dumbing down of our own classrooms to match the illiteracy rates of the Third World. It's a recipe for lowering our country into the same uneducated squalor of Mexico.

The average illegal alien head of household in the U.S., according to the Center for Immigration Studies in Washington, DC, uses \$2,700.00 more in welfare services than he/she pays in taxes. Over 400,000 illegal alien Mexican convicted felons reside in our state and federal prisons at a cost of \$1.6 billion annually to U.S. taxpayers. In other words, illegal alien labor is anything but cheap!

Exhibit E-21

According to Bears and Sterns report in 2005, illegal Mexican workers are part of the second largest underground economy in the world that doesn't pay \$400 billion in IRS income taxes annually. Fox has successfully undermined and corrupted our entire education, wage and taxation system across the nation in every state where illegal Mexicans live and work. Furthermore, Fox installed Mexican consulates in 56 American cities to aid and abet his drones.

For an example of Fox's cunning invasion, Los Angeles no longer stands as an American city. Less than half of the population speaks English. More than three million illegal aliens reside in Southern California. They have trashed the school systems, infrastructure, bankrupted 86 hospitals and criminal gangs own the streets. California languishes with a \$38 billion debt.

This is only the tip of the iceberg. **Given enough time, Mexico will reconquer by sheer numbers—Texas (1.5 million illegals), New Mexico (500,000 illegals), Arizona (500,000 illegals) and California (3.0 million illegals).** Americans are fleeing instead of fighting. Understand this harsh demographic reality: Mexico grew from 50 million in the 20th century to 104 million. They are expected to double to 200 million in this century. That means Fox's invaders will double in numbers and become the dominant population in America without firing a shot.

For those who know about Mexico's 'colonias' or 'new neighborhoods', according to the New York Times, in 1985 a total of 170,000 of Mexico's poorest set up shanty towns inside the U.S. from Brownsville, Texas to San Diego, California. They exist with no running water, sewage treatment, roads or electricity. By 2000, they swelled to 500,000. By 2005, they topped 1.0 million. At the current rate of immigration, Mexico will give us 20 million wretchedly poor, diseased and uneducated masses by 2021.

In other words, America will no longer be America. It will become a mirror of Mexico with all the chaos, futility, disorder, crime, disease and human misery now observed south of the border.

What makes me sick to my stomach--our own **President Bush and Congress are Fox's right hand facilitators for encouraging and aiding this invasion. Our own president and Congress are traitors to our Constitution.** However, Bush, Cheney and Fox understand this: angry American citizens grow in numbers daily and we will hound you with Jim Gilchrist's Minutemen in every state; Chris Simcox will guard our borders; we will not accept amnesty guest worker programs for 20 million illegals; ***we demand this immigration invasion be stopped; we will vote senators and congressmen out of office who abet this invasion; we will stand in the streets and we will wave the American flag; we will not wave the Mexican flag; we will not speak Spanish; we will write, call, talk, speak out and stand up; we will never give up our country without a fight. We will not go quietly into the night. America will become America again!***

Path to national suicide

PATRICK J. BUCHANAN

"At what point, then, is the approach of danger to be expected?

"I answer, if it ever reach us, it must spring up amongst us. It cannot come from abroad. If destruction be our lot, we must ourselves be its author and finisher. As a nation of freemen, we must live through all time, or die by suicide."

So said Abe Lincoln to the Young Men's Lyceum in Springfield. Observing the Senate last week, and looking over the latest figures from the Census Bureau, America is now risking national suicide.

Last week, senators meeting in secret produced a bill to legalize our 12 million to 20 million illegal aliens. If a path to citizenship becomes law, nothing will stop the next invasion. As President Bush acknowledges, 6 million tried to breach our southern border in his first five years. One in 12 - 500,000 - had a criminal record.

Bottom of Form

According to the Census Bureau, from mid-2005 to mid-2006, the U.S. minority population rose 2.4 million, to exceed 100 million. Hispanics, 1 percent of the population in 1950, are now 14.4 percent. Their total number has soared 25 percent since 2000

Good article

alone. The Asian population has also grown by 25 percent since 2000.

The number of white kids of school age fell 4 percent, however. Half the children 5 and younger in the United States are now minorities.

What is happening to us? An immigrant invasion of the United States from the Third World, as America's white majority is no longer even reproducing itself. Since Roe v. Wade, America has aborted 45 million of her children. And Asia, Africa and Latin America have sent 45 million of their children to inherit the estate the aborted American children never saw. God is not mocked.

And white America is in flight.

In the 1990s, for the first time since the Spanish came, whites left California. Two million departed. From July 1, 2005, to July 1, 2006, 100,000 more packed up and headed back whence their fathers came. The "Anglo" population of the Golden State is down to 43 percent and falling fast. White folks are now a minority in Texas and New Mexico. In Arizona, Hispanics account for over half the population under 20.

The future is not in doubt. Why ought this be of concern?

First, while the black and Hispanic population combined is now 85 million - five times what it was in 1960 - half of all black and Hispanic kids drop out of high school. And the average math and reading scores of the half who graduate are at seventh-, eighth- or ninth-grade levels.

And the future is not so sanguine as it seemed 50 years ago. As I write in "State of Emergency":

"In 1960, 18 million black Americans, 10 percent of the nation, were not fully integrated into society, but they had been assimilated into our culture. They worshiped the same God, spoke the same language, had endured the same Depression and war, watched the same TV shows on the same four channels, laughed at the same comedians, went to the same movies, ate the same foods, read the same newspapers and went to schools where, even when segregated, we learned the same history and literature and shared the same holidays: Christmas, New Year's, Washington's Birthday, Easter, Memorial Day, July 4, Labor Day, Columbus Day. Segregation existed, but black folks were as American as apple pie, having lived in this land longer than almost every other group save the Native Americans.

"That cultural unity, that sense that we were one people, is gone."

Today's immigrants exceed in number anything any nation has ever known. They now come from cultures and countries whose people have never before been assimilated by any First World country. Not only is the Melting Pot broken, it is rejected by our elites. Minorities are urged to hold onto their own language, customs, traditions. Identity politics is in. And the largest cohort, Mexicans, comes from a country with a historic grievance and a claim on the territory they are entering.

Moreover, since the cultural revolution of the 1960s, we have been fighting one another over issues of race and ethnicity, history, heroes and holidays, morality and religion, right and wrong.

All over the Western world, multiethnic, multicultural countries are coming apart over language, ethnicity, history. The Soviet Union broke into 15 nations, Yugoslavia into half a dozen. Czechs and Slovaks divorced. Scots want separation from England. Catalans and Basques seek independence. Corsicans and Bretons want out of France. Northern Italians want to secede. Only immigrants who prefer Ottawa prevent Quebecois from breaking free of Canada.

Good article

As we see from the election battles in Peru, Bolivia, Ecuador and Mexico, race and ethnicity are not receding as issues, but rising. In South Central Los Angeles, black and Hispanic gangs are at war over race and turf.

Addressing the Knights of Columbus in 1915, Theodore Roosevelt warned, "The one absolutely certain way of bringing this nation to ruin, of preventing all possibility of its continuing to be a nation at all, would be to permit it to become a tangle of squabbling nationalities."

In every way possible, Americans have said they do not want to take this risk with their country. Why, then, are our elites taking it?

Multi-Lingual Madness ~ Gov't 'Aids and Abets' Illegal Aliens (Part 1)

After leaving academia, she created and directed the first Department of Research and Program Evaluation for Big Brothers/Big Sisters of America's National Office in Philadelphia. Dr. Peterson currently researches and writes only on the issue of illegal immigration and its effects upon American culture, language and society. By Daneen G. Peterson, Ph.D.

March 1, 2006

Our sovereign nation is facing an overwhelming illegal alien invasion by an Hispanic 'migrant army' that has defied our immigration laws and sovereignty.⁽¹⁾ The invasion of America now totals 20 -23 million and rising. Of that number, 90% are Hispanics who balkanize our cities and towns, and arrogantly corrupt our unifying national language while actively disrespecting our culture, society and country! All this is being accomplished while our complicit government shamelessly stands by blatantly ignoring the anarchy, by allowing Mexico's human tsunami of illegal aliens to lawlessly overrun America.

The invading illegal alien horde is diminishing our quality-of-life, overloading our hospitals, schools and jails, and bankrupting our taxpayer treasury. It is a Mexican invasion, an act of war, that has reduced our country to nothing but a lawless territory with little or no sovereignty left! Mexico has been waging their one-sided war for decades by sending a migrant army of some 20 million of its citizens to colonize and *reconquista* America. It is a war they intend to win "without firing a shot!" It is a clear and evident *de facto* war, totally ignored by our government. It is a war that has been carefully planned, blatantly conducted and arrogantly executed without a single change or deviation from the original 1982 'Mexican Manifesto.'⁽¹⁾

The current Mexican government, led by Vicente Fox, arrogantly continues to wage Mexico's *de facto* war by openly engaging many complicit Hispanic shills here in America who work assiduously to stop all those who would stand against them. Those shills work 'hand in glove' with such racist Hispanic organizations such as the NCLR (National Council of La Raza -- 'The Race' which is NOT a race), MALDEF, LULAC, MEChA, the ACLU and SPLC.⁽²⁻⁷⁾

Other illegal alien 'aiders and abettors' who are working in concert with them is a "fifth column of many people [here in America] who act traitorously and subversively, out of a secret [or not so secret] sympathy, for the enemy of their country [America], in our country [America]."⁽⁸⁾ Members of the 'fifth column' include Hispanic enablers like the Catholic church, the media, greedy employers and inept politicians, major foundations like the Ford Foundation, the US Chamber of Commerce, American unions and many 'clueless' Americans.⁽⁹⁻¹²⁾

Considering that one of the first rules of warfare, is 'to know thine enemy' this series of 'aid and abet' articles will reveal to all . . . who stands against "We the People" and our American sovereignty.

This article will clearly reveal who is 'aiding and abetting' this massive illegal alien invasion. This series will expose those racist Hispanics and their coterie who have insinuated themselves into our police departments, mayoralties, schools, jails, hospitals, courts, churches, local townships, legislatures, media, task forces and advisory boards, etc.

It will also expose the pandering and cowardly legislatures, police departments, governors and mayors, many of whom have appointed by fiat, mostly Hispanics and Latinos, to populate and run those task forces and advisory boards . . . all across the country. These appointments have provided the pro-illegal alien lobby with subversive entrée to lawmakers and the politically powerful.⁽¹³⁾

Shamefully, Hispanics and Latinos receive such entrée and clout in total disregard of the fact that their Hispanic constituency is artificially inflated by millions upon millions of illegal aliens. How fair it that to honest, law-abiding Americans. The

question that should be asked is whether or not YOU have that same accessibility?

Lastly, what do you think they'll do as their numbers continue to increase through this unchecked illegal alien invasion and their anchor babies? Don't stand around and wait to find out . . . you won't like the answer! In the meantime, reflect on the following quote by Dante Alighieri: "The hottest places in Hell are reserved for those who, in times of great moral crisis, maintain their neutrality." In other words, enough is enough, stand up America and help 'Stop the Invasion!'

How did we get there from here?

Since the early 1990s, just about everywhere, schools, businesses, police departments, etc., it was demanded that we participate in 'sensitivity training' which promoted 'cultural diversity.' A process that required us to accept, espouse and apply a multi-cultural orthodoxy, everywhere and everyplace. A doctrine that embraces diversity, which by definition engenders a society and culture that is divergent, different, and disparate, the exact opposite of our national motto -- *E Pluribus Unum*. Out of many, ONE!

Multi-culturalism is a concept that requires us to promote and celebrate an American culture of non-assimilation and non-acculturation. One that encourages people who are dissimilar, unlike, and different from one another, to remain that way. A Machiavellian veneration that is the complete opposite of our world famous American 'melting pot' motto, a vibrant concept that represents a dynamic process of a 'coming together' by diverse peoples who willingly assimilate and integrate into our unique, blended American culture!

In addition and over time, we have been assailed and bombarded by another phenomenon called pc, 'political correctness' or more aptly named 'political castration!' This means that anyone who objected to the massive influx of illegal aliens extolled by the exhortations of multi-culturalism, were quickly and loudly labeled 'racists, xenophobes and nativists.' This allowed the multi-culturalists and pro-illegal alien and open-borders crowd to keep Americans SILENCED!

The illegal alien invasion of America now totals 20 -23 million and rising. Of that number, 90% are Hispanics. How can such an overwhelming influx of Spanish speaking Hispanics and Latinos be construed as 'diversity' when it will change America into an Hispanic uni-culture once those Hispanic 'migrant' masses gain enough political power to shove their balkanizing, racist Hispanic linguistic agenda down the throats of America!⁽¹⁴⁻¹⁹⁾

This paper will reveal those who are 'aiding and abetting' the illegal alien invasion. It will expose those Hispanics and their enablers, who are diligently working to turn America into a bilingual country. Their ultimate goal is to leverage their illegal alien numbers to become politically dominant. Once that happens English speakers will then become what the Census Bureau calls "Linguistically Isolated" in their own

nation. Bilingualism will divide America in two, pushing us inevitably toward conflagrations not unlike those that have erupted around the world.

What IS America?

Bilingualism is the antithesis of our national motto: E Pluribus Unum: Out of many, ONE! Former Colorado Governor Richard Lamm said it best: *History shows that no nation can survive the tension, conflict and antagonism of two or more competing languages and cultures. It is a blessing for an individual to be bilingual; however, it is a curse for a society to be bilingual.*⁽²⁰⁾ *Societies [that] are bilingual [become] two competing and nation-dividing languages. A nation is much more than a place on a map. It is a state of mind, a shared vision, and a recognition that we are all in this together . . . [and] one indispensable element must be that we all speak one common language.*⁽²¹⁾

America is the greatest and most successful experiment regarding the integration and assimilation of people of differing cultures, languages, and religions.⁽²²⁾

Just imagine if millions of Americans were to enter Mexico illegally, demand that the local government provide free medical care, demand bilingual doctors and nurses, demand bilingual government forms, fly the US flag from their homes and cars, demand courses on American culture in their schools, demand local driver's licenses, and insist that local law enforcement officers speak only English.⁽²²⁾

Reverse that scenario and everyone who's awake and paying attention KNOWS that is exactly what is occurring all across America -- and has been happening for a very long time.

"In California, Arizona and Texas, Mexican immigrants, both legal and illegal, wave Mexican flags in [and from] their vehicles, homes, parties, demonstrations and school classrooms. They speak Spanish and demand everything be translated in their native language. Now with over 10 million illegal alien Mexicans, the United States suffers colonization by sheer numbers and bows to their demands while it spends billions on language classes for children and parents who will never honor English of their host country."⁽²³⁾

"These new immigrants arrive from totally incompatible cultures. They are the seeds of cancer sewn into our social fabric that will eventually destroy our nation. Again, when the rate of immigration exceeds the rate of assimilation, it is a recipe for the annihilation of our civilization. . . How can anyone who knows Mexico think its culture 'wants' to assimilate into America's?"⁽²³⁾

"No country on earth today is successful with 'multiculturalism'. It's a lie, it's a proven failure, it's dangerous, it's deadly and it's growing in America."⁽²³⁾

Quoting Seymore Martin: "The histories of bilingual and bicultural societies that do not assimilate are histories of turmoil, tension and tragedy." To correct that possibility for America, Steve Sailer offers the wisdom that: "You need newcomers who are willing and able to assimilate, a dominant culture that is willing and able to require them to do so and admissions that are not so large that they undermine these objectives."

President Teddy Roosevelt summed it up succinctly: "In the first place, we should insist that if the immigrant who comes here in good faith becomes an American and assimilates himself to us, he shall be treated on an exact equality with everyone else, for it is an outrage to discriminate against any such man because of creed, or birthplace, or origin. But this is predicated upon the person's becoming in every facet an American, and nothing but an American . . ." (24)(25)

"There can be no divided allegiance here. Any man who says he is an American, but something else also, isn't an American at all. We have room for but one flag, the American flag . . . We have room for but one language here, and that is the English language . . . and we have room for but one sole loyalty and that is a loyalty to the American people." (24)(25)

More Teddy truisms . . . "The one absolutely certain way of bringing this nation to ruin, or preventing all possibility of it continuing as a nation at all, would be to permit it to become a tangle of squabbling nationalities."

"For an American citizen to vote as a German-American, an Irish-American, or an English-American [or a Mexican-American], is to be a traitor to American institutions; and those hyphenated Americans who terrorize American politicians by threats of the foreign [Hispanic] vote are engaged in treason to the American Republic."

Who could argue against Roosevelt's declarations? No true American could or would. But the president of a country that shares a 2000 mile border with America can and does disagree.

Vicente Fox Expresses His Support for Spanish Speakers in America

In October of 2000 in the Mexican newspaper Siglo he "spoke of the deep cultural and linguistic loyalty of Mexicans and other Hispanics who emigrate [most entering illegally] to the United States. Because of this loyalty, asserted Fox, each Hispanic immigrant [both legal and illegal] is 'an important agglutinative element of his brothers in the exterior' [outside of America]." (26)

An interesting word 'agglutinative' . . . it means "sticking together" or "joining together." What is Fox trying to convey? Did he mean that Mexicans should remain linguistically separate from English speaking Americans as an expression of their allegiance and loyalty to Mexico? Or, did he mean for them to stick together in

Spanish speaking enclaves balkanizing our cities and towns? Perhaps he meant BOTH. His final words might give us a clue: "Besides, to continue speaking Spanish in the United States is to 'hacer patria' . . . which means to 'be patriotic' or 'do a patriotic duty'."⁽²⁶⁾ Get the message?

Do you understand now how insidiously the Mexican government has been waging their *de facto* war using its 'migrant army' to invade, colonize and reconquista America? Part of the plan is to NOT assimilate, but to overwhelm our English language and to dominate both culturally AND linguistically. How they must be laughing at us brainwashed, sensitivity-trained, pc'd (politically castrated), multi-culturalized, Pavlovian, naive and trusting Americans.

For further proof of Mexico's nefarious plot -- in July 2001, according to El Imparcial: "The Mexican writer Elena Poniatowska affirmed today that Mexico is presently recovering the territories lost in the past to the United States, thanks to emigration. The people of the poor, the lice-ridden and the *cucarachas* [cockroaches] are advancing in the United States, a country that wants [is being coerced] to speak Spanish because 33.4 million Hispanics [continue to arrogantly] impose their culture [and their Spanish language upon America]"⁽²⁶⁾

Our Government Continues to Abdicate its Constitutional Responsibilities

- Article IV, Section 4 of the US Constitution states: "The United States shall guarantee to every State in this Union a Republican Form of Government, and shall protect each of them against Invasion . . ." This is not being done!
- Members of our Congress take an oath of office, to "preserve, protect and defend our Constitution." They are responsible for ensuring the enforcement of our laws and do not honor their oath!
- The Constitution states that the President of the United States "shall take care that the laws be faithfully executed." He has not and does not enforce our immigration laws, except selectively and narrowly for show!

This nation dividing insanity of proliferating bilingualism is found at all levels of our government. It is governmental corruption to accede to every whim and demand for Spanish language everywhere and everyplace. It is a corruption that is paving the way for the cancer of bilingualism to spread. You will learn who, where and how Spanish language demands are being endorsed and enforced by our government who is complicitly 'aiding and abetting' Fox's massive invading 'migrant army' of illegal aliens. These linguistic supportive acts are facilitating their presence by inducing them to enter and encouraging them to continue to reside here in direct violation of our immigration laws.

What IS 'Aiding or Abetting?'

To 'Aid or Abet' is to actively, knowingly, or intentionally assist another person in the commission or attempted commission of a crime, such as illegally entering our country without our permission or knowledge, housing them, transporting them, or employing them.⁽²⁷⁾

The Law: 1. It is 'aiding or abetting' to "encourage or induce an alien to come to, enter, or reside in the United States, knowing or in reckless disregard of the fact that such coming to, entry, or residence is or will be in violation of law." 8 U.S.C. § 1324(a)(1)(A)(iv).⁽²⁸⁾

2. It is 'aiding or abetting' to "conceal or attempt to conceal, harbor, or shield from detection, illegal aliens, including any building or any means of transportation." 8 U.S.C. § 1324(a)(1)(A)(iii).⁽²⁸⁾

3. It is also 'aiding or abetting' to "engage in any conspiracy to commit any of the preceding acts." 8 U.S.C. § 1324(a)(1)(A)(v)(I).⁽²⁸⁾

4. It is a felony to 'aid or abet' in the commission of the above acts. 8 U.S.C. § 1324(a)(1)(A)(v)(II).⁽²⁸⁾

Note: A Felony Occurs when the specified crime carries a penalty of more than one year in prison.⁽²⁹⁾

Note: For ALL the crimes listed above the maximum penalties range from five to twenty years for EACH VIOLATION, where sentences of more than five years indicate additional aggravating circumstances.

Note: Recent class-action lawsuits have been brought by ordinary citizens against those who 'aid and abet' illegal aliens, under RICO the Racketeer-Influenced and Corrupt Organizations statutes. A significant event because it can mean the awarding of treble damages for the plaintiffs.⁽³⁰⁾

Poll after Poll Arizona and Americans want our laws enforced. \$2.7 billion annually in Arizona to educate, medicate and incarcerate illegal aliens. They commit violent crime 3

times above any other demographic. Jobs taken from Americans (a 26 year high in unemployment, Each elected man and woman swore to represent their constituency and uphold the Constitution. Sadly today, the many of these elected officials are in violation of their oath of office, with severe consequences to their law-abiding constituents. It's time for our leaders to stand up and establish immigration policy that is fair to the taxpayers and perform the duties of their sworn office.

March 15, 2011

Dear Senator Russell Pearce,

I am compelled to write to you about a recent event that occurred to me. I currently work as a substitute teacher in the west valley areas of Phoenix, Glendale, and Peoria. I was called upon to teach history and language arts for 8th grade at a Glendale public school. The number of students I had in each class ranged from 28 to 38 children, which were almost all Hispanic and a couple of Black children. The day started out as usual turning on the television listening and watching the announcements and saying the Pledge of Allegiance. During the Pledge of Allegiance I notice the vast majority of students refusing to stand and say the pledge. I asked the students why they refused to say the Pledge of Allegiance and they responded by saying, "we are Mexicans and Americans stole our land."

The teacher's instructions were for the students to read a few pages and answer the questions regarding Mark Twain in their history textbook and to finish their final drafts to Senator Steve Gallardo thanking him for his position on Illegal Immigration rights. Their teacher apparently had showed them a video with Senator Steve Gallardo and Lou Dobbs. Most of the students came unprepared for class not possessing paper and pencil. I provided the students with paper and pencils only to have them wade-up the paper and throw it at each other along with their pencils.

The students' final drafts that I read were basically the same. Most of them stated they were in the country illegally, White Americans are racist, and that they came here for a better life. I asked the class if America adopted Mexico immigration laws would Americans still be consider racist? That question they could not answer and called me a racist for asking it. I mentioned that my wife and children are Hispanic so how could I be racist?

I asked the students to stop speaking Spanish in class because it was impolite to speak a language in front of people who may not speak that language. Their response was that Americans better learn Spanish and their customs because they are taking their land back from us.

When it came to completing the Mark Twain assignment only 10 students completed it out of all my classes.

Exhibit E-24

Most of the students refused to open the book, tore the pages out of the book, or threw the textbooks at each other. I thought are these the students we are trying to educate with taxpayers money. I have found that substitute teaching in these areas most of the Hispanic students do not want to be educated but rather be gang members and gangsters. They hate America and are determined to reclaim this area for Mexico. If we are able to remove the illegals out of our schools, the class sizes would be reduced and the students who wanted to learn would have a better chance to do so and become productive citizens.

I applaud and support your efforts to stop this invasion into our state and country. When the citizens of a country are forced to speak the invaders language, adopt their customs, and forced to support them, are we not a conquer nation? I do not want to see our state and nation turned into a third world country. Thank you for standing up to this invasion. You may contact me by phone, e-mail, or mail. Thank you, again.

Sincerely,

Administrator

Subject: SB 1070 SUPPORT

06 July 2010

Senator Pearce,

I would like to extend a sincere appreciation for all you have done in regard to securing the rights of legal Arizonans and protecting them from having to support anyone who is in our state illegally. I fully support your campaign to secure our state against the illegal "invasion" we have been experiencing for far too long. I am sickened by the nonexistent regard and concern for LEGAL American citizens and the continued protection of ILLEGAL persons as made a priority of the Obama Administration. As a native Arizonan for all of my 23 years, my tax dollars have been supporting illegal immigrants for nearly a decade. Now a recent college graduate, I would like to establish my professional career in the state that has granted me that education, but I will not do so as long as my citizenship is disregarded. I would be proud to help the Arizona economy re-establish itself, but I have no intention of allowing myself and my dedicated labor to be taken advantage of any longer. You have proven a maverick of our state and of our times and you have provided the voice for those of us who are continually unheard.

I would like to offer my counter opinions to those who are not in support of or who have reservations about SB 1070, as well as to provide a basis of support for those who actually value their citizenship:

1. In regard to the accusations that this law will lead to racial profiling: Nearly ALL of illegal immigrants in the state of Arizona are of Hispanic descent, so while our police force will not be specifically targeting them, everyone should be very much aware of the fact that the odds of an illegal immigrant being Hispanic far outweigh those of him being of another race (given the statistical analysis of the situation, as I have done). We're having problems with our MEXICAN border, not our Canadian border or those of the Atlantic or the Pacific. People need to realize that the influx of Hispanic illegal immigrants has caused this problem, not the Germans, the Finnish, the Columbians, the Nigerians or the Japanese. IT CANNOT BE DEEMED "RACIAL PROFILING" WHEN ONLY ONE RACE IS RESPONSIBLE FOR ESCALATING THIS PROBLEM. I have not once heard on the news or read in the newspaper of a crime being committed in Arizona by an illegal immigrant other than one of Hispanic Descent.

2. In regard to the Federal Government (and every other organization filing a law suit): The power hungry Obama Administration is terrified of losing control and actually having a state stand up for

Exhibit E-25

itself. We are our own entity, a part of a whole, and we deserve the right to protect our citizens when the Federal Government has consciously failed to do so. Lawmakers are so concerned about losing the Hispanic vote if a law such as SB 1070 is passed, but they obviously couldn't care less about losing the votes of everyone else if a law like this ISN'T passed. If the Hispanic vote is riding on this issue alone, sadly they are uninformed voters because they obviously value illegal immigrants more than they do the morals of their own country (USA).

3. There is no basis for a case of SB 1070 being unconstitutional. In Article I, Section 8, Part 4, the Constitution grants Congress the power "to establish an uniform Rule of Naturalization." Illegal immigrants are therefore not authorized rights of the United States because they do not adhere to the Congressionally administered Rule of Naturalization.

4. Article IV, Section 4, states that, "the United States...shall protect each of them [States] against Invasion." With nearly half a million illegal immigrants currently residing in the state of Arizona (with that number increasing each day), as well as the drug related and human trafficking occurring on a daily basis, the state of Arizona is being invaded, albeit not by a foreign state, however that does not absolve the Federal Government of its responsibility to protect its states (Arizona) from Invasion.

5. The Constitution does not state that the Federal Government has the pre-emptive responsibility for the enforcement of immigration, therefore Amendment X protects SB 1070 by stating that, "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

6. The Supreme Court case *Gibbons v. Ogden*, 1824, set the precedent when federal and state laws are in conflict, the federal law is supreme, however this case dealt in matters of interstate commerce. Therefore, with no precedent dealing with the security and well-being of citizens of a state, the "Supremacy Clause" should not be taken as fact in an unprecedented situation. The state of Arizona knows its citizens better than does the Federal Government and we have had to live in the unsafe environment that illegal immigration has created. The rights of Arizona's citizens are being given to illegal immigrants with none of the responsibilities required of legal citizens. In essence, it means nothing to be a legal citizen of Arizona, when half a million illegal immigrants still get health care, public education and jail time without having to pay taxes or support the economy in any way. With one hundred percent of their incomes put directly into pocket, Arizona's debt continues to grow at the expense of taxpayers.

7. The influx of illegal Hispanics in Arizona is negatively impacting Arizona's education system. As a result, public schools are being forced to increase the number of ESL classes at the expense of courses designed for college bound students. In my personal high school experience, I had to take the majority of my Junior and Senior level coursework at various community colleges, simply because my school had eradicated basic Physics, Calculus and French classes in order to accommodate for more ESL classes for students with undocumented parents. I fear that Arizona is becoming far too accommodating of students who are unprepared for our educational system than to students who are

Exhibit E-25

regrettably becoming increasingly unprepared for any dose of higher education. With the worsening of Arizona's educational system, it comes as little surprise that the Arizona economy is among the worst in the nation.

I will continue to support SB 1070 as strongly as I can. Thank you, Senator Pearce, for reflecting the views of a large number of Arizonans on the issues of illegal immigration and amnesty. It is comforting to know that someone with enough influence to make change is attempting to do so for those of us Arizonans who have actually earned our rights.

With great sincerity,

Samantha Abraham

I just wanted to take time and say THANKS for all you have done to stop the flow of illegals coming into our state , I was raised in southern AZ, and still think of that area as home . My parents still live down there in Cochise county and being elderly it worries my sister and I due to the flow of them . My niece has up to 20 daily walking through their property .. This has to stop .

It breaks my heart hearing news from my parents of how Mexico tells us dumb white folks we are taking back AZ, CA, and New Mexico .. But it rages me when hearing how my dad went to Douglas,AZ to the S.S. Office and how our own government office was flying a Mexican flag not an American flag . Needless to say my dad gave them a piece of his mind .. Our country is slowing dying and a new MEXICAN place is being born . Going into J.C.Penny's , K-Mart and even Wal-Mart and hearing Mexican music playing just brings my blood to a boil .. I'm not a raciast , but fill you come to our country speak English , if we go there they sure do not bow down to us . They do not make us press one for English. . I've been to 1 town that is 90% illegals and no one enforces and deports due to thinking no USA born will do there job . Please keep my beautiful State I love so much safe and free of illegals regardless where they come from

Dear Senator Pearce,

I listen to KFYI regularly and have twice heard your position on illegal immigration (spell that invasion) and was thrilled to see a politician, FINALLY, stand up, and call the situation for what it is. (The ACLU, if I may be blunt, be damned.) You properly, and accurately, articulate the threat to our nation of the mass influx of an uneducated and illiterate people who, from what I see in my working experience with them (I am in medicine, have absolutely no interest in becoming a part of this country. Rather they are here for whatever they can get. They use the leftist cry of "Racism" and "Racial Profiling" as a scare tactic to mitigate/deflect any opposition to their illegal entry. Parenthetically I am sick of the race card non-sense. Illegal immigrants ARE Mexican. They use that device to hide within the Latino community and then claim racial profiling when they are found out and deported. (If the Latino community is so law abiding and want to do their part to prevent racial profiling why don't THEY turn over the illegals to the authorities.)

Senator I *would really like to know* why these people are entitled to ANY support in terms of medical care, education, housing, food stamps, and transportation. Our state, to say nothing of our nation, is facing financial ruin and we simply cannot afford the luxury of supporting a parasitic population of people who have no right to be here in the first place. (By the way is it true that illegal aliens are entitled to social security benefits? I've been told that they are but can't find a source to confirm or refute this) May I also say that I personally resent my tax dollars used in their support; especially when I see AMERICAN patients who desperately need help but cannot get it because some illegal Mexican has gotten it first. Why are these people treated preferentially? I've read Mexico's immigration laws and they are clear as to what is and is not allowed and those laws are enforced. By the way I agree with them!

I believe that I have a rather clear understanding, but please do correct me if I'm wrong, as to how this situation arose. First, the business community found illegals to be a cheap source of labor that would maximize the profit to expense ratio. Paying substandard wages, no benefits and no social security taxes, offered enormous incentives to use the Mexican illegals.. If the worker protested he could be dismissed and easily replaced; the worker knowing that his illegal status precluding seeking legal recourse. This action smacks nothing less than indentured servitude which, if I recall, is illegal in this country. I wonder how enthusiastic business would be if they had to pay Mexicans on par basis with American citizens? I suspect that "support" for the illegals would dry up rather quickly. Another reason that Obama, via Home Land Security, has opened the gate and will push for legalization, is that the democrats will then have a voting block of 11 million people who will vote for Obama without question. Senator that- must- not-happen!

Thank you for letting me air my thoughts and that brings me to my last point. You have my complete support in your efforts and I would like to be of whatever help I can in furthering your work on our behalf. You have my e-mail address so please don't be shy in asking for my help.

Yes, I'm only a single "raindrop" but a lot of little rain drops creates a river.

In conclusion I want to thank you sir for your efforts on behalf of our state and our nation. God bless you in the task before you!

I am, most respectfully yours,

Subject: I removed his name, but this is typical of calls and e-mails and comments across this state on a regular basis.

Poll after Poll Arizona and Americans want our laws enforced. \$2.7 billion annually in Arizona to educate, medicate and incarcerate illegal aliens. They commit violent crime 3

times above any other demographic. Jobs taken from Americans (a 26 year high in unemployment, Each elected man and woman swore to represent their constituency and uphold the Constitution. Sadly today, the many of these elected officials are in violation of their oath of office, with severe consequences to their law-abiding constituents.

It's time for our leaders to stand up and establish immigration policy that is fair to the taxpayers and perform the duties of their sworn office.

March 15, 2011

Dear Senator Russell Pearce,

I am compelled to write to you about a recent event that occurred to me. I currently work as a substitute teacher in the west valley areas of Phoenix, Glendale, and Peoria. I was called upon to teach history and language arts for 8th grade at a Glendale public school. The number of students I had in each class ranged from 28 to 38 children, which were almost all Hispanic and a couple of Black children. The day started out as usual turning on the television listening and watching the announcements and saying the Pledge of Allegiance. During the Pledge of Allegiance I notice the vast majority of students refusing to stand and say the pledge. I asked the students why they refused to say the Pledge of Allegiance and they responded by saying, "we are Mexicans and Americans stole our land."

The teacher's instructions were for the students to read a few pages and answer the questions regarding Mark Twain in their history textbook and to finish their final drafts to Senator Steve Gallardo thanking him for his position on Illegal Immigration rights. Their teacher apparently had showed them a video with Senator Steve Gallardo and Lou Dobbs. Most of the students came unprepared for class not possessing paper and pencil. I provided the students with paper and pencils only to have them wade-up the paper and throw it at each other along with their pencils.

The students' final drafts that I read were basically the same. Most of them stated they were in the country illegally, White Americans are racist, and that they came here for a better life. I asked the class if America adopted Mexico immigration laws would Americans still be consider racist? That question they could not answer and called me a racist for asking it. I mentioned that my wife and children are Hispanic so how could I be racist?

I asked the students to stop speaking Spanish in class because it was impolite to speak a language in front of people who may not speak that language. Their response was that Americans better learn Spanish and their customs because they are taking their land back from us.

When it came to completing the Mark Twain assignment only 10 students completed it out of all my classes.

Exhibit E-29

Most of the students refused to open the book, tore the pages out of the book, or threw the textbooks at each other. I thought are these the students we are trying to educate with taxpayers money. I have found that substitute teaching in these areas most of the Hispanic students do not want to be educated but rather be gang members and gangsters. They hate America and are determined to reclaim this area for Mexico. If we are able to remove the illegals out of our schools, the class sizes would be reduced and the students who wanted to learn would have a better chance to do so and become productive citizens.

I applaud and support your efforts to stop this invasion into our state and country. When the citizens of a country are forced to speak the invaders language, adopt their customs, and forced to support them, are we not a conquer nation? I do not want to see our state and nation turned into a third world country. Thank you for standing up to this invasion. You may contact me by phone, e-mail, or mail. Thank you, again.

Sincerely,

Administrator

Dear Russell Pearce

It's clear to everyone we are going to get no where trying to cooperate with the feds on illegal immigration, this might be the time for AZ to defy and sue the feds and see what happens, you have most of the country behind you.

The country is at stake, in 50 years there will be no white people living here, this is an out right assault against white people, we need to stand up and start fighting if need be.

Have you noticed the only people protesting are mexicans, most of us for the rule of law, stay at home and off the cameras, but that doesn't mean we don't exist.

Subject: Illegal invasion of the State of Arizona

Dear Senator Pearce,

Thank you for your service to our Nation and the State of Arizona. You are a true dedicated American patriot.

The massive invasion of the army of illegal immigrants of mainly Mexican nationals is unacceptable. With it comes the drug cartels who soon will be "donating" money to Democratic office seekers or killing elected officials. Home invasions,, robberies, rapes, kidnapping and other crimes are all part of the invasion and we can expect much more from south of the border. As the numbers increase and no work is available, they will turn to crime.

The partial solution by the passage of a bill requiring ID, did not go far enough and provided the democrats with a cry of racial profiling .

Lets rewrite the bill and require all citizens of Arizona to carry a state issued ID card. The license bureau is set up to issue these ID cards and I keep mine with me all of the time. It is small price to pay for a "Illegal immigrate free State" I would consider it an honor to be racially profiled and would be happy to have a officer request it.

If this invasion continues, it is just a matter of time before our resources are drained and we will become a state in Mexico which is what the La Raze group want. . The filth, corruption disease and death will become our heritage --(We are still recovering from the dirty water from a recent trip to Mexico).

We have friends of Mexican decent and they are wonderful decent people who are legal citizens. This is not about race, it is about an uncontrolled invasion which is occurring on our southern border with the blessing of the Democratic party. This should be our battle cry and they must be defeated

How many amnesties' must we have before we are forced to speak Spanish

Regarding the invaders, all anchor babies and children of illegals should be required to pay for their public education, their hospitalization and any other state services. .These child upon reaching legal age should be required to serve in the armed forces for two years or in community works or on the farms. No illegal should

Exhibit E-31

be allowed to send money out of the country

Regarding, language, No classes for Spanish should be paid for by the State Total immersion into the English language should be required and Spanish teachers should be replaced with English teachers All countries with dual languages have gone down hill and it is a form of slavery which is supported by corrupt officials for control.

Illegals entering the country should be required to work on the farms for two before returning to Mexico

Keep the Faith and Lets free Arizona of this cancer on our socieity.

Sincerely,

Dr. William Wright

Is this the United States of America or Mexico? The opposition to SB1070 by illegals is an outrage. The stalling tactic by our Governor is appalling. We want our country back. Send the illegals back to wherever they came from. As to the hundreds of students who walked out of class today, they should be suspended (probably children of illegals because some were carrying Mexican flags). We don't care what others outside our state think. I hear mexicans came here from LA. Arrest them, there probably illegal too. WE'RE FED UP!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

It's about time!!!
Kudos to you Pierce!

I am a Native American/English-Republican from an old Arizona (Camp Verde) Pioneer family (Wingfield Family/England/Virginia/ Arizona) who has personally experienced discrimination since the barrage of illegals have entered in swarms, into OUR COUNTRY.
(I am a Native Phoenician since the 1960's and 1950's Flagstaff area)

Regarding employment within our State. (My son & myself our College Graduates (ASU, PHX. College) 1. I don't speak Spanish took FRENCH 2. Son is unable to get a job because he does not speak SPANISH We are Native Americans, educated, who speak ENGLISH very well and are UNABLE to get a job in our own country because of preference for Spanish speakers. There is something very very wrong with this picture.

Everything in this city is SPANISH!

I am sick of it

The Illegals/Spanish treat me with disdain if I do not speak Spanish. I have now resorted to wearing my Native American jewelry, tee shirts, and other clothing so that they get the picture I am not Mexican, but a proud and rightful indigenous citizen of AMERICA!

I drive down the road their is no proper decorum while driving in traffic-MEXICAN MUSIC IS BLASTING, who wants to listen to that garbage. (We need to propose a bill that regulates music/sound levels w/in vehicles to where it is only confined to easy listening levels, not to the point of intrusion and vibrating speakers all around)

Their men in the market look as if they want to jump you. They are not gentlemen!

The street and public places feel unsafe for single women.

I have worked in the social services area for a number of years and found that illegals are receiving State benefits!!! Bleeding the system.

I have been a Native American/Urban single mother for a number of years and have never asked for state benefits such as food stamps or healthcare. I work, work, work, and go to school.

I will be completing my Masters this summer @ ASU.

I was raised to be self sufficient.

Number of Issues/STOP and/or Regulate:

1. Signage in Spanish all around-the City is turning into Mexico, 2. Illegals standing in Walmart parking lots soliciting for work, give the image of prostitutes, 3. Food making stands/Bar-B-Qs on the street corner, heavy smoke/pollution in the air, meat poisoning, several

Exhibit E-33

health violations being committed,
4. Street vendors, in parking lots, highway-access roads, street corners,
garage sale/clothing set ups anywhere
(i.e. 21 st./Roosevelt)

I remember when Phoenix felt clean-Now it is dirty giving the appearance of
MEXICO big time!

Illegals are truly costing the State & Country millions of dollars loss
that could be diverted to its own people.
My belief is we have to take care of own before we spread the wealth, we
are going bankrupt.
The spending has got to stop!

Mexico and other countries need to TAKE CARE OF THEIR OWN!

As a Native American and kin to the first Governor of Jamestown Virginia of
English descent (Edward Maria Wingfield) the time is for AMERICANS to TAKE
BACK AMERICA!

Again, Mr. Russell Pearce
Thanks for keeping up the fight. This is definitely a step in the right
direction to stopping the illegals who have come to this country with the
mindset of entitlement to seeking automatic civil rights, automatic
benefits, and takeover of OUR COUNTRY!!!

Respectfully,

We have several more murders and deaths by illegal aliens since I wrote this, including in one weekend (two weeks ago) two more police officers shot one died (executed) and a couple murdered by their landscapers and then they attempted to escape across the border into Mexico.

GUEST OPINION**State Rep. Pearce Defends Actions in Defense of National Sovereignty**

*By State Rep. Russell Pearce
 August 6, 2006*

I have a hard time understanding why folks like Gary Nelson (**Enough (Misinformation) is Enough: Toward A Rational Response To the Immigration Problem**) stand up for criminals (illegal aliens) and want to argue with the clear facts. I have always been serious and active in protecting our citizens from criminals. I have spent 30 years in the criminal justice system. As the former chief deputy of Maricopa County Sheriff's Office, in 1993 I authored and built Tent City to make sure there was never a No Vacancy sign up in Maricopa County. If law enforcement really cared about safe neighborhoods and safer streets, they would enforce our laws. Over 4,000 homicide warrants have been issued to suspects who have fled back south across the border. The largest and most violent gangs in America are made up of illegal aliens. Arizona is No. 1 in the nation in crime, Phoenix is the fifth-most likely city to be murdered in in America and in part because of sanctuary policies like in Phoenix that restrict law enforcement from enforcing the law they have the inherent authority to enforce. The following list of slain law enforcement officers by illegal aliens does not include the hundreds of homicides, home invasions, car jackings and other violent crimes or the billions in cost to the taxpayer.

Deaths and Maimings of Police Officers in Arizona by Illegal Aliens

Officer Kenneth Collings of the Phoenix Police Department was killed in 1988 during the arrest of two robbery suspects at a local bank when one opened fire. One of the robbers, Ismael Conde, was quickly arrested but the other, Rudy Romero, escaped to Mexico. Romero was caught in southern Mexico in 2000 and brought back to stand trial. The Arizona Attorney General's Office credits help from the Phoenix Police Department, the FBI, the attorney general for the Republic of Mexico, and the Mexican Federal Agency of Investigation — a rare and welcome act of extradition from our southern neighbor. In March 2003, Romero was sentenced to 98 years in state prison.

Phoenix Police Officer Marc Atkinson was just 28 when he was shot and killed in a 1999 ambush by an illegal alien from Mexico. Officer Atkinson was a five-year veteran of the Phoenix police force and was survived by his wife Karen, infant son and two siblings. The killer, Felipe Petrona-Cabanas, had a pound of cocaine in his car when apprehended with two other Mexican nationals. The three came from a farming area in the state of Guerrero near Acapulco and said they came to the United States to work

but couldn't find any. A notable detail in the case is how an armed citizen, Rory Vertigan, came to the aid of the shot officer and helped apprehend the Mexicans, who certainly would have escaped over the border if they could have.

Phoenix Police Officer Robert Sitek was shot four times April 12, 2003 during a traffic stop altercation with an illegal alien that became violent. Sitek and his partner David Thwing were on routine patrol when a red truck cut off their squad car, and when the officers stopped the truck the driver began shooting. Officer Sitek was in cardiac arrest by the time he reached the hospital and lost a considerable amount of blood. Shooter Francisco A. Gallardo was a Mexican citizen who had recently completed a seven-year prison term for aggravated assault. He had been deported after his release, but had returned to Arizona. Gallardo was shot and killed as he tried to escape by officer Thwing.

Medical Update, June 5, 2003: Officer Rob Sitek has had a slow but gradually successful recovery from injuries that surely would have been fatal to most. At nearly two months after the shooting, he has pulled out of a three-week coma, is still unable to walk but is determined to do so and eventually return to work.

The murder of Kris Eggle a park ranger in the Organ Pipe Cactus National Monument in southern Arizona on August 9, 2002, was little noted by the media, although the press has paid considerable attention to the deaths of illegal aliens on the border. By contrast, Ranger Eggle was shot down by Mexican drug dealers who were using Organ Pipe as a route for their smuggling. Only 28 when he was murdered, Eggle was a valedictorian and an Eagle Scout who joined the National Park Service because he loved the outdoors. (Organ Pipe is considered to be the most dangerous of the national park system: 200,000 illegal aliens and 700,000 pounds of drugs were intercepted at the park in 2001.) The Eggle family is determined that his death will not be forgotten by working for real border control, including a Washington press conference with Tom Tancredo in the fall of 2002. The Egglers have a family website, www.kriseggle.org, to inform interested parties about what they are doing.

Border Patrol Agent James Epling died in performing his duties along the Mexican border, apparently drowning in the Colorado River in pursuit of several illegal aliens and was last seen along the shoreline as he followed the foreigners. He was the seventh border officer to die in the line of duty in Yuma. Agent Epling was just 24 and was the father of three, going on four. His father-in-law is a retired Border Patrol agent from the McAllen, Texas sector.

Just before disappearing, Epling had pulled a Chinese woman illegal alien out of the river. Three other Chinese were taken into custody the night of the disappearance, along with one Mexican believed to be the smuggler. Although there has been no evidence of foul play actually found, the smuggler can be charged in the death.

Two deputies -- Lew Artsinger Jr. and my son Sean Pearce -- were shot Dec. 16 in Mesa by an illegal alien whom they were trying to arrest while executing a search warrant. Fortunately, both have wounds that are not life threatening, although Artsinger may lose the use of his hand. Pearce was shot in the chest but was protected by body armor; he was hit in the stomach just below the vest. I was in Washington to appear on an immigration panel at the Brookings Institute when I received the news that my son had been shot.

Sgt. Manuel H. Tapia was shot at about 7 p.m. Jan. 7, 1991, in Nogales by a drug suspect. He died at about 1 a.m. Jan. 8, 1991, at Tucson Medical Center. The suspect, Noel Gonzales-Bernal of Nogales, Sonora, Mexico, was fatally shot by a Nogales police officer. The incident occurred in Nogales, about a mile north of the border, after Tapia and the Nogales police officer stopped the suspect's Thunderbird. Upon asking the suspect to open the vehicle's trunk, the suspect fled on foot with Sgt. Tapia chasing him. The suspect then turned and shot Sgt. Tapia. The suspect was then shot. It was later learned that Sgt. Tapia was unarmed, having inadvertently left his weapon in his vehicle.

Officer Robert K. Martin, 57, a 27-year veteran with the Department, was shot to death during a traffic stop on the Beeline Highway on August 15, 1995, about seven miles north of Shea Boulevard. His assailant, Ernesto Salgado Martinez, a 19-year-old ex-convict from Globe, fled the scene and was captured two days later in California. Today, Martinez awaits sentencing after being convicted on Sept. 26, 1997, on one count of first-degree murder, two counts of theft and two counts of misconduct. He was sentenced to death by lethal injection on Aug. 18, 1998, by Maricopa County Superior Court Judge Christopher Skelly.

Agent Richard Fass, 37, of the United States Drug Enforcement Agency, was murdered on June 30, 1994. Agent Fass went to a strip mall in Glendale, Arizona to complete a narcotics transaction. He was shot six times

in the head at point blank range with a .45 caliber handgun. The two shooters were quickly arrested, prosecuted, convicted and sentenced to life without the possibility of parole, plus 55 years. The mastermind of the plot to kill Agent Fass was Augustin Vasquez-Mendoza and the Mexican government refused to extradite him to the U.S. Vasquez-Mendoza is from Mexico.

Agent Alexander Kirpnick, 27, of the United States Border Patrol, was murdered on June 3, 1998. Agent Kirpnick and his partner stopped Bernardo Velardez-Lopez, Julio Cesar Arenas-Hernandez, Manuel Gamez, and Juan Manuel Umares-Rivas, while transporting marijuana in backpacks across a well-known drug corridor west of Nogales. Agent Kirpnick had defendant Velardez-Lopez on his knees and was searching him when two of the suspects broke away from Kirpnick's partner and ran. As Kirpnick became temporarily distracted by the escape, Velardez-Lopez removed a concealed gun and shot Agent Kirpnick in the head. Velardez-Lopez is from Mexico.

A photo of himself reminds Jason Schechterle how he used to look. He suffered fourth-degree burns when his patrol car went up in flames after being struck by a taxi. In May of 2001 Phoenix Officer Jason Schechterle, on the force 13 months, was responding to a hot call from an adjacent precinct. Officers from that precinct were occupied on other calls, so Officer Jason Schechterle took the call himself. With his lights and siren on, he came to a stop at a red light at an intersection under a freeway overpass. As he was preparing to proceed, his cruiser was struck from behind by a taxi cab going 115 mph. His Crown Vic erupted in flames traveled 226 feet and came to a stop about 50 feet from a fire truck across the street. Rogelio Gutierrez, the taxi driver, was an illegal alien who had been cited at least four times for driving illegally. He was an epileptic who had not been taking his medication. Gutierrez was found guilty of assault and currently is spending 12 years in prison. He offered no apology.

In another case of justice denied, the murderer of Phoenix high school student Tanee Natividad merely crossed the border into Mexico to escape law enforcement. A local television station was able to track down the murderer in a bar just a few miles across the border without much effort. Max LaMadrid has no reason to hide because the Mexican government actually helps violent criminals escape American justice. According to then Arizona Attorney General Janet Napolitano, action by the Mexican Supreme Court making it more difficult to extradite criminals has "created an incentive for people to flee into Mexico as a safe harbor." At one time, Mexico would not extradite criminals who might be subject to the death penalty; the Mexican court recently extended this "protection" to any Mexican who might receive a life sentence, thereby giving a free pass to rapists, kidnappers and child molesters. In fact, the investigating reporter found 100 cases of violent criminals from the Phoenix area escaping into Mexico in just the last few years. Meanwhile, the grieving family of 16-year-old Tanee gets no justice — like thousands of others in the southwest.

Another tragic addition to the list of unnecessary deaths caused by violent illegal aliens was the newlywed couple, James and Emilia Lee of Huachuca City, Arizona, who had been married only six weeks. They were killed Oct. 16 when a truckload of at least 17 illegal aliens traveling at 90 mph crashed into several vehicles near the town of Sierra Vista, leaving a horrific scene of carnage. The aliens were trying to escape police after they had run a stop sign, and the truck rammed into a line of nine vehicles waiting for a turn light near Fort Huachuca.

Lee was 75 and his new bride Emilia was 71. The couple had been planning a fishing trip to Mexico with Joe and other relatives. Both James and Emilia were known as neighborly, never hesitating to reach out to help. James often helped out when someone needed a home repair done, and Emilia was an active volunteer for her church. Nearly 300 friends and family attended the services for the Lees held Oct. 21.

Deportation starts with a traffic stop. We also must go after employers who hire illegal aliens. As Disney learned a long time ago, if you want people to go home, shut down the rides.

Local law enforcement has inherent authority to enforce immigration law. Article VI of the U.S. Constitution the "Supremacy Clause" makes it clear, the 5th, 8th, 9th and 10th circuit courts and last year the U.S. Supreme Court in a landmark decision made it clear that locale law enforcement can ask and can act.

Truly this governor is the best friend an illegal alien has. It is a sad day when this governor and the Democrat legislators and a few Republican legislators sides with law breakers against law keepers and citizens. Our elected officials have sworn to protect and uphold the laws and the Constitution.

You want more money in education?
You want safer neighborhoods?
You want reduce the health care crises
You want less congestion?
You want lower insurance auto and health?
You want better wages?

You want to protect limited resources?

You want to protect the environment?
Name the problem and the illegal alien invasion is a major contributor.

Secure the border and enforce our laws

We do not need comprehensive reform, what we need is comprehensive enforcement! When do we stand up for Americans and protect our citizens?

Here in Arizona we spend about \$1.2 billion annually just in K-12 educating over 185,000 Non English speakers (most if not all illegal aliens).

Arizona is No. 1 in crime: a correct correlation to the illegal alien invasion. Phoenix is the fifth-most like city to be killed in. Illegal aliens are responsible for the largest and most violent gangs: (the MS13 gang numbers some 30,000 to 50,000 in over 35 major cities; the 18th Street gang in LA is 20,000 strong).

Huge health care cost, criminal justice cost, filling emergency rooms

I often ask this question of folks: What do the approximately 50,000 people who live in the Sierra Vista area, *and* the approximately 50,000 people who live in the Prescott area, and the approximately 50,000 people who live in the Flagstaff area all have in common – other than living in Arizona?

Well, if you add up all those people *and if* you add the entire population of Mesa, Arizona – that's an additional 400,000-people – if you add them all up – you would *still not have as many people as there are illegal aliens living in Arizona right now!*

The Pew Center for Hispanic research – and this is a relatively liberal group – estimated more than a two years ago that at least 500,000 illegal immigrants live in Arizona.

But that was a couple of years ago. The number now is certainly in excess of 600,000 people (perhaps 1,000,000). We know that atleast 5,000 to 10,000 cross our southern border "daily"!

That's more than one out of every ten people who live in our state!

One out of every 10 people you pass on the road. One out of every 10 people you see at the store; and more than one of every 10 people you see in our classrooms and probably one out of every two in our emergency rooms.

Why the additional numbers there? Because illegals often use our emergency rooms to obtain free primary care; and because generally, the birth rate among illegal immigrants is substantially higher than the population at large. This results in more hospital visits and more children in the classroom.

When do we enforce our laws?

When do we stand up for the law abiding citizen?

When do we stand up for America and the rule of law?

I am not willing to let another 20 years go by waiting on the feds. It is our citizens that are injured and our taxpayers that are impacted severely everyday we fail to secure our borders and enforce our laws. Local law enforcement has "inherent" authority to enforce our laws and the responsibility and we must demand they do so. Sanctuary policies are illegal.

But until the past 30 years, that meant we were a nation of legal immigrants. Legal entrants who would apply for admission, who had a U.S. sponsor who would support them if necessary, or skills, or education, or some money of their own – and often they had all of these things.

Only in recent history has America – and now particularly Arizona -- been flooded with illegal international trespassers, most of whom don't have any of the things I just mentioned.

They sneak across the border hoping for a better life, but immediately needing free health care, free education, and free government support if they can get it and usually do get it. A new federal report show only 4 states verify eligibility before you get Medicaid (in Arizona it is AHCCCS) a \$5 billion program with more folks enrolled in AHCCCS than all of K through 12.

But those things aren't free. We pay for them. Right here in Arizona the average legal family pays at least an extra \$2,000 every year to support illegal immigrants and another \$2000 in taxes to make up for the over \$300 billion in unpaid taxes by the underground workforce that don't pay taxes and still use services such as education (\$8500 annually per child) not including ELL. And those are just the direct expenses. They don't include the cost of increased crime, education, increased car insurance, and other direct, but non-governmental expenses.

This is legislation I ran this year (some of it I have introduced several years in a row); What is in the legislation? \$160 million for border security and enforcement (the governor vetoed the bill):

Employer Sanctions (fifth year I have introduced this)
Elimination of ALL "illegal" Sanctuary Polices (second time)
Border Radar/Infrastructure (\$50 million) (first time)
Funds the National Guard on the Border (\$10 million)
\$56 million for Grants to Local Law Enforcement to help in Jail cost and Enforcement efforts \$20 million to expand GILTEM to add 200 officers to go after gangs, illegal aliens and border security

Create an additional state crime for illegal aliens to enter or remain in Arizona (permissive for law enforcement/an additional tool)
Stops frivolous law suits by illegal aliens against U.S. Citizens
Southern Arizona Crime Lab (\$14 million)
One must remember this is the governor that met with Mexican Officials before she took office promising a Driver License to "illegals"

This is the governor that marched in the streets against Protect Arizona Now (Prop. 200) that was to protect the integrity of our elections and stop welfare fraud.

This is the governor who has vetoed "nine" bills to enforce our laws against illegal aliens

This is the governor that declared a State of Emergency back in August of '05 and did not put one additional guardsman on the border.

This is the governor that continues to make drive-by statements about border security and then refuses help secure the border or enforce the law.

This governor uses fallacious and misleading statements to justify her vetoes. This invasion across our border is causing billions of dollars to the taxpayer, 185,000 non English speakers in our K-12 at over \$1 billion cost to taxpayers, health care cost, criminal justice cost, largest and most violent gangs in American (MS13 (30 to 50,000), 18 street gang over 20,000), Arizona is #1 in crime in the nations a direct correlation to failed border security and "illegal" Sanctuary Policies local police chiefs, sheriffs and politicians.

This governor ignores that damage to this nation, the cost to the taxpayer and impact on our neighborhoods as she continues her proven history of being the best friend of "illegal" aliens. She is purposely misleading and completely wrong in saying that the illegal immigration bill "indemnifies" employers.

House Bill 2577 calls for strict employer sanctions as allowed by federal law. Federal Law prevents states from adding employer penalties to the front end, but does allow for the suspension or revocation of business licenses for offending employers. Our bill goes as far as federal laws allow. There are many in the business community who oppose this bill because they believe it goes too far. Here is what it requires:

Mandatory audits

Mandatory use of the Basic Pilot Program for all state agencies and those who contract with the state

Possible revocation or suspension of license for any one who "knowingly" hires illegal aliens

Mandatory jail time for repeat offenders

Must terminate and report any illegal aliens to ICE

Requires the AG to enforce the provisions

Large fines for each violation

Goes after employers who pay under the table or fail to report employers

This is all in addition to federal penalties:

Regarding the trespass provision, again the governor is wrong and simply refuses to allow "true" enforcement of "illegal" activity. On several occasions I have explained to you in detail how the trespass provision of this bill is meant to be used as another tool for local law enforcement. It is constitutional, and the fact that Democrats on the border oppose this bill and support a Democrat governor should come as no surprise to anyone. I suggest that their opposition is political, not practical.

The governor claims that this has been "a political game" rather than "a serious effort to protect the border. This governor is the one playing politics. She is the one not being serious about border protection. Since her declaration of an emergency on our border last August—that's 10 months ago—she has done nothing to secure our borders. In this legislative session alone she has three times vetoed legislation to secure our borders, she continues to hide behind federal inaction, and now claims we have to wait for Congress to act—whenever that will be.

Simply, she is not serious about border security and enforcement of our laws.

These points are to rebut various claims local law enforcement makes in opposition to a more active role by local law enforcement in helping stop illegal immigration.

The claims come from letters (she requested) sent to by some law enforcement chiefs who refuse to enforce our laws and urging the Governor Napolitano to veto HB2577, the comprehensive enforcement legislation;) the 5/19/06 letter signed by various County Attorneys and County Sheriffs from southern Arizona; and 2) the 5/22/06 letter from the Arizona Association of Chiefs of Police.

Claim #1: The bill requires law enforcement agencies to enter into Memoranda of Understanding with the federal government regarding immigration enforcement, and the feds don't enter into these agreements and won't provide training.

Reality:

This is patently false.

Florida and Alabama have entered into agreements with the federal government for some of their state troopers to act as immigration officers, and Orange County, California is considering doing it also.

According to the White House, Arizona already has one of these agreements with the federal government, and the federal government is actively seeking out partners to enter into additional agreements under 8 U.S.C. Section 1357 (g).

According to a May 15, 2006 press release from the White House:

"Section 287(g) Of The Immigration And Nationality Act [8 U.S.C. Section 1347(g)] Authorizes DHS To Train State And Local Law Enforcement Officials In Immigration Enforcement So They Can Identify And Process Incarcerated Aliens. DHS is working with State and local law enforcement

Across the Nation to ensure illegal aliens are removed from the United States. 287(g) programs have already been established in Alabama, Florida, Arizona, North Carolina, and California. DHS will work with its State and local partners to expand these programs to increase targeted enforcement and will be requesting \$50 million dollars for this effort along the southern border."

<http://www.whitehouse.gov/news/releases/2006/05/20060515-10.html>

Claim #2: the Ninth Circuit limited the power of local law enforcement to assist with the enforcement of federal immigration law in *Gonzalez v. City of Peoria*, 722 F.2d 468.

Reality:

The *Gonzalez* court held that state and local police have broad powers to make arrests for violations of federal law, and held explicitly that state and local police could make arrests for criminal violations of immigration law.

The U.S. Department of Justice's position, which is the official position of the United States government, is that states and localities can make arrests for criminal and civil violations of federal immigration law.

That local government can assist with enforcement of federal immigration law has been officially sanctioned by various courts and by Congress:

"(g) Performance of immigration officer functions by State officers and employees (1) Notwithstanding section 1342 of title 31, the Attorney General may enter into a written agreement with a State, or any political subdivision of a State, pursuant to which an officer or employee of the State or subdivision, who is determined by the Attorney General to be qualified to perform a function of an immigration officer in relation to the investigation, apprehension, or detention of aliens in the United States (including the transportation of such aliens across State lines to detention centers), may carry out such function at the expense of the State or political subdivision and to the extent consistent with State and local law."

8 U.S.C. Section 1357.

Claim #3: the trespass provision of the bill will overwhelm state and local police departments and will make police departments take resources away from fighting serious crime and devote it to fighting illegal immigration, which is less serious

Reality:

The bill gives police discretion not to prosecute first time offenders.

The notion that police spend all of their time on major crimes is a myth, and any time spent on illegal immigration will take them away from investigating rapes and murders is also a myth. Phoenix P.D. alone charged tens of thousands of misdemeanors in 2005, and thousands of civil traffic offenses. The claim that illegal immigration is a "minor crime" that should be ignored in favor of more serious crimes is a repudiation of the "broken windows" policy of policing (this theory is that if the police ignore less serious crimes it creates an atmosphere of lawlessness that begets more serious crimes) that has proved so effective.

By combating illegal immigration, police will have fewer illegal aliens committing state law crimes to deal with, freeing up resources.

Claim #4: Even if enforced, the trespass law will do nothing to stop the revolving door of illegal immigration, and this law only "delays the inevitable."

Reality:

This is a repudiation of the theory of deterrence. With this logic, we should not punish criminal activity at all, because it is only "delaying the inevitable" as the criminal is likely to re-offend anyway.

Second offenses carry a mandatory prison term of three years, which will be an effective deterrent to this notion

of a "revolving door."

Claim #5: Local law enforcement assisting in stopping illegal immigration will have a "chilling effect" on the local illegal alien community and will prevent victims and witnesses from coming forward to report more serious crimes.

Reality:

Many aliens are afraid to come forward already for fear of being deported. Cooperation of the illegal immigrant community in fighting crime is of dubious value.

For first time offenders, police have the discretion to turn the offender over to the federal authorities.

The federal government often times does not even initiate deportation proceedings against illegal immigrants, so the risk of being deported by coming forward to local law enforcement is questionable.

The bill imposes no obligation on policy to determine a person's immigration status. If a person comes forward as a victim or a witness, there is no obligation on the part of police to ask if that person is illegal or not.

Claim #6: The trespassing portion of this bill will lead to racial profiling

Under the bill, trespassing by having entered the U.S. illegally is a secondary offense. Law enforcement cannot stop to make an arrest or stop a vehicle on suspicion of this offense alone.

Because of treaties that the U.S. has entered into, local law enforcement already has an obligation to inform a foreign government if a national of that country is accused of a crime, so they already have to ask about a person's nationality often times anyway.

No person can be arrested or detained without probable cause or reasonable suspicion. Nothing in this bill changes that.

Claim #7: A New Hampshire trial court has ruled that the federal government has "occupied the field" and left no room for states to act on immigration matters

Reality:

This is laughable considering that Congress and numerous United States Courts of Appeals have stated just the opposite, that there is a role for states to play in helping enforce federal immigration law in *Gonzalez v. the City of Peoria*, a Ninth Circuit case which, unlike a New Hampshire state case, is controlling in Arizona, the court held explicitly that state and local police could make arrests for criminal violations of immigration law.

The U.S. Department of Justice's position, which is the official position of the United States government, is that states and localities can make arrests for criminal and civil violations of federal immigration law that local government can assist with enforcement of federal immigration law has been officially sanctioned by various courts and by Congress.

The Tenth Circuit U.S. Court of Appeals, a much higher court than the New Hampshire trial court, stated it clearly in the case of *United States v. Vasquez-Alvarez*, 176 F3d 1294 (10th Cir. 1999): stated it clearly: "This collection of statutory provisions [8 U.S.C. §§ 1252(c) and 1357(g)] evinces a clear invitation from Congress for state and local agencies to participate in the process of enforcing federal immigration laws."

Claim #8: A class 4 felony for entering the U.S. illegally is too high

Reality:

Under federal law, a person who enters illegally and is deported and then reenters again illegally is guilty of a felony.

The Arizona law is consistent with federal law: first offense is a misdemeanor, second offense is a felony. 8 U.S. Code Sections 1325 and 1326.

WITH ILLEGAL IMMIGRATION BEING THE NUMBER ONE ISSUE IN POLL
AFTER POLL WE CONTINUE TO FAIL TO SECURE OUR BORDERS,
ENFORCE OUR LAWS, PUNISH ILLEGAL EMPLOYERS AND FAILED TO
HOLD DOWN SPENDING AND DEMAND PERSONAL RESPONSIBILITY.

Like you I am devastated at the ignorance shown by our elected officials as they continue to ignore the damage to this great nation and the cost in dollars, crime victims, culture, unsafe neighborhoods and jobs taken from Americans. I, like you am proud to be an American and I am not going to sit by and watch as they sell us out or so concerned about the bottom dollar that we sell out our American principles. Our Founding Fathers, our past and current men and women who are sacrificing for our freedoms must not be ignored. They did not die for open borders.

Add Officer Erfle and Glidewell to this list:

DEATHS AND MAIMINGS OF POLICE OFFICERS IN ARIZONA BY ILLEGAL ALIENS

Officer Kenneth Collings of the Phoenix Police Department was killed in 1988 during the arrest of two robbery suspects at a local bank when one opened fire. One of the robbers, Ismael Conde, was quickly arrested but the other, Rudy Romero, escaped to Mexico. Romero was caught in southern Mexico in 2000 and brought back to stand trial. The Arizona Attorney General's Office credits help from the Phoenix Police Department, the FBI, the Attorney General for the Republic of Mexico, and the Mexican Federal Agency of Investigation — a rare and welcome act of extradition from our southern neighbor. In March 2003, Romero was sentenced to 98 years in state prison.

Phoenix Police Officer Marc Atkinson was just 28 when he was shot and killed in a 1999 ambush by an illegal alien from Mexico. Officer Atkinson was a five-year veteran of the Phoenix Police Force, and was survived by his wife Karen, infant son and two siblings. The killer, Felipe Petrona-Cabanas, had around a pound of cocaine in his car when apprehended with two other Mexican nationals. The three came from a farming area in the state of Guerrero near Acapulco, and said they came to the United States to work but couldn't find any. A notable detail in the case is how an armed citizen, Rory Vertigan, came to the aid of the shot officer and helped apprehend the Mexicans, who certainly would have escaped over the border if they could have.

Phoenix Police Officer Robert Sitek was shot four times 4/12/03 during a traffic stop altercation with an illegal alien that became violent. Sitek and his partner David Thwing were on routine patrol when a red truck cut off their squad car, and when the officers stopped the truck the driver began shooting. Officer Sitek was in cardiac arrest by the time he reached the hospital and lost a considerable amount of blood. Shooter Francisco A. Gallardo was a "Mexican citizen who had recently completed a seven-year prison term for aggravated assault." He had been deported after his release but had returned to Arizona. Gallardo was shot and killed as he tried to escape by Officer Thwing.

Medical Update, June 5, 2003: Officer Rob Sitek has had a slow but gradually successful recovery from injuries that surely would have been fatal to most. At nearly two months after the shooting, he has pulled out of a three-week coma, is still unable to walk but is determined to do so and eventually return to work.

The murder of **Kris Eggle** a park ranger in the Organ Pipe Cactus National Monument in southern Arizona on August 9, 2002, was little noted by the media, although the press has paid considerable attention to the deaths of illegal aliens on the border. By contrast, Ranger Eggle was shot down by Mexican drug dealers who were using Organ Pipe as a route for their smuggling. Only 28 when he was murdered, Eggle was a valedictorian and an Eagle Scout who joined the National Park Service because he loved the outdoors. (Organ Pipe is considered to be the most dangerous of the national park system: 200,000 illegal aliens and 700,000 pounds of drugs were intercepted at the park in 2001.) The Eggle family is determined that his

death will not be forgotten by working for real border control, including a Washington press conference with Tom Tancredo in the fall of 2002. The Eggles have a family website, www.kriseggle.org, to inform interested parties about what they are doing.

Border Patrol Agent James Epling died in performing his duties along the Mexican border, apparently drowning in the Colorado River in pursuit of several illegal aliens and was last seen along the shoreline as he followed the foreigners. He was the seventh Border officer to die in the line of duty in Yuma. Agent Epling was just 24 and was the father of three, going on four. His father-in-law is a retired Border Patrol agent from the McAllen, Texas, sector.

Just before disappearing, Epling had pulled a Chinese woman illegal alien out of the river. Three other Chinese were taken into custody the night of the disappearance, along with one Mexican believed to be the smuggler. Although there has been no evidence of foul play actually found, the smuggler can be charged in the death.

Lew Argetsinger Jr.

Sean Pearce

These two deputies were shot Dec. 16 in Mesa by an illegal alien whom they were trying to arrest while executing a search warrant. Fortunately, both have wounds that are not life threatening, although Lewis Argetsinger may lose the use of his hand. Sean Pearce was shot in the chest but was protected by body armor; he was hit in the stomach just below the vest. Sean Pearce is the son of Rep. Russell Pearce of the Arizona legislature who was in Washington to appear on an immigration panel at the Brookings Institute when he received the news that his son had been shot. Russell Pearce was an active supporter of Prop. 200 which won at the polls in November and requires that voters and would-be welfare recipients show proof of citizenship.

Sgt. Manuel H. Tapia was shot at about 7 p.m. Jan. 7, 1991, in Nogales by a drug suspect. He died at about 1 a.m. Jan. 8, 1991, at Tucson Medical Center. The suspect, Noel Gonzales-Bernal of Nogales, Sonora, Mexico, was fatally shot by a Nogales police officer. The incident occurred in Nogales, about a mile north of the border, after Tapia

and the Nogales police officer stopped the suspect's Thunderbird. Upon asking the suspect to open the vehicle's trunk, the suspect fled on foot with Sgt. Tapia chasing him. The suspect then turned and shot Sgt. Tapia. The suspect was then shot. It was later learned that Sgt. Tapia was unarmed, having inadvertently left his weapon in his vehicle.

Officer Robert K. Martin, 57, a 27-year veteran with the Department, was shot to death during a traffic stop on the Beeline Highway on August 15, 1995, about seven miles north of Shea Boulevard. His assailant, Ernesto Salgado Martinez, a 19-year-old ex-convict from Globe, fled the scene and was captured two days later in California. Today, Martinez awaits sentencing after being convicted on Sept. 26, 1997, on one count of first-degree murder, two counts of theft and two counts of misconduct. He was sentenced to death by lethal injection on Aug. 18, 1998, by Maricopa County Superior Court Judge Christopher Skelly.

Agent Richard Fass, 37, of the United States Drug Enforcement Agency, was murdered on June 30, 1994. Agent Fass went to a strip mall in Glendale, Arizona to complete a narcotics transaction. He was shot six times in the head at point blank range with a .45 caliber handgun. The two shooters were quickly arrested, prosecuted, convicted and sentenced to life without the possibility of parole, plus 55 years. The mastermind of the plot to kill Agent Fass was Augustin Vasquez-Mendoza and the Mexican government refused to extradite him to the US. Vasquez-Mendoza is from Mexico.

**No
Photo**

Agent Alexander Kirpnick, 27, of the United States Border Patrol, was murdered on June 3, 1998. Agent Kirpnick and his partner stopped Bernardo Velardez-Lopez, Julio Cesar Arenas-Hernandez, Manuel Gamez, and Juan Manuel Umares-Rivas, while transporting marijuana in backpacks across a well-known drug corridor west of Nogales. Agent Kirpnick had defendant Velardez-Lopez on his knees and was searching him when two of the suspects broke away from Kirpnick's partner and ran. As Kirpnick became temporarily distracted by the escape, Velardez-Lopez removed a concealed gun and shot Agent Kirpnick in the head. Velardez-Lopez is from Mexico.

NOW - AND THEN. A photo of himself reminds **Jason Schechterle** how he used to look. He suffered fourth-degree burns when his patrol car went up in flames after being struck by a taxi. In May of 2001 Phoenix Officer Jason Schechterle, on the force 13 months, was responding to a hot call from an adjacent precinct. Officers from that precinct were occupied on other calls, so Officer Jason Schechterle took the call himself. With his lights and siren on, he came to a stop at a red light at an intersection under a freeway overpass. As he was preparing to proceed, his cruiser was struck from behind by a taxi cab going 115 mph. His Crown Vic erupted in flames traveled 226 feet and came to a stop about 50 feet from a fire truck across the street. Rogelio Gutierrez, the taxi driver, was an illegal alien who had been cited at least four times for driving illegally. He was an epileptic who had not been taking his medication. Gutierrez was found guilty of assault and currently is spending 12 years in prison. He offered no apology.

In another case of justice denied, the murderer of Phoenix high school student **Tanee Natividad** merely crossed the border into Mexico to escape law enforcement. A local television station was able to track down the murderer in a bar just a few miles across the border without much effort. Max LaMadrid has no reason to hide because the Mexican government actually helps violent criminals escape American justice. According to then Arizona Attorney General Janet Napolitano, action by the Mexican Supreme Court making it more difficult to extradite criminals has "created an incentive for people to flee into Mexico as a safe harbor." At one time, Mexico would not extradite criminals who might be subject to the death penalty; the Mexican court recently extended this "protection" to any Mexican who might receive a life sentence, thereby giving a free pass to rapists, kidnappers and child molesters. In fact, the investigating reporter found 100 cases of violent criminals from the Phoenix area escaping into Mexico in just the last few years. Meanwhile, the grieving family of 16-year-old Tanee gets no justice — like thousands of others in the southwest.

Another tragic addition to the list of unnecessary deaths caused by violent illegal aliens was the newlywed couple, **James and Emilia Lee** of Huachuca City, Arizona, who had been married only six weeks. They were killed Oct.

16 when a truckload of at least 17 illegal aliens traveling at 90 mph crashed into several vehicles near the town of Sierra Vista, leaving a horrific scene of carnage. The aliens were trying to escape police after they had run a stop sign, and the truck rammed into a line of nine vehicles waiting for a turn light near Fort Huachuca.

The photo shows James Lee's son Joe and grandson Christopher. James was 75 and his new bride Emilia was 71. The couple had been planning a fishing trip to Mexico with Joe and other relatives. Both James and Emilia were known as neighborly, never hesitating to reach out to help. James often helped out when someone needed a home repair done, and Emilia was an active volunteer for her church. Nearly 300 friends and family attended the services for the Lees held Oct. 21.

WHERE HAVE ALL THE MEN GONE?

My comments here exclude those men who have stepped forward with incredible courage since 1913 to face this tyrannical government, and like our Founding Fathers, have paid an enormous price both personally and financially. People like Bill Benson, our fine gentlemen down in the great State of Tennessee and too many others to list.

Americans forget that the Founding Fathers were the "moneyed class" back then. They were farmers, merchants and men of means. They had a lot to lose, both in land and gold. Yet, they didn't hesitate to step forward against the most incredible odds to build a free nation, not just for themselves, but for their women and children.

My comments are directed at the men of this country, who over the past decades:

Sit back in their easy chair reading Newsweek or spend their time bare chested at a football game, well filled with suds to maintain those obscene beer bellies, while they have put their wives and children at risk. This nation is being invaded wholesale with illegal aliens who come into this country and kidnap, rape and murder our women and children. Some are caught, most are not. Why do the men turn a blind eye in pursuit of good times?

These same men will go vote for the same politicians, state or federal, over and over, who refuse to stop this massive invasion of our country putting their women and children at risk. These same men continue to idolize their party "leadership," while that same leadership refuses to stop this invasion of global riffraff, turning America into a third world dumping ground. These same men would rather

spend time, not banding together and having a serious discussion with these politicians, but rather put on their expensive gear and go ride their bike up a mountain, see the latest Broadway show or take a day off work to stand in line to buy tickets to the new Star Wars flick. Why is this?

Today the men in this country sit around watching mindless trash like Survivor or Friends on the boob tube, instead of shouting down the roof against state and federal systems that are utterly and completely rotten beyond redemption. Systems and agencies that are putting their women and children into a state of involuntary servitude for all their lives. Instead they sit back with nary a whisper while state and federal judges to uphold this carnage against the people. Why is this?

Black robed judges continue to hand out welfare and benefits to illegal aliens who are legally entitled to nothing but deportation. Instead of holding their elected public servants accountable for this insanity, men just get up in the morning, go to work at the company store, then return home in the evening to their false sense of security. Why is this? Back in 1776, this breed of men would be called cowards.

Today men will spend endless hours with their stamp collection or at the bowling alley while Congress after Congress continues to pass unconstitutional legislation that deprives their women of their God-given rights - all because their "party" says it's good for our "democracy." Why is that?

Today men will ignore the documented truth that the state and federal governments are all in collusion to bring America into a one-world government, but they will believe any lie that comes out of the mouth of their favorite radio talk show host or TV anchorman. Today men are desperately clinging to their comfort zones while their women and children are at risk from a police state being erected around them. Why is this?

Today men will stand for hours on end feeding one-armed bandits in gambling casinos, while the Bush Administration's henchmen (Ashcroft and Mueller) continue to strip their women of their God-given rights, all in the name of "the war on terrorism." They are putting their children at risk by not demanding this government take the necessary measures to clean out the terrorists in this country, both Chinese and middle-Eastern. Why is this?

For decades, America's men think nothing of spending spend lots of money on music CDs or plunking down big bucks to attend concerts or jazz festivals instead of protecting their own families from state predators calling themselves "child protective services." Everyone with children is now a target. Why won't they band together and surround the state capitols and demand that this evil cease? Back in 1787, the men protected their women and children to the death.

For the older men, their grand children are targets of the state. But, these men have already served their country in the military and now it's time to spend their golden years in the Winnebago, they've done their part. After all, at Christmas

they can show the grand children how much they love them by buying them "things" made in foreign countries. Why is this?

Today the men of this country will allow a sleezy, morally bankrupt individual like Bill Clinton get away with treason (selling our most sensitive national defense secrets to the Communist Chinese) because Clinton supports their women's "right" to kill their unborn babies. Back in 1854, this was unthinkable. Today, their blind loyalty is to their political party now instead of what's right. Why is this?

Today men think nothing of sitting down at the local bar every night during happy hour while their women and children are put at risk by agencies like the ATF and FBI making no knock, bust down the door on the wrong house raids, killing innocents inside. It's happened and it will continue to happen. A hundred years ago, this would not have been tolerated in a constitutional Republic because the men would not have stood for it, not for a minute.

While their women and children continue to live in a state of bondage to a tyrannical government, the men simply write checks to the RNC or the DNC, thus encouraging those scoundrels to stay on the same path of the planned destruction of this Republic. By writing a check instead of storming the gates, this gives those men more time for the golf course, doing recreational cocaine or surfing the Internet for countless hours enjoying that great "adult" American pastime called pornography. Their harmless pastime does put their women and children at risk out in society, but they no longer care. Why is this?

While the IRS bleeds a family dry, forcing the woman into the workplace and leaving the children to be raised by strangers, many of whom are pedophiles, the man of the house spends his free time doing the "guy thing" at a NASCAR speedway. Why is this? Why won't these men stand up to this rogue agency called the IRS?

Over the past 40 years, the men of this country have sat back and allowed themselves to be brow beaten into submission and castrated by so-called "feminists" like Rosie O'Donnell and Hillary Clinton (although I defy anyone to show me one single feminine attribute of those females) instead of stand up and saying, "Hell No!"

Hard core feminists aren't out there for equal pay, they're out there to destroy the male and the family unit. How it must gall them that the only way lesbians can "impregnate" their female lovers is artificial insemination by a male sperm.

Over the past 40 years the men of this country have put their material objects and addictions before the well being of the women and children by kowtowing to every special interest group in this country in the name of "political correctness" or for government hand outs. Our nation was built by men who were self-reliant, independent and strong. Today they are tolerant, sensitive and genuflect at the feet of perverts called "gays." Why is this?

The men of this country have laid down their arms in favor of political correctness, declaring open season for two-legged predators on their women and children. Instead of surrounding their state capitols armed to the teeth in defiance of such unconstitutional machinations on the part of cowardly and mentally impaired politicians, instead they grovel on their knees to the likes of Diane Feinstein. This sad state of affairs was unheard of in 1905. Why this inability to resist tyranny now?

PC is a cancer on this nation that has turned a Godly nation into a moral sewer. These men have put their children in harms way via mandatory social indoctrination in the anti-God public school system. Why is this?

The men of this country will go to extraordinary lengths to find the right fishing hole, but they refuse to lift a finger to ensure that their women and children will not be forced into global citizenship under the UN. Why is this?

The men of this country will sit in front of the computer playing games while women and children in different parts of this country are being driven off their land by Nazi-style federal agencies. So what if their fellow countryman will lose his land, his wife and children thrown out into the street? After all, those families in Klamath Falls and too many other places have nothing to do with these other men's lives, so why should they give up any of their free time to stand up to the government to help them? Why is this?

Women in this country spend hundreds of millions of dollars every year on "romance books" whose pages are filled with knights in shining armor and genuine heroes coming to rescue the damsel in distress. Why do you suppose that is?

Why do you suppose the men are allowing their women and children to be put at risk in all the ways described above?

Why are the women the ones out there on the front lines battling this government tooth and nail for our children - ready and willing to die if necessary to protect our own?

Because America has lost it's manhood.

Exclusive: The Truth About 'La Raza'
by Rep. Charlie Norwood ([More by this author](#))
Posted: 04/07/2006

The nation's television screens many days recently have been filled with scenes of huge crowds carrying the colorful green and red flag of Mexico viewers could well have thought it was a national holiday in Mexico City.

It was instead, downtown Los Angeles, Calif., although the scene was recreated in numerous other cities around the country with substantial Mexican populations. Hordes of Mexican expatriates, many here illegally, were protesting the very U.S. Immigration laws they were violating with impunity. They found it offensive and a violation of their rights that the U.S. dared to have immigration laws to begin with.

Los Angeles Mayor Antonio Villaraigosa mounted the podium, but any hopes that he would quiet the crowds and defend the law were soon dashed. Villaraigosa, himself, has spent a lifetime opposing U.S. immigration law.

For law-abiding Americans without knowledge of the dark side of our current illegal immigration crisis, all this is unfathomable. For those who know the truth about the "La Raza" movement, these demonstrations were a prophecy fulfilled.

It is past time for all Americans to know what is at the root of this outrageous behavior, and the extent to which the nation is at risk because of "La Raza" -- The Race.

There are many immigrant groups joined in the overall "La Raza" movement. The most prominent and mainstream organization is the National Council de La Raza -- the Council of "The Race".

To most of the mainstream media, most members of Congress, and even many of their own members, the National Council of La Raza is no more than a Hispanic Rotary Club.

But the National Council of La Raza succeeded in raking in over \$15.2 million in federal grants last year alone, of which \$7.9 million was in U.S. Department of Education grants for Charter Schools, and undisclosed amounts were for get-out-the-vote efforts supporting La Raza political positions.

The Council of La Raza succeeded in having itself added to congressional

hearings by Republican House and Senate leaders. And an anonymous senator even gave the Council of La Raza an extra \$4 million in earmarked taxpayer money, supposedly for "housing reform," while La Raza continues to lobby the Senate for virtual open borders and amnesty for illegal aliens.

The Mexican flag flew over a crowd of pro-amnesty marchers in New York. Marches like this across the U.S. have been supported by the "La Raza" movement. (Reuters/Seth Wenig)

Behind the respectable front of the National Council of La Raza lies the real agenda of the La Raza movement, the agenda that led to those thousands of illegal immigrants in the streets of American cities, waving Mexican flags, brazenly defying our laws, and demanding concessions.

Key among the secondary organizations is the radical racist group Movimiento Estudiantil Chicano de Aztlan, or Chicano Student Movement of Aztlan (MEChA), one of the most anti-American groups in the country, which has permeated U.S. campuses since the 1960s, and continues its push to carve a racist nation out of the American West.

One of America's greatest strengths has always been taking in immigrants from cultures around the world, and assimilating them into our country as Americans. By being citizens of the U.S. we are Americans first, and only, in our national loyalties.

This is totally opposed by MEChA for the hordes of illegal immigrants pouring across our borders, to whom they say:

"Chicano is our identity; it defines who we are as people. It rejects the notion that we...should assimilate into the Anglo-American melting pot...Aztlan was the legendary homeland of the Aztecas ... It became synonymous with the vast territories of the Southwest, brutally stolen from a Mexican people marginalized and betrayed by the hostile custodians of the Manifest Destiny." (Statement on University of Oregon MEChA Website, Jan. 3, 2006)

MEChA isn't at all shy about their goals, or their views of other races. Their founding principles are contained in these words in "El Plan Espiritual de Aztlan" (The Spiritual Plan for Aztlan):

"In the spirit of a new people that is conscious not only of its proud historical heritage but also of the brutal gringo invasion of our territories, we, the Chicano inhabitants and civilizers of the northern land of Aztlan from whence came our forefathers, reclaiming the land of their birth and consecrating the determination of our people of the sun, declare that the call of our blood is our power, our responsibility, and our inevitable destiny. ... Aztlan belongs to those who plant the seeds, water the fields, and gather the crops and not to the foreign Europeans. ... We are a bronze people with a bronze culture. Before the world, before all of North America, before all our brothers in the bronze continent, we are a nation, we are a union of free pueblos, we are Aztlan. For La Raza todo. Fuera de La Raza nada."

That closing two-sentence motto is chilling to everyone who values equal rights for all. It says: "For The Race everything. Outside The Race, nothing."

If these morally sickening MEChA quotes were coming from some fringe website, Americans could at least console themselves that it was just a small group of nuts behind it. Nearly every racial and ethnic group has some shady characters and positions in its past and some unbalanced individuals today claiming racial superiority and demanding separatism. But this is coming straight from the official MEChA sites at Georgetown University, the University of Texas, UCLA, University of Michigan, University of Colorado, University of Oregon, and many other colleges and universities around the country.

MEChA was in fact reported to be one of the main organizers of those street demonstrations we witnessed over the past weeks. That helps explain why those hordes of illegal immigrants weren't asking for amnesty -- they were demanding an end to U.S. law, period. Unlike past waves of immigrants who sought to become responsible members of American society, these protesters reject American society altogether, because they have been taught that America rightfully belongs to them.

bravo! support AUHTM/rep. pearce

MEChA and the La Raza movement teach that Colorado, California, Arizona, Texas, Utah, New Mexico, Oregon and parts of Washington State make up an area known as "Aztlán" -- a fictional ancestral homeland of the Aztecs before Europeans arrived in North America. As such, it belongs to the followers of MEChA. These are all areas America should surrender to "La Raza" once enough immigrants, legal or illegal, enter to claim a majority, as in Los Angeles. The current borders of the United States will simply be extinguished.

This plan is what is referred to as the "Reconquista" or reconquest, of the Western U.S.

But it won't end with territorial occupation and secession. The final plan for the La Raza movement includes the ethnic cleansing of Americans of European, African, and Asian descent out of "Aztlán."

As Miguel Perez of Cal State-Northridge's MEChA chapter has been quoted as saying: "The ultimate ideology is the liberation of Aztlán. Communism would be closest [to it]. Once Aztlán is established, ethnic cleansing would commence: Non-Chicanos would have to be expelled -- opposition groups would be quashed because you have to keep power."

MEChA Plants

Members of these radical, anti-American, racist organizations are frequently smoothly polished into public respectability by the National Council of La Raza.

Former MEChA members include Los Angeles Mayor Antonio Villaraigosa, who was officially endorsed by La Raza for mayor and was awarded La Raza's Graciela Olivarez Award. Now we know why he refuses to condemn a sea of foreign flags in his city. California Lt. Gov. Cruz Bustamante is also a former MEChA member. He delivered the keynote address at La Raza's 2002 Annual Convention.

The National Council of La Raza and its allies in public office make no repudiation of the radical MEChA and its positions. In fact, as recently as 2003, La Raza was actively funding MEChA, according to federal tax records.

Imagine Robert Byrd's refusing to disavow the views of the KKK, or if Strom Thurmond had failed to admit segregation was wrong. Imagine Heritage or Brookings Foundation making grants to the American Nazi Party.

Is the National Council of La Raza itself a racist organization? Regardless of the organization's suspect ties, the majority of its members are not. When one examines all the organization's activities, they are commendable non-profit projects, such as education and housing programs.

But even these defensible efforts raise the question of whether education and housing programs funded with federal tax dollars should be used in programs specifically targeted to benefit just one ethnic group.

La Raza defenders usually respond by calling anyone making these allegations "a racist" for having called attention to La Raza's racist links. All the groups and public officials with ties to the La Raza movement can take a big step towards disproving these allegations by simply following the examples of Senators Byrd and Thurmond and repenting of their past ways.

If they are unwilling to admit past misdeeds, they can at least state -- unequivocally -- that they officially oppose the racist and anti-American positions of MEChA, and any other groups that espouse similar views.

Through public appearances, written statements, and on their respective websites, La Raza groups and allies must:

1. Denounce the motto "For La Raza todo. Fuera de La Raza nada," as repugnant, racist, and totally incompatible with American society or citizenship.
2. Acknowledge the right of all Americans to live wherever they choose in the U.S. without segregation.

10/13/2011

bravo! support AUHTM/rep. pearce

3. Commit to sponsorship of nationwide educational programs to combat racism and anti-Semitism in the Hispanic community.
4. Denounce and sever all ties with MEChA and any other organizations with which they have ever been associated which held to the racist doctrines held by MEChA.
5. Acknowledge the internationally recognized borders of the U.S., the right of the citizens of the U.S. to determine immigration policy through the democratic process, and the right of the U.S. to undertake any and all necessary steps to effectively enforce immigration law and defend its border against unauthorized entry.
6. Repudiate all claims that current American territory rightfully belongs to Mexico.

If the National Council of La Raza, other La Raza groups, and local and national political leaders with past ties and associations with the radical elements of the La Raza movement can publicly issue such a statement and live by every one of these principles, they should be welcomed into the American public policy arena, with past sins -- real or imaginary -- forgiven.

If they cannot publicly and fully support these principles, Congress needs to take appropriate steps and immediately bar any group refusing to comply from receiving any future federal funds. Both the House and Senate should strike these groups from testifying before any committees, and the White House should sever all ties. Both political parties should disengage from any further contact with these groups and individuals.

There are plenty of decent, patriotic Hispanic organizations and elected officials to provide Congress with necessary feedback on specific issues confronting Americans of Latino heritage. Any group or individual who can agree with the simple six points should be welcomed into that fold.

If not, the American people will know there's a wolf in their midst, and take the necessary precautions to defend our Republic against an enemy.

Mr. Norwood, a Republican, represents the 9th District of Georgia.

Dear Rep. Pearce,

Power to you. Hope you can get this passed. There's nothing wrong with presenting blunt, factual versions of history, but the inaccurate, trash talk that passes for history - and recommendations for the future - are something else.

Mexico is a hostile nation, and has many agents in our society. As a direct counterattack a large number of organizations called AMERICANS UNITED TO HALT TOURISM IN MEXICO (AUHTM) has called for a tourism boycott of Mexico. See details at: <http://www.boycottmexiconow.com>

Please forward this to all your colleagues and friends in AZ. Every nail in the coffin helps!

Subject: Arizona legislation will outlaw MEChA and Mexican-American studies

Date: Thu, 17 Apr 2008 12:44:47 -0700

<http://immigrationbuzz.com/?p=2064>

LA VOZ DE AZTLAN
Los Angeles, Alta California
April 17, 2008

Arizona legislation will outlaw MEChA and Mexican-American studies

The Appropriations Committee of the Arizona House of Representatives has approved provisions to a "Homeland Security" measure that would essentially destroy the Movimiento Estudiantil Chicano de Aztlan (MEChA) and Mexican-American study programs in the state's public schools, colleges and universities.

The anti-Mexican provisions to SB1108 were approved yesterday and the bill is now scheduled for a vote by the full House. The provisions would withhold funding to schools whose courses "denigrate American values and the teachings of European based civilization." One section of SB1108 would bar public schools, community colleges and universities from allowing organizations to operate on campus if it is "based in whole or in part on race-based criteria," a provision Rep. Russell Pearce said is aimed at MEChA. Pearce is a Republican and the Chairman of the Appropriations Committee out of Mesa, Arizona.

According to Chairman Pearce, SB1108 would also bar teaching practices that "overtly encourage dissent from American values" such as Raza Studies at the Tucson Unified School District. In addition, SB1108 mandates the State Superintendent of Public Instruction to confiscate books and teaching materials that are deemed anti-American. Chairman Pearce said some of the teaching materials amount to "sedition" by suggesting that the current border between the United States and Mexico disappear with La Raza taking over the American Southwest. One book that would be confiscated mentioned by Pearce is "Occupied America - A History of Chicanos" by Professor Rodolfo Acuna.

RAZA STUDIES BOOKS HAVE QUOTES SUCH AS : "KILL THE GRINGO" AND "THE SUPPORTERS (OF THE "PLAN OF SAN DIEGO) WOULD EXECUTE ALL WHITE MALES OVER AGE 16..." ("OCCUPIED AMERICA" BY RODOLFO ACUÑA, 5TH EDITION). OTHER BOOKS CALL THE SW "AZTLAN" AND SAY THE QUESTION IS IF MEXICANS AND GRINGOS CAN LIVE TOGETHER IN AZTLAN!!!

Date: Mon, 21 Jul 2008

Dear President Shelton:

I was shocked to read about the Transformative Education Seminar for T.U.S.D. teachers held at the University of Arizona on July 15th. That an American University would be teaching teachers techniques to propagandize children Marxist theories is beyond outrageous to me.

As an Arizona grandmother with children in all grades, I am most concerned about the general degradation of our schools, but especially about the Tucson Unified School District. Their blatant disrespect for this country as evidenced by their Raza Studies course that they say they will be teaching to all ages is shocking to me. Our state is already ranked below other states in the successful teaching of the basics necessary for a child to be successful in life: math, reading, writing, science. But to instill divisive and hate-filled Marxist-laden courses in their young and impressionable minds is beyond reason. It is one thing for a school to have a single program on a controversial issue such as Raza studies; however, to make it a standard course of study in a school district to all ages is beyond the pale of free speech—it is pure indoctrination. This course does not encourage thinking and reasoning; it advocates violence. Are Arizona schools now going to become schools of future terrorists with your assistance? Don't you think it is time you brought teachers up to higher standards of excellence in the basics they should be teaching, rather than wasting their time and our money on these courses of dubious worth?

At the very least, did you offer equal time to teach American studies to counter-balance the biased and anti-Americanism taught by the Raza instructors? I have been informed that a group of parents in Tucson asked for a meeting between themselves, the Supt. Of Schools and the Raza Studies leaders. The Raza folks refused to come. Doesn't that speak volumes? If they are unwilling to even discuss the desires of the people impacted by such courses, they have no credibility and do not deserve to be given such free rein in what they do in OUR schools! No group should be allowed to come into American schools and teach anti-Americanism; certainly not Marxism. We, the taxpayers, should not be funding such specious and seditious studies!

I have written to the Arizona State House Speaker, James Weiers, advising him that the state should totally defund the T.U.S.D. school district. If they continue to teach these racist and hate-filled classes, they should not be given any state support. (I would even advocate that they should not receive Federal funding, but doubt we could control that). I would follow up on that recommendation that your institution should also be divested of funding if you continue to try to subvert our culture and values by indoctrinating the teachers of our children.

I would appreciate a response to my concerns.

Sincerely,
Sandra ----
